There was also talk of damage north-west by Hessian fly and the blight.

Bullish sympathy gained considerable impetus from the fact that the new movement of wheat was disappointing. Primary receipts were less than 1-4 those of a year ago, and there was heavy rain in the south-west, where harvesting was still in progress. Lightness of wheat receipts here had a strengthening effect on corn. Early, however, prices were easy on account of selling by prominent houses. The wheat bulge and the prospect of rain where not needed, counted later against the bears. Oats worked higher owing chiefly to uneasiness of July.

The weathy women in Amwers has a substitute of selling by prominent houses. The wheat bulge and the prospect of rain where not needed, counted later against the bears. Oats worked higher owing chiefly to uneasiness of July.

The weathy women in Amwers has aroused in England.

"I write primarly," she says, "with the purpose of voicing the universal, not the exceptional, emotions of humanity. And I tike to feel that I am helpful. Critics say it is not art to have a purpose, but I would rather touch a thousand hearts than tickle one critic's vanity in his opinion."

Her favorite poems on this side are "Beyond," "Worth While" and "Whatever Is. Is Best" Inquirles among the work of the work as women. The wealthy women in Amwer of the curiosity her success has aroused in England.
