Notice to Farmers.

It is possible that the Civil Re-establishment Committee may be looking for a number of farmers in the early part of May who may be willing to take on one or two farmer students for six months. Farmers who are willing to do this patriotic duty to returned men are invited to notify the undersigned at as early a date as possible of their willingness to help the Civil Re-establishment Committee by taking one or more students. They should state clearly what facilities they have for giving the students training, and should state minimum and maximum wages that they are willing to pay for beginners and for men who have had previous agricultural experience. They should also state if they are able to board the students. In each case they should state clearly the terms.

Proposed Industrial School for the Blind.

YESTERDAY'S MEETING.

A representative meeting of ladies and gentlemen interested in the formation of an Industrial School for the adult blind of Newfoundland was held yesterday afternoon in the Board of Trade rooms. Among those present were Mrs. Squires, wife of the Prime Minister, Mrs. G. M. Barr, Miss Furlong, Miss A. Hayward, Rev. Canon Bolt, Sir Joseph Outerbridge, Hon. W. B. Grieve, Dr. Blackall, Messrs. E. A. Bowring, C. R. Steer, H. E. Cowan and R. Dowden.

Hon. W. B. Grieve, who occupied the chair and briefly outlined the object of the meeting, called upon Mr. John Weir, who fully covered the ground, and greatly enthused the meeting. There are about 250 adult blind in this Colony whose lives are miserable, because they are unable to earn their living. This state of affairs will not be permitted to continue much longer, for it is fully believed that the result of yesterday's meeting. There are about 250 adult blind in this Colony whose lives are miserable, because they are unable to earn their living. This state of affairs will not be permitted to continue much longer, for it is fully believed that the result of yesterday's meeting. There are about 250 adult blind in this Colony whose lives are miserable, because they are unable to earn their living. This state of affairs will not be permitted to continue much longer, for it is fully believed that the result of yesterday's meeting.

Mr. Weir truly said the matter is very dear to his heart; for seven years he has been working to bring this about, and it would no doubt have taken practical shape before but for the war. The speaker did not wish to paint a gruesome picture, but he cited one or two instances that made his hearers think. Mr. Grieve read for him correspondence with the Government, in which the Hon. Mr. Squires, on behalf of the Government, promised \$25,000 for construction work and \$10,000 a year for upkeep, providing \$50,000 be raised by subscription. At the close of Mr. Weir's address the following resolution, proposed by Mr. Eric Bowring and seconded by Mrs. Squires, was carried unanimously:

"That it is the opinion of this meeting that the proposition outlined by Mr. Weir is worthy of support, and this meeting pledges itself to use its best endeavours to give effect to it."

Mr. C. R. Steer then proposed and Rev. Canon Bolt seconded this resolution, which was also carried unanimously.

"That this meeting resolves itself into a committee with power to add to its numbers to formulate a plan of campaign to give effect to the object of the meeting and to report upon the return of Mr. Weir to Newfoundland."

Mr. Steer was appointed convener. The meeting then adjourned. Mr. Weir leaves for Halifax by the Rosalind, but will return here by that ship next trip, when the question of site, etc., will be decided. The movement was well launched, and it is one that appeals to all rich and poor, there is no doubt about its success.

College Girls Play Basket Ball.

METHODIST TEAM WINS.

The first girls' inter-collegiate basketball game, between the Methodist College and Bishop Spencer, which was played in Spencer Hall on Friday, resulted in a victory for the Methodist Girls, by a score of 18 to 15. The teams were evenly matched and the game close from start to finish. Not until the last period did the winners get the lead. An outstanding feature of the game was the combination of the Spencer forwards, and had it not been for the alertness of the Methodist guards the game would have been different. The Spencer guards also broke-up the Methodist's combination, but could not stop their sure shots. Both centres played well. The next match is to be played Wednesday afternoon. The following is the line up:—

Bishop Spencer.—Forwards, E. House, E. Scandrett; centre, S. Chalk; guards, R. Woods, I. Rendell. Methodist.—Forwards, M. Fenwick, M. Robertson; centre, M. Lawrence; guards, G. Knight, E. Parkins. The Methodist spares were R. Roberts, J. Parsons, M. Mews, O. Bishop and E. Martin. Spencer spares were M. Huggings, D. Mews, C. Crane and M. Campbell.

Mentholatum

HOW often a small burn bothers you for days—or a little cut or bruise. Apply Mentholatum—its quick healing action brings prompt relief.

Also soothes and softens chapped, roughened hands and cracked lips, stops colds—almost overnight.

Gentle and antiseptic as well as safe and thorough.

Household Notes.

A high-backed settle with a hinged seat makes an excellent wood-box for the living room.

Fortunate indeed is the housewife who has a special cleaning closet for all her cleaning utensils.

Add one-half cup of chopped almonds when mixing bread croquettes. Serve with peaches.

Try using soft, fresh bread crumbs for breading articles to be fried. The crust will be thinner.

To get the print off meal sacks, etc., smear with lard and lay away for a week before washing and boiling.

Soup meats may be highly seasoned and used for made-over meat dishes, but it is not very nourishing.

Individual puddings may be baked in buttered custard cups. Put a little drained fruit in the bottom of each.

Soap should never be applied directly to paint. Wash with a light suds, and use a scouring powder for any spots.

When making pies bake two or three extra crusts, to be filled when desired in the next few days. Of course, these have no tops.

Sew a good, clean holder to each end of a long tape, tie the tape around the waist while cooking, and there will be no search for holders.

A novel way to serve creamed asparagus is to take six state rolls, cut off the tops, remove insides, and crisp in oven. Then fill with hot asparagus, replace tops and serve.

An Awkward Misprint.

The announcement of the marriage of Lady Dorothy Cavendish to Captain Harold Macmillan, a son of the publisher, recalls a good story told by the latter a short while back.

It concerned a well-known author who (said Mr. Macmillan)—in a volume of reminiscences of his mentioned the name of a certain lady, adding that she was "renowned for her graciousness and charity."

The author's handwriting, however, was not of the best, and for "charity" the compositor read "chastity."

On going through the proofs of his book the author recognized at once that there was an error, but unable to remember the word he had used in place of "chastity," marked the proof with what is called a "query"—? to refer to the printer to his MS.

When the book appeared, the writer—who had intended to pay a pretty compliment to the lady—was horrified to read that she was "renowned for her graciousness and chastity (?)"

While M. Clemenceau's mascot is a black cat, M. Deschamps, France's new President, plus his faith to the number 13. "My life," he says, "is simplicity itself. I was born on the 13th. I was married on the 13th and it was on the 13th of January that the chamber declared me a candidate for the presidency."

Land Settlement for Ex-Service Men.

The Government is prepared to consider the question of affording to ex-soldiers and ex-soldiers of suitable character, education and adaptation an opportunity of settling on the land.

The training that would be required of men who would like to take advantage of any scheme the Government may propose would be as follows:

(a) Work on a farm under some approved farmer for the Summer and Autumn of 1920.

(b) Every man who during his summer's work had demonstrated his industry and adaptability to agricultural pursuits would be given an agricultural course in some approved agricultural college, experimental farm or similar institution for the winter 1920-1921.

(c) Every man who had completed the winter's course, and during the course had demonstrated his industry and adaptability to agricultural pursuits would be given work on a farm under some approved farmer for the summer of 1921.

(This second summer on a farm might not be required of men who prior to enlistment in Navy or Army had been practical farmers.)

Men who had by their work and conduct during the above courses demonstrated their industry and adaptability to agricultural pursuits and their ability to earn a livelihood for themselves as farmers would be furnished by the Government with a loan of money on easy terms of repayment to enable them to secure small farms with the necessary equipment and stock to start a farming enterprise.

As it is probable that but few men would be able during training to earn sufficient for their own support and the support and maintenance of their dependents, their wages would be supplemented to a reasonable amount, depending upon the circumstances of each case. "Dependents" would include the wives and children of men married before demobilization.

Until a reliable estimate of the number of men who desire to take up agricultural pursuits under these proposals can be formed, it is impossible to announce details of this agricultural plan.

All ex-soldiers and ex-soldiers who desire to undertake agricultural work this summer intending to pursue agriculture for a livelihood, are requested to make application at once to the Vocational Officer, Militia Building, St. John's, for an application form which must be properly filled in and returned to the Vocational Officer not later than the 30th day of April next.

If any ex-service man has any other proposition for settling on the land that he would like to have considered, he is invited to state it in writing to the Vocational Officer at the earliest date possible, but in any event not later than the 30th day of April next.

This announcement does not necessarily imply that a Land Settlement Scheme will be prepared and announced. The action which will be taken in the matter will depend on the number and nature of the applications.

No man who is physically unable to undertake or is afraid to face the hard work entailed by a training to become a successful farmer need apply.

W. W. BLACKALL,
March 27th, 1920. Vocational Officer,
april 14, 20, 26
