GIVE YOUR WORKMEN GOOD LIGHT

It will pay you in increased production. Where modern factory illumination has been installed, 15 per cent to 25 per cent more output is the usual result.

In addition, modern lighting makes for contented workers by improving working conditions and minimizing the danger of accidents.

These facts are worth your trouble to investigate, and when you have decided upon the installation of better lighting fixtures you will be convinced that the expenditure will bring you large returns.

Men's Hand Tailored Suits Ready for Service

The advantages in wearing custom-made clothes are oftentimes counterbalanced by tiresome try-ons, unnecessary delays, higher costs and uncertainty as to the ultimate satisfaction. You may escape these annoying conditions and sacrifice nothing in quality by buying regular bench tailored clothes from the Hudson's Bay Co., ready for service. We feature two exceptionally fine suits, one a fine blue worsted and one a conservative plain grey, at a price decidedly reasonable for first-class, hand-tailored clothes.
