We Recommend "Classic" Footwear

For College Girls, Growing Girls, Youths, Misses, Children and Infants

For footwear with plenty of "snap" and style at moderate prices you cannot do better than buy "Classic" brand. The factory where they are made is acknowledged by shoe men to be one of the best equipped in Canada to-day. Materials of quality, the very best machinery, a perfect system, and the highest paid mechanics in the trade, combine to produce "Classic" shoes. We have just passed into stock a complete new range of popular sizes and widths in the very newest 1911 Spring and Summer styles of "Classic" Boots, Oxfords and Pumps. Here are some of them—

DR. CHASE'S KIDNEY-LIVER PILLS
 You feel pains in the back, find the urine heavy and unduly colored, have indigestion and irregularity of the bowels and there may be rheumatic twinges. You wonder what has gone wrong until you recollect that you have been exposed to sudden changes of temperature, perhaps sitting in a draft or passing from a very warm room to be chilled by the outdoor air. The kidneys are most susceptible to cold, and a sudden lowering of temperature throws an extra burden on them by closing the pores of the skin, which are ordinarily a great aid to the kidneys in removing poisons from the blood. The danger lies in not understanding the meaning of the symptoms given in the first paragraph. Once you know that the kidneys need assistance you can help them promptly by using Dr. Chase's Kidney-Liver Pills. Every day you put off treatment you are taking the risk of developing Bright's disease, dropsy or rheumatism. Because of the inactivity of the failing kidneys your system is being loaded with poisonous impurities, and that means pain and suffering.
Get Dr. Chase's Kidney-Liver Pills to-day. One pill a dose; 25 cents a box, all dealers, or Edmondson, Bates & Co., Toronto.

SYNDICATE BUYS CLAIMS
 Jacobs and Curry Dispose of Valuable Mining Property.
PORCUPINE, April 7.—(Special.)—News has reached the camp that the Porcupine Township Mines, Limited, have purchased from Jacob A. Jacobs of Montreal and James Curry of Toronto, the two claims just north of the Town of Porcupine. These claims were purchased by Jacobs and Curry only a few weeks ago, after their engineer had made an examination of same and was thoroughly convinced of their richness. Some men are born lucky, Jacobs and Curry seem to have had their share of the good luck in both Cobalt and Porcupine, and from all reports the Porcupine Township Mines will develop into one of the big things of this wonderful camp.

AN INTERESTING CIRCULAR.
 J. Thomas Reinhardt, of West Kingston, and New York and Boston, has issued an interesting and informative circular headed "Is your stock a dead issue?" He has an excellent word to say of Porcupine. He sees in Porcupine stocks a long awaited stimulus to the market.

CHICAGO RECORD-HERALD SAYS \$50,000,000 STEEL PLOW COMPANY WILL BUILD IMMENSE PLANT IN WELLDAND THIS YEAR.

Special to The World: The Chicago Record-Herald of March 23 makes the following announcement: "It has been announced officially this afternoon that plans for the immediate future expansion of Deere & Co., the plow manufacturing corporation, involve a merger with twenty-two industrial concerns and branch houses, the consolidation to have a single ninety-nine-year charter and a capitalization of fifty million dollars. The name of the consolidation will be Deere & Co., the intention being to retain the name of John Deere, inventor of the steel plow and founder of the mammoth industry. Headquarters of the consolidation will be in Moline, Ill. Concerns in Combine. The following concerns have been suggested for membership to date: Deere & Co., Moline, Ill.; Deere & Moline Co., Moline, Ill.; Moline Wagon Co., Moline, Ill.; Marseilles Co., East Moline, Ill.; Scotchay Co., East Moline, N.Y.; Dain Manufacturing Co., Ottumwa, Iowa; and Welland, Ont. Fort Snider Wagon Co., Fort Smith, Ark.; Deere & Webber Co., Minneapolis, Minn.; and fourteen branch plants and houses, all having separate charters at present. While all the other concerns have been more or less closely affiliated with Deere & Co. for some time, the Essex Co. has been independent. It manufactures hay-making machinery. Will Make Harvesters. Deere & Co. have perfected a grain harvester that embodies a number of recent inventions. The machine, which has proved a practical success, and it is understood manufacture of these harvesters for the Canadian trade will be begun in Welland, Canada, within a year. A large tract of land has been purchased adjoining the plant of the Dain Co. there, and the harvesters probably will be manufactured in buildings to be erected in the near future. It is needless to mention that when the Canadian plant of this merger is built in Welland this year, it will be the largest manufacturing industry in Canada, and the several thousand men which the Canadian plant will employ means an industrial expansion to the Town of Welland, the like of which probably no other Canadian manufacturing town or city has ever seen. This announcement means that Welland will probably double and triple its population again during the next year or two, as it has during the past two years.

GIFFORD ANNUAL MEETING.
 The adjourned annual meeting of Gifford Cobalt Mines, Limited, was held yesterday at the company's head office, 30

DEAR KING-STREET. A large attendance of shareholders and considerable enthusiasm characterized the meeting. The auditors' report showed a small deficit for the past year, but there is a large block of treasury stock unsold and the prospects are that this will be taken up shortly. The following were elected directors for the ensuing year: A. McPherson, Longford Mills; Samuel Kerr, Orillia; J. C. Ritchie, Toronto; Frank Burr Mosure, Porcupine and Cobalt.

HERE IS AN OLD YOUNG MAN.
 Years count for nothing if you have the vitality. You can feel young all your life where there is ample nerve force to back your courage. Let me make you a "HEALTH BELT MAN." Let me supply you with that vim, vigor and manly strength which conquers all obstacles. A man at 60 should be in the prime of life; early decline unfit for the world's work. I have talked with more than 100,000 debilitated men; the lack of vital vigor is responsible for most failures; you can't command the attention and admiration of women or even men if you lack personal vitality. My HEALTH BELT fills you full of vital force; it strengthens weakened parts; it gives you courage to meet squarely any eyes which may look into yours. You become as attractive in your personal influence as the strongest, most full-blooded man you know. Thousands upon thousands have been cured by my HEALTH BELT. Worn night after night for two or three months, it sends the continuous tonic current of electricity into your system all the time you are sleeping. No privations, no medicines, no restrictions, excepting that all dissipation must cease. Cures, weak back in one night; benefits from first hour. It has special attachments which carry the current to the weakened parts. Used by both sexes for rheumatism, kidney, liver, stomach, bladder disorders, etc. John Mulholland, Tyneside, Ont., writes: "Your Health Belt restored me to manly vigor. Use my name as you see fit." If in or near this city, call and see the Belt in my office, otherwise send for the free books which explain all and tell you how, for a few dollars, my Health Belt will give you back your manhood. No charge for advice at office or by mail. Use the coupon if more convenient.
