Flames and smoke are belching from the crater of a volcano supposed to have been extinct for centuries near the Colorado line in New Mexico; according to automobile travellers reaching here.

DR. JAGGER PREDICTS VIOLENT ERUPTION OF KILAUEA.
SAN FRANCISCO, May 22.

Nature's danger signals are flying over the smoky crest of Kilauea volcano in the Hawaiian Islands, and a great loss of life may be averted if the signals are heeded, according to Dr. T. A. Jagger, noted volcanologist before he sailed from here to-day for Hawaii. Dr. Jagger is a director of the Hawaiian observatory and for years has been predicting that Kilauea would erupt in 1924; and since the present disturbances began he has been recalled to the islands. He expects a violent eruption similar to that of 1790 when hundreds were killed.

THE ROYAL COURT.

LONDON, May 22.
King George and Queen Mary held their second court of the season; generally it followed the lines of Thursday night's court. The function was favored by beautiful weather and crowds witnessed the arrival of the chosen at Buckingham to-night. The presentations were selected mainly from the general circle and included a number of Canadians and Americans. King George wore the uniform of the Scots Guards while Queen Mary was attired in a shimmering gown of wedgewood blue and silver brocade, which in the brilliant lights gave the illusion of moonlight on moving water. The Queen wore a pearl and diamond coronet and diamond ornaments, including the Koh-i-noor and Order of the Garter.

POLITICAL SHUFFLE IN GERMANY.

BERLIN, May 22.
No progress in the direction of effecting a consolidation of the five middle parties into a straight bourgeois coalition group was made at the later party conference to-day at which were represented the German Nationalists and Bavarian People's Party, moderates and Bavarian Peoples Party. Further negotiations will take on Thursday.

HAS HIS TROUBLES.

PARIS, May 21.
Edouard Herriot, the leader of the Radical Socialists, who is slated for the post of premier to succeed Poincaré had his first taste of troubles when he went to-day to Elysee Palace to confer with President Millerand and Poincaré and the Minister of Finance Painlevé, on the financial situation and ways and means to prevent the franc from taking another downward dive. The members of present Government are said to have reached the end of their patience over the vicious attacks of the radical press accusing them of making use of the hundred million francs the Morgan syndicate advanced, by boosting franc for election purposes.

GRAND DUKE NICHOLAS TO RE-STORE PEACE IN RUSSIA.

CHATHAM, Ont., May 22.
That Grand Duke Nicholas, the former Commander of the Russian forces is the only man who can bring Russia out of her present chaos was the emphatic statement of W. O. Rodmar, a Russian of noble birth who is visiting here, in an address delivered before the Rotary Club yesterday. The Bolsheviks will never be able to deal with any country in a

A Beautiful Cream.

Three Flowers Vanishing Cream is a non-greasy cream, but unlike many vanishing creams, it is so constituted as not to be too drying to the skin. It is instantly absorbed by the pores, leaving a smooth, velvety surface. Any shine there may be on the skin, disappears as this cream is absorbed. It protects the skin from wind and cold and prevents chapping.

business way for they are not backed by the majority of population, he said. In fact, they are hated. It has taken Grand Duke Nicholas seven years to make up his mind to head a movement in which three million Russian refugees will endeavour to restore peace to their native land. There is no Russian who is so dearly loved, even men in the Red Forces love him and once he has crossed in to Russia they will follow him.

AMERICAN BOUND THE WORLD FLIGHT PROGRESSING.

TOKIO, May 21.

LABOUR GOVERNMENT FACING ORDEAL.

LONDON, May 21.
The Labor Government is facing another ordeal in the House of Commons to-day and not withstanding the failure of their recent predictions on similar occasions, political writers again are prophesying the defeat of the ministry. The question at issue is the Government's policy towards unemployment and Conservatives and many Liberals complain the Government has done nothing to justify the claim of its spokesman that labor alone has the remedy for unemployment and some extremists among the Laborites themselves agreed, all saying the Government has merely conducted the policy of its predecessors. Conservatives, according are moving to-day to reduce the salary of the Labor Minister, Tom Shaw, by £100 so as to enable the House to express its opinions. Hope of voting down the Government is based partly on the fact that a large number of Liberals are attending meeting at Brighton, thus preventing them from coming to the Government's aid.

Picks and Shovels in Paradise

To-morrow being Nomination Day, there is plenty of road work in Paradise, Harbor Main. Every man who cares to may go to work. A petty political trick, but it won't avail Mr. Hawco one iota, for it is known there is but one man with him in Paradise.
