ing happiness？At proesat，they seldom think about the benefits they are procuring for us and others by their useful habor ：lut were their circumstances ameliorated，their miserics relieved，their minds expanded，thoir noral powers cultivaied and improved；were they to behold the vaious branches of the human family for whom they are laboring，ox－ erting overy nerve to promote their moral impmement nand domestic enjoy nent，it would produce many pleasing omotions in their breasts and in tho midst of all their toilsome labors would lead them to reflect that their exertions aro the means of distributing numerous comforts and convenicucies among men of difforent nations，rank，and languages． Their minds would take a more extensive range among the various races of mankind with which they are connected；they would learn to trace the remotest conso－ quences of every branch of labor and of every mechanical operation in which they are engaged，and wrould thus feel themselves more intimately related to overy individual of the great family to which we beloug．

## EZOHANGES．

Tue March No．of the Eurhetorian Argosy has reached us，fraught with interesting articles＂On Mensuring Character，＂and＂A trip up the AIediter－ anian＇are especially interesting．
Juss as ${ }^{\circ}$ wo were going to press wo received the Dalhousie．Gazette of March 13th．Its medley of editorials will receive due attention in our next issue．

## 敖exsmals．

Oon Professor of Natural Science has erinced his interest in the Amesesom， by enclosing $\$ 5.00$ ，to the Secretary． We tender our sincere thanks for the encouragement thus given as a guarauteo oi sympathy and support．
Tee following sons of Acadia are now presecuting their studies at Newton Theological Institute：J．F．Kempton， A．n，＇62；G．E．Tufts，A．D，＇66；W．A． Newcomb，A．я，＇70；H．Normoir，A．B．， ＇71．Also J．＇工．Eaton，A．W．Eaton， and J．Mrctean，fornerly students hero but non－graduates
H．W．Jeand，an，＇r3，is at present Principal of the Grammar School at St． Gcorgo，N．B．We learn ihat his services aro highly appreciated by both scholnrs and parents．

F．II．Eimon，${ }^{73}$ ，and S．MoC．Black， ＇74，now studying at Inrvard，havo lately been nflictad by severe attacks of Mreasles， M：Laton has quite recovered，and Mr． Black is convalescent．

Os the 15th ult．，Prof．Charles F． Hart of Cornell Univoxity，the well known South American oxploner，started via Europo，for Rio do Janeiro to con－ tinue for a fow months his scientific researches in Brazil．His nim is to mako a reconnoissauce of the gold and diamond region north of Ris，concerning whose Geology and Physioc．nphy littleis known．
Prof．Fart goes out under the nuspices of Corncll Univesity，aided by one of its trustees，Col．E．B．Morgan，of Aurora， N．Y．，but he has received important contributions from the Pesbody Mruscum， of Cambrilge，Mass；from Prof．O．C． Marsh，of Yale College，New Haven ；the Metropolitan Muscum of Art of New York；from Mr．Hiram Hitchicock of Hanover，N．H．；and Dr．J．C．Rodrigues of the Novo Minds newspaper．（Christian at Work．）
Prof．Hart graduated at Acadia ： a 1860 and took the degree of M．A．in 1863.

## Yisms．

Professor．－What is Matural Selection？
Student．－It is the naturalliking which individuals of different species have for one another．
Professor（smilingly）－Well，your nn－ swer is，I suppose，quito pardonable in a young man．

Deceased：－The lofty aspirations of ono of the Freshmen，who now dejectedly sings．－＂Thou art so near and yet so far！＂
Junior，（ ${ }^{(T o o}$＇ogy class）－One genus of vegetation that flourished in the Devonian peried was the Campbellice（Calamite．）
Professor．－It occurs to me that your Theoloyical and Gcoloyical terminology are becoming slightly mixed．
Aspiring Freshman．－＂What aro the Houor studies in Greek thir years＂一On the Professor informing him that Iucian＇s Dialogucs of the Devd would be one，the Freshman，who had been lately reading in shakespeore of the sheeted dead squeaking and gilbering in the strects， asked sith no hitlle sulicitude and deep emotion：＂Will five times the quantity in any otherbe accepted as an equivalent？＂
Mathematical Probem．－Given，－the ＂departure＂and＂distance＂of a Scmi－ marian－to find the＂coursc stecred＂by a Sophomore immediately aftervand．
