PINS HOPES TO RADIALS

Sir William Gives Reminder—Stock Issue No Public Concern.

In an interview yesterday Sir William Mackenzie stated that it was by no means the intention of the Toronto Railway Co. to go out of business when the franchise expires in 1921, as the radial railways within the city limits would still have charter rights. "The company will still remain in business," he remarked, "for it has other powers and rights besides those included in the franchise for operating on Toronto's streets."

CITY ALLOWS DENSE SMOKE

Island Residents Complain of Use of Black Coal.

The islanders are angry over the use of soft coal at the island pumping station and on the dredges working in the vicinity of the island. A constant stream of black smoke pours out of the stacks of dredge No. 2, and from other island chimneys, much to the annoyance of the island residents.

"When the city is so strict about keeping down the black smoke from railway engines and smokestacks of private concerns, the authorities should use a good example by having smoke-consuming on city chimneys or else use hard coal," said an indignant resident of the island to The World.

Extract of Wild Strawberry

The Medicine with a record of Cures extending over 65 Years. You don't experiment when you buy it.

Mrs. S. S. Johnston, Ochre River, Man., writes:—"About four years ago I gave Dr. Fowler's Extract of Wild Strawberry a good test. My oldest son, five years old, got very bad with cholera infantum; two days after my next son took it, and the third day my little girl also took it. I doctored with all kinds of things, but they kept on getting worse and the doctors could do them no good. I then started the Dr. Fowler's Extract of Wild Strawberry, and after two or three days could see a difference, so kept on with the treatment, but they were so bad it took about two weeks to complete the cure. Different people have asked me how I saved my children's lives that time, and I always say it was Dr. Fowler's Extract of Wild Strawberry. I am now never without it in the house."

AWAIT EVIDENCE OF
"MAN ON A BICYCLE"

Further Adjournment Taken in Inquest on Edna Comfort and Her Three-Year-Old Child.

ST. CATHARINES, July 18.—(Special.)—When Coroner Alexander resumed the inquest into the deaths of Edna Comfort and her three-year-old child at Beamsville this afternoon, the whole countryside was present. The room was filled to overflowing before half had gained an entrance. There are about ten windows about the large room, and from each were hanging four, five and six men.

The inquest did not develop as much as had been expected, another adjournment being made necessary, owing to the fact that a man on a bicycle who had intercepted Edna Comfort on her way home from work the Monday night before the bodies were found in Beamsville reservoir, had not yet been definitely located. Inspector Miller may be able to produce him for Monday next, when the enquiry will be resumed.

The evidence to-day was very interesting, the few new or important facts were brought out. Evidence was given by Mrs. Elmore, Fairfield and St. John's, who had seen the child and woman at the time of the tragedy. The evidence being taken under privilege, witness saw the girl the day she was drowned. The meeting took place on the farm of George Tiffin, where Tiffin was driving. He said he merely talked for five minutes about the heat and such topics, and never mentioned his son Roland or his intentions. The elder Tiffin claimed that he was sure that the boy that he had seen was his son Roland.

Another witness, whose evidence was very interesting to the crowd, was Isiah Tiffin, father of Roland Tiffin. For him appeared George Lynch, a Hamilton, who objected to the questions, the evidence being taken under privilege. Witness saw the girl the day she was drowned. REDUCED TO
A SKELETON

DOCTORS SAID SHE WOULD DIE

"Fruit-a-lives" Saved Her Life.

RIVIERE A PIERRE, Que., May 9, 1910.—I look upon my recovery as nothing short of a miracle. I was for eleven years constantly suffering from Chronic Dyspepsia, Indigestion and Constipation. The last two years of my illness I was confined to my bed nearly all the time. I was so thin I weighed only 40 pounds and I vomited everything I ate. Even water would not stay on my stomach.

The doctors gave me up to die as the stomach trouble produced heart weakness and I was frequently unconscious. At this time a lady friend strongly advised me to try "Fruit-a-lives," and how thankful I am that I did so. When I had taken one box I was much better, and after three boxes I was practically well again and had gained 20 pounds.

I have taken thirteen boxes in all and now weigh 150 pounds and am completely well. No indigestion, no constipation—my heart is sound and complexion clear.

Madame ARTHUR TOURANGEAU, 506 a box, 6 for \$2.50, or trial size, 25¢. At all druggists, or from Fruit-a-lives, Limited, Ottawa.

TENDER WAS \$259,900
Only One Bulk Tender for Laying of New Intake Pipe.

The only bulk tender for the laying of the intake pipe received by the city is that of Miller, Cumming & Robertson, which amounts to \$259,900. The other three tenders received were made on the basis of using the city's plant in doing the work and charging fifteen to twenty per cent. of the cost.

PAINTERS IN CONVENTION

Civic Welcome Extended—Committees Were Appointed.

The eighth annual convention of the Master House Painters and Decorators' Association of Canada opened yesterday at the Labor Temple. J. B. Thomson of the convention committee took the chair at the morning session. Rev. A. Logan Gaggie of Dunnville Presbyterian Church opened the meeting with a short prayer. Mayor Geary, on behalf of the city, and James O'Hearn, president of the association, gave addresses of welcome.

The morning session was given over to the appointment of committees and the receiving of reports.

The following committees were formed: Resolutions, Mr. Lessor of Windsor and Mr. Phinmore of Toronto; president and address, Mr. Metcalfe of Hamilton and Mr. Livingstone of Toronto; auditing, Mr. McCausland of Toronto and Mr. Goodfellow of Galt.

Prof. Gardner of the Institute of Industrial Research at Washington, D. C., delivered an interesting and instructive lecture on "More Recent Developments in Paint Technology."

In the evening the members and their wives were the guests of the City of Toronto on a moonlight excursion on the steamer Turbina.

Electricity is the remedy of to-day

I don't see how anyone can doubt the value of Electricity as the most natural of all remedies for the cure of ailments which afflict the human body. There are thousands of people in whom the fire of life has grown faint. Sickness and disease have eaten up their vitality, energy and ambition. They are nervous, run down and weak.

But there is always a spark left to kindle from, and by applying Dr. McLaughlin's Electric Belt while you sleep, if you wake up in the morning feeling tired and stupid, if
