### 38 CAR-LOADS TO IOWA IN THREE MONTHS . . . .

Averaging over ten miles of complete fence to the car. Through special agents this goes at once into use on farms instead of being held by dealers. Iowa farmers know a good thing when they see it tried.

Their only complaint - can't get it fast enough.

**OILS, PAINTS AND GLASS.**—Linseed oil is still moving slowly upward in Britain, being again cabled sixpence upwards, but local prices still hold. Turpentine has undergone no further decline, and is steady at 47 to 48c. per gal. Leads, glass, etc., are steady at former prices. The volume of trade is very moderate indeed. We quote: Turpentine 47 to 48c. per gal.; Linseed oil, raw, 60c. per gal.; boiled 63c.; 5 brl. lots 1 cent less; olive oil, none here; castor, 7 to 7½c. in cases; smaller lots, 8 to 8½c.; Newfoundland cod, 42 to 45c. per gal.; steam refined seal, 50c. in small lots. Leads (chemically pure and first-class brands only), \$4.75 to 5.00; No. 1, \$4.50; No. 2, \$4.25; No. 3, \$4; dry white lead, 5c.; genuine red ditto, 4½ to 4¾c.; No. 1 red lead, 4c.; London washed whiting, 50c.; Paris white 90c. to \$1; Venetian red, \$1.50 to 1.75; yellow ochre, \$1.50 to 1.75; spruce ochre, \$2.25 to 2.50. Window glass, \$1.35 per 50 feet for first break, \$1.45 for second break; third break, \$3.25.

**WOOL.**—Late cables from London report that crossbreds have been taken by home purchasers at extreme rates, and that the demand has been good on the continent, especially for merinos and Capes. There is more enquiry here, and one house reports sales of about 300 bales since last report, principally Cape at 14 to 15½c., also some Natal at 16 to 17c., and B. A. scoured at 28 to 34c. per pound.

## TORONTO MARKETS.

TORONTO, 20th July, 1893.

**BOOTS AND SHOES.**—The holiday season is now on, and business with the factories and wholesale houses is more or less suspended. Travellers who are out, however, continue to report a fair number of orders for the fall stocks. No shipments, however, are as yet taking place. The city retail trade report a considerable and increasing trade in white canvas shoes. The financial side of trade remains unchanged and without interesting features.

**DRY GOODS.**—We have now reached what, for the dry goods trade, is the quiet season of the year. The trade in summer stuffs is of a sorting description of the most limited kind, while fall orders do not appear to be coming
