Judgment has been given at Osgoode Hall in the case of Reg. vs. Yemen on question of coats of quasning a summary conviction for unlawfully gambling and playing cards for money in the township of Huron contrary to a bylaw. The conviction was clearly bad for many reasons. The prosecutor was a constable. The court holds that, while there was a clear misconception of the law, there was no malicious design in instituting and carrying on the prosecution, and, therefore, it was not a case in which to grant costs against the complainant. Eule absolute quashing the conviction without costs, and with the usual protection. HURON.

The death of Isaac W. Barrows occurred recently. He was born at Bristol, Vermont, in 1822, and came to Canada when but three years of age. He remained a resident of Nilestown till his death, which occurred at Olinda, Essex county, at the residence of his son. His illness was of short duration, and he met death peacefully. The remains were taken to his old home and deposited in the Bostwick cemetery, the funeral services being conducted by Rev. Edwin Holmes. Four sons survive the father.

The banquet in honor of H. B. Murray, V.S., who is about to leave for St. Clair, Mich., was one of the most enjoyable gatherings ever held at Melbourne. It was a splendid acknowledgment of the high regard in which Dr. Murray is held by the people of Melbourne and community, and of their appreciation of the diligence and ability with which he has performed his professional duties, and of the popularity and honor which by his honest and upright character and winning manner he has wen during his short stay there. About 50 invited guests, comprising the leading citizens of the viltage and surrounding community, sat down to a very bountiful spread prepared by Mr. D. Robb. The banquet was complete in all its appointment, and reflects the highest credit on the host and hostess. The toast list brought out bright speeches. Every speaker referred in earnest terms to the usefulness and popularity of the guest of the evening, all expressing pleasure at being present on the occasion and regret at the departure of their friend. G. C. Elliott, of Maytair, and Dr. McEwen, of Melbourne, acted as chairmen, and proposed alternately the various toasts. The speakers were Messrs. A. Douglas, Ekfrid; Capt. Stuart, Glencoe; Lieut. Campbell, Appin; A. P. McDougald, Ekfrid; John E. Campbell, Mayfair; E. Richards, R. Nichols and Dr. McEwen, Melbourne; H. Tolson, St. Thomas; J. C. Elliott, Mayfair; A. R. Huston, Longwood; L. Songs were sung by G. B. Haskins and N. Campbell, Melbourne, and others. The doctor replied happily to the toast that did him honor.

A CONTEMPTIBLE EXCUSE.

The Free Press goes on to justify the The Free Press goes on to justify the boodling of its party on the plea that it is "fighting the devil with fire." conducted on honest principles, ever made a more contemptible exhibition of itself than the Free Frees does in its defense of Caron.

For months past we have been asked to believe the incredible statement that the members of the Government of Sir John Maedonald knew nothing whatever of the fact that McGreevy and Connelly were robbing the country, while here is evidence that proves to my mind, as it must prove to the mind of every honest man, that the Government not only knew of, but were accessories to those frightful robberies—robberies no less because taken from the people at large than from private individuals. And yet the Free Press, in its Simple Simon way, tries to smooth over the crime by saying that Sir Adolphe did not put the money in his own pocket and keep it there. This is simply monstrous. Is it any wonder that annexationists are thick in the land when such doctrine is the outcome of party discipline? Sir Adolphe must have known about the stealings from the start, else he would not, in a commanding way, order the distribution of boodle.

I know that the ties of party on Canadian people are strong! Are they to overcome the houesty we have been taught in our Christian homes by our church-going mothers? Is robbery to be considered less a robbery when money is stolen from the country than from an individual? It looks as if we were getting to believe so when party exigencies require that robbery take place. I for one, taught to be Conservative from my cradle, can stand this thing no longer. I shall not wittingly become the associate of thieves, for "a man is known by the company he keeps," and "evil communications corrupt good morals." I hope Conservatives throughout the length and breadth of the land will repudiate the monstrous doctrine of the Free Press, that a man who steals from the Government is not a thief so long as he spends the stole money in buying votes instead of putting it in his pocket. It is high time that Canadian's became aroused. The whole social fabric will fall to pieces unless we p

OUR People Believe in Iti-It Never Falls!

We have in Canada, as in other lands, people who are not afraid to speak to the public through the press, and we have others who are averse to publicity, and who are contented to spread "glad tidings to their way circle of friends and acquaint-ances. Princ's Celery Compound has many friends of the latter class who write to the proprietors of Canada's great medicine and speak of wonderful cures. To-day we mention a few of these remarkable cures for the benefit of others who may be seeking the means of banishing disease and suffering.

Mr. —, living on Dorchester street, Montreal, suffered for three years from dyspepsia and flatulency; was made strong, healthy and robust after using four bottles of Paine's Celery Compound.

Miss —, a young lady on Slater street, Ottawa, became nervous and melancholic; lost her bloom and healthy looks; she found a new life—new existence—by using Paine's Celery Compound.

Mr. —, of King street, Hamilton, was a perfect martyr to rheumatism for many years, and had spent a small fortune with doctors. He heard of Paine's Celery Compound, and after using ten bottles foit that all his pains and aches were banished.

Scores of other remarkable cures might be added to-day to the above. We believe our people will find sufficient food for reflection in what has now been made public, and will have their cendidence established more firmly than ever before in this great and honest remedy.

Annual Meeting of Shareholders.

The nineteenth annual meeting of the Shareholders was held at their offices on Tuesday at 11 o'clock a.m.

Those present were: Robert Reid, Esq., president, in the chair, and Messrs. C. H. Elliott, vice-president, T. H. Purdom, Lieut.-Col. R. Lewis, W. J. McMurtry. (Toronto), James A. Blair, Dr. Boyd, John Ferguson, E. W. M. Flock, Francis Love, Geo. Pricchard, Rev. Jas. Gordon, E. J. Parke, Q.C., John Wright, Richard Thompson, Alfred Robinson and others.

The manager, Mr. H. E. Nelles, read she annual report as follows:

The directors beg to submit the nineteenth annual report of the affairs of the Society, together with the accounts relating thereto.

The directors beg to submit the name teenth annual report of the afairs of the Society, together with the accounts relating thereto.

The policy pursued by the directors during the past few years has been continued with satisfactory results. A personal inspection by the Society's valuator is made, and the investments are still all confined to Western Ontario. The strictest economy consistent with the proper management of the Society's affairs is observed, and the business of former years increased.

The net profits during the year amounted to §64,590 55, from which two half-yearly dividends at the rate of 6 per cent. Per annum have been paid, and the balance, \$8,649 07, carried to the contingent fund. The shareholders will observe an increase in the savings bank deposits over last year of \$122,629 68.

The principal transaction during the year was the purchase of the assets and business of the Empire Loan and Investment Companies. The terms obtained were deemed satisfactory by the directors, and have already resulted in an increased and profitable volume of business. These Companies had been carefully managed, their assets were very desirable, and their directors and officers rendered every assistance necessary to give this Society the full benefit of the transaction.

The directors regret the death of Mr. John Leys, jun., of Toronto, which occurred a few days ago. Mr. Leys has been a valued member of the board for many years and his sterling character was much appreciated. His place on the board has been filled by the appointment of Mr. John Morison, governor of the British America Assurance Company, of Toronto.

The books of the Society have been each month regularly audited with the result which appears by the auditors' certificate attached to the statement.

All the directors retire annually, and are eligible for re-election.
