

## Rotary Club

The speaker at yesterday's Rotary Club luncheon was Dr. Liddy, of Mt. Allison University, who gave a most interesting address on "The Treatment of Criminals." The speaker touched upon his experience in dealing with criminals in Dorchester Penitentiary and at penitentiaries and jails in the Maritime Provinces.

He expressed the belief that most of the crime committed at the present time is due to feeble-mindedness of the party committing them. It often occurs that a man or woman who is strong physically is of a much lower mental age, and as this condition cannot easily be observed it follows that there must be in each community people at large who may be criminally inclined because of the low standard of intelligence.

People have contended that punishment for crimes committed should be in the nature of revenge on the part of the state rather than by an individual, or with a view to the repression, but a feeling is growing that the primary object of imprisonment should be the ultimate reformation of the prisoner so that he may become once again a good citizen. Most jails and penitentiaries are so conducted as to remove all hope of reformation, but the modern penitentiaries attend to the proper education and employment of prisoners so that their minds may be developed and they may realize the duties to their fellow citizens.

All men are subject to intervals of mind aberration and many crimes are committed by people while in that state. The only possible prevention against such a state of mind is the cultivation of right examples of thinking and living.

Dr. Liddy also spoke strongly in favor of juvenile courts and he pointed out the advantages of these courts to young people who early in their lives disobey the law.

Rotarian James Ayre, who presided, expressed the thanks of the Club to Dr. Liddy for his brilliant and instructive speech and the usual vote of thanks was carried with much applause.

Short addresses were also given by Rotarian Fred Bond and Harry Pickings of Halifax, A. Solomons of Savannah, Georgia, and by R. W. Bartman, of Columbia University, who is in St. John's in connection with the Rotarian boys' playground movement.

Other guests included Rev. S. Bennett, Grand Falls, Rev. R. W. Fairbairn, G. A. Bartlett, Burn, J. Jardine and J. W. N. Johnston.

## Hungry Hair Seals

Threaten Heavy Loss to Salmon Fishers.

Vancouver, B.C.—Destruction of one-sixth to one-third of the average spring salmon pack in the Fraser River by hair seals, has caused local fishermen to fear the fish will become extinct and a large revenue be lost.

So clever are the seals that it is a race between them and the fishermen every time a bobbing cork on the net shows that a salmon has struck it. The seals generally win. Wolf-like, a seal goes for the throat of a fish, and unusually a head is all that is left in the net. Fishermen have tried spreading a "blind" net to protect the actual fishing net, but the seals, evidently learning the trick drive salmon into the net to make capture easier.

Not only do seals live on salmon, but when their hunger is appeased, they kill for sport, tossing the fish out of the water as a cat plays with a mouse. A seal can throw a 30-lb. salmon clear of the water, the fishermen declare.
