ELECTRICITY.

It is simply marvellous to see what Electricity through science is accomplishing in so many different directions, and every day something newer and more wonderful is made known to the world. Space prevents us here from even hinting at so many of the late inventions and improvements in the electrical world. The Georgetown Paper Mill worked by electricity a mile away from it is worth going to see; the writing of letters in one city and receiving an immediate reply from another city far distant the instant it is written, is another sample of the doings of the Nineteenth Century. But is there anything more wonderful or of greater interest to the human family than the immediate cure of diseases by electricity, and especially diseases that have resisted the best skilled physicians of the old Schools of Medicine. This, we are credibly informed, is now being done in our own city by PROF. VERNOV, of Jarvis Street, who with his improved medical machines used in accordance with his advanced system of application, produces in the most agreeable manner these marvellous results, some of which have appeared in the different city papers of late, such as Spinal Curvature, Displacement of the Hip, Displacement of the Uterus, Heart Troubles, Obscure Nervous Diseases, Sciatica, Rheumatism, Paralysis, etc.

A boy that had no use of his legs from birth was restored. Diseases located at once and cured that for years had baffled all previous attempts, all the patients suffering intense pain all those years. Our reporter satisfied himself of these important facts by seeing and talking with those who were thus cured. We advise all interested in a cure to call and see PROF. VERNOV at 231 Jarvis Street, and consult him first and see the testimonials and references given, and if desired talk with those who know all about the cure and treatments made with the most potent agent in the world—Electricity.

"Perfect Satisfaction,"

Is the verdict of every one using Ayer's Cherry Pectoral for Colds, Coughs, Bronchitis, Pneumonia, and all Lung troubles. Unlike cod-liver oil, and many other specifics, Ayer's Cherry Pectoral is agreeable to the taste and leaves no ill effects.

"I cannot say too much in praise of Ayer's Cherry Pectoral," writes Mr. Robert F. McKeen, of New Gretna, N. J. "I have used it in my family, many years, and always with perfect satisfaction."

"Ayer's Cherry Pectoral is truly the Most Popular Remedy of the age, rendering full satisfaction in every instance."—Thornton Edwards, Lonely Dale, Ind.

F. L. Morris, M. D., Brooklyn, N. Y., says: "Your medicines have been satisfactory to me throughout my practice; especially Ayer's Cherry Pectoral, which has been used in great quantities by my patients, one of whom says he knows it saved his life."

Ayer's Cherry Pectoral,
