

OPPORTUNITY KNOCKS

GAINING A COMPETITIVE EDGE

The CBCs can direct you to an array of services that provide valuable information for export market development.

International Trade Centres (ITCs) located across the country help Canadian exporters take advantage of opportunities in foreign markets. ITC officers provide current information and intelligence on international markets, joint ventures and technology transfer opportunities, trade fairs and missions, and trade-related conferences and seminars.

Canada's ITCs connect you with international business opportunities through a network of trade commissioners in 128 cities around the world. Working "on-site" in foreign markets, these trade officers can help you to identify sales leads, provide advice on foreign trade practices and promote your company to local customers.
