The Universal Dictionary,

THE BEST DICTIONARY NOW ON THE MARKET.

For \$1.00,
Postage 4c. extra if mailed.

As the language changes and grows, Dictionaries must change and grow with it. Dictionaries made a few years ago, even with frequent revision, fail to meet the needs of to-day. It requires rebuilding to give the proper balance between the words and definitions in use to-day and those of yesterday. Our modern Dictionaries are not called "Webster's" because no dictionary can claim to be modern or useful at the present time which has not been so much changed since the death of Webster in the year 1843 as to render the use of his name as the author of it a misnomer.

The Universal Series of Clear Nuptype School Dictionaries are based upon the foundation laid by Noah Webster and other Lexicographers, modernized by Charles Morris.

In clearness of type and the ease with which the eye finds the word; in simplicity and accuracy of definition; in fulness of contents and logical arrangement, these Dictionaries will be found to excel other works of like purpose.

Among the noteworthy features are the following: Each word is divided into syllables to show the proper syllabification of words. The capitalization of words. All proper words begin with capital letters; common words with small letters.

Synonyms and antonyms are given in the body of the Dictionaries following the definition of the words. The pronunciation of words is shown by a clear and properly accented system of phonetic spelling with key to pronunciation at the bottom of each page.

Each word and its derivatives are defined separately instead of the derivatives being crowded in with the definition; an expedient which saves space but lacks utility.

We have a full series of these Dictionaries in cloth at 75c., \$1.00, \$1.40, \$1.50, and in leather at \$2.50. If you need a Dictionary, now is your chance to get one with all the new words and their meanings.
