

STREET RAIL EXTENSION

Company	Will	Amount of Mo
...

(From Saturday)

Extensions and the plant and rolling mill Columbia Electric Light and Power Co. in this \$1,150,000 are projected for this year. If the recommendations are accepted by the board, this amount will be added to the original \$300,000 and \$200,000.

The latter recommendation is the proposed extension of the plant on the Gadsden Ross Bay cemetery, which is thought to be enough to furnish the water for the improvement of the sewage disposal plant. The sewage disposal plant will cost nearly \$200,000.

Such is the amount Maurice Gifford, director of the Columbia Electric Light and Power Co., who arrived in the city from Vancouver, who is accompanied by his wife, will spend about a week will, tomorrow, inspect the here and then, will proceed to the place where the company will seek more power, this matter will also be Gifford's recommendation of the report of Wynn Merritt, engineering from Seattle, this summer will be available, works, which in the company's accounts, the Sydney railway, which more for some time, present, will be of great extent, would cost in the neighborhood of \$1,000,000. The proposal for the extension of the railway from Victoria and Sydney has been approached by the
