

*(They all kneel, MARINA and ANNA on either side of STEPHEN. The soldiers stand behind.)*

CHORUS.

We dry our tears this happy day,  
Our gloomy fears now pass away.  
Hope's cheering light again we see,  
Hope's cheering light again we see,  
And dark despair from us must flee,  
From us must flee,  
Oh, Mercy, where thy blessings shine,  
The heart is cheered, the heart is cheered  
By light divine.
