

Obituary.

RICHARD DEVEREAUX.

In the passing of Mr. Richard Devereaux, St. John's absolet an estimable citizen who for a number of years had taken a prominent part in the public affairs of the country. For more than a year he had been ill, and at times there were hopes that he would recover, but the disease from which he suffered overmastered his robust constitution and the end of a well spent life was brought to a close. Richard Devereaux was born in Trepassy in 1864 and sprung from the stock of fishermen who made Placentia and St. Mary's the most important fishing centres on the Southwest Coast. Deceased did not follow in the paternal footsteps, but after a very successful period in St. Bonaventure's College engaged in commercial life and later became accountant with James Ryan, Bonavista, where he served for almost 20 years. In 1908 when the People's Party was called into existence Mr. Devereaux was nominated for that party with the present Judge Morris and W. R. Howley, K.C., for his native district. He went down to defeat in the general election with his colleagues but in the spring of 1909 following the Morris-Bond tie election, he led the poll, his two colleagues also being returned. During the sessions of the parliament which followed to 1913 Mr. Devereaux took a very prominent part in the debates of the House and seeking re-election that year was again returned at the head of the poll. In 1917 he was appointed to the office of Controller, which position with all its difficulties to please and satisfy he filled with general satisfaction. In the latter days of the Academia Club of which Lord Morris, the late John Harris, the late M. W. Furlong and men of their class attended, Mr. Devereaux was a worthy member and in the debating circle had few who could outclass him. In the Benevolent Irish Society he was one of its best speakers and was always looked upon as one who could offer advice or advance an argument or suggestion that would be good for the progress and uplift of the Institution. St. John's has lost a good citizen in his passing and the Dominion one of its most prominent men. A widow, nee Miss Dominey, of

Greenspond, two daughters and two brothers, George and Joseph of Trepassy are left to mourn to whom general and sincere sympathy is extended.

CHARLES DELANEY.

Yesterday there passed peacefully away Charles Delaney, a respected citizen and trustworthy employee of the Reid Ndd. Co. Electrical Department. Twenty years ago, fresh from St. Patrick's Schools, Charlie joined the electrical staff of the Reid Ndd. Co. as assistant at the sub-station on the dry dock. He served for some years in that capacity when he was appointed assistant foreman under Mr. T. Armstrong. When the Angel Building was taken over and the electrical offices and stores were transferred thereto he was appointed foreman of the meter department in which capacity he served faithfully until illness overtook him and he was obliged to retire. Some three years or more he lingered until yesterday the end came. He was a son of the late Mr. P. Delaney, of the Street Railway Dept., who predeceased him about a year ago, and grandson of the late Captain C. Power. A widow, who was a Miss Aiyward, sister of the Messrs. T. and J. Aiyward, well known tailors, and Mr. M. Aiyward of the G.P.O., together with two children, and two sisters, the Rev. Mother at one of the Convents at Arkansas, and Mrs. M. MacKee, at Dorchester, Mass., are left to mourn, to whom the Telegram extends sincere sympathy. Interment takes place from his brother-in-law's residence, Mr. T. Aiyward, Robinson's Hill, on Wednesday at 2.30 p.m.

Big Promenade Concert Prince's Rink.

As will be seen by the advertisement and programme in to-day's papers, the C.C.C. Band (with permission of O.C.) are giving a Big Promenade Band Concert in the Prince's Rink on Friday next at 8.15 p.m., and by numerous requests they are introducing a new idea which we feel sure will be quite a novelty.

The programme consists of twelve (12) numbers, 5 Concert numbers and 7 Dance numbers, and patrons wishing to dance may do so by paying a small fee of 10c. for each dance number, and the large floor space (which the contractors have just finished for roller skating next week) will be reserved for dancers only, and the walks and galleries for spectators. The admittance to the Rink will be only 10c. and the lady friends of the Band will serve drinks and Ice Cream during the Concert. See the programme in to-day's papers. The proceeds go towards reducing their Hall expenses for which a note falls due on Monday next, and we therefore hope to see a large attendance, as the admittance fee is only 10c. and thereby help the Band in their financial obligations.

To-day's Messages.

WEAK BUT CONSCIOUS.

LONDON, Oct. 4. The condition of Lord Mayor MacSweeney, is unchanged, according to a bulletin issued by the Irish Self-Determination League at 9 o'clock to-night. He was weak and prostrate but still conscious.

CONDITIONS IN IRELAND.

LONDON, To-day. As a result of Lord Mayor MacSweeney's long fast, Irish prisoners have ceased to resort to hunger striking, says the Daily Mail to-day. The newspaper adds that there were more than three hundred arrests in connection with Sinn Fein propaganda disturbances during September, but that only four of the men arrested attempted hunger striking, and these abandoned it in a day or two. A despatch to the Daily Mail from Dublin pictures a black outlook for Ireland during the coming winter. It says that owing to the shortage of money, Sanatoriums and Asylums are being closed. The burning of creameries has paralyzed that industry and the closing of six hundred miles of railroads has cut off some areas from their distributing centres. Cows and calves are being sent to England in large numbers, and there is a shortage of butter. Many small farms are going bankrupt and the country is faced with ruin. There is much unemployment in Dublin as a consequence of the strike of the builders.

ASQUITH ADVOCATES AUTONOMY.

LONDON, Oct. 5. In a communication printed in the London Times to-day, Herbert Asquith, former Prime Minister, declares that he is convinced that the bestowal upon Ireland of the status of an autonomous Dominion in the fullest and widest sense, is the only solution of the Irish problem. To accomplish this, says Asquith, it is necessary to make the Irish people believe that what is offered comes from an honest and also reliable source.

WRANGLER'S SUCCESS.

CONSTANTINOPLE, Oct. 4. The forces of General Wrangel, anti-Bolshevik leader in Southern Russia, have achieved further successes against enemy forces in the region of Novokotawaska, where five thousand prisoners were taken and nine hundred cannon, five locomotives and a hundred wagons were captured, says an official communication received here.

BURNED DURING OPENING EXERCISES.

TOKIO, Oct. 5. The building in which the world's Sunday school convention was to be held here, burned down after the delegates had assembled for opening. The building was crowded but doorkeepers express the belief that all escaped.

HANGING ON.

CORK, Oct. 5. Sinn Feiners incarcerated in prison here, are continuing their hunger strike and their condition is reported unchanged.

HIS OWN STATEMENT.

LONDON, Oct. 5. MacSweeney says himself he is very weak, but suffers no pain according to a bulletin of the Irish Self-Determination League this morning.

ITALIAN HUNGER STRIKERS.

ANCON, Italy, Oct. 5. Sixty men arrested during Anarchist riots here last June, have started a hunger strike as a protest against delay in being brought to trial. Workmen in the city, including printers, have proclaimed a general strike in support of the prisoners' claims.

BUMPED NEGRESS: STARTED RACE RIOT.

PITTSBURG, Pa., Oct. 5. A white man bumping into a negress, was sufficient cause for a riot, in which police reserves, assisted by firemen were called upon to resist a mob of one thousand, who stormed a police station in the Hill district last night, in an effort to release four prisoners arrested during a clash between a crowd of white men and negroes.

INVESTIGATION FUND.

NEW YORK, Oct. 5. After police Commissioner Enright told the Finance and Budget Committee of the Board of Estimates that Radical activities have been a serious menace to New York and the nation, a police contingency fund of two hundred thousand dollars was voted for investigation of Radical activities.

WHAT ABOUT GERMAN PROMISES?

PARIS, Oct. 5. Germany will expect the Allies to keep their promises given at Spa, that the total sum of reparations to be demanded of Germany shall be fixed at the Geneva Conference, Gerhard Von Mutius, head of the German Financial Delegation in Paris told the Associated Press yesterday. To prepare a basis, he said, would probably be through

NOT EASY MONEY.

PHILADELPHIA, Oct. 5. Five gunmen were brought here from New York, in a carefully laid plot to rob gambling-houses and large individual winners, according to the confession of a police spy, made yesterday by Christopher Murano, who is in hospital with two bullet wounds in his stomach. Murano was wounded early Sunday, when a squad of police raided an alleged gambling house, and found the inmates backed up against the wall, threatened by five masked men, who were going through the gamblers' pockets. Joe McGinn, detective, was fatally wounded in the fighting that ensued. Three bandits are in prison and police are said to be searching of the fifth.

Sugar Imports

Prohibited.

F. C. B. HAS MONOPOLY.

It is the opinion of competent legal men that the Act now in force forbidding the importation of sugar would stand in law, consequently business men who had contemplated importing sugar have given up the idea and the public meanwhile must pay 30 cents per lb. for the article, although it could be retailed for little more than half that price but for the muddling of the Government.
