Hats! Hats! Hats! Men's Hats! \$1.00

A special of leading interest in this great Semi-Annual Sale, is this extraordinary offering of Men's Soft Hats at \$1.00. Newest New York and London blocks are here shown in profusion; derbies in shapes to suit all; soft hats in Fedora and Telescope shapes; and all in pure fur-felt qualities, worth two and three times the price placed on them for Saturday 1.00

Children's Grey Lamb Caps, \$2.00

Attractive and becoming to the ruddy little faces that peer out from under, are these grey lamb caps for children; they are made in the wedge shape and are suitably finished inside with well padded lining, in various shades. Semi-Annual Sale price 2.00

Fur-lined Coat Comfort for \$19.95

The Semi-Annual Sale decree goes forth and lo! the price of this coat is reduced about one-third, thereby offering for early buyers Saturday a rare opportunity to obtain a warm, comfortable garment at a very low price. This coat is a pure wool beaver cloth shell with well matched marmot lining, and notch style collar of rich, dark brown mink marmot and is remarkable value even at its former price. Semi-Annual Sale price 19.95

Baby Carriage Robe, \$1.85

This is a very low price for a genuine creamy white lambkin robe and should be bought up quickly, so come early Saturday. They are made in the pocket style, lined with white felt, with scalloped edges. Semi-Annual Sale price 1.85

Men's Winter Caps, 39c

Made in corduroy and Melton cloths in the Brighton and Golf shapes, all fitted with inside turn bands, fur lined. Semi-Annual Sale price 39c

Children's Toques, 25c

In the long and hockey styles, made in plain and honeycomb stitch, in numerous plain shades and combination colors. Semi-Annual Sale price 25c

—Main Floor—Queen Street.

Curtains and Curtain Material

Nottingham Lace Curtains, 3 and 3 1/2 yards long, 50 inches wide, white, ivory or ecru, many good designs to choose from, made of strong laces, nicely finished and suitable for bedroom or sitting room. Per pair 85c

Colored Curtain Scrim, 36 inches wide, pretty all over pattern in a variety of colorings, including reds, greens, blues and combinations, suitable for side curtains, for dens, dining-rooms, etc. Per yard 18c

Art Cretonnes, 30 inches wide, floral and conventional designs in a good assortment of colors, suitable for curtains and valances, cushion covers and light upholstery. Per yard 15c

Mercedized Silk Curtains, 50 inches wide, 2 1/2 and 3 yards long, with edging on side and bottom or fringe at top and bottom. This lot is made up of odd lines from our regular selling stock and marked at one price to clear, all good patterns and colorings. Per pair 4.95

Weather Strip, an easily applied felt-strip which keeps out cold and wind and stops rattling. In boxes of 25 feet with tacks for applying 39c

—Third Floor—Albert St.

Of Interest to Carpenters and Other Mechanics

Atkins Saw—The mechanic who works with his head as well as his hands will see to it that he has good tools to work with. One essential tool to good workmanship is a good saw. The celebrated ATKINS SAW has made for itself a reputation for quality, durability, easy working and moderate price. Made of best silver saw steel. Blade with caliper thinner at back. Nicely hollow ground. Blade set well under handle at heel. Beautifully well shaped carved cherry handle nicely stained. An excellent working saw. 6, 8, 10, 12 teeth to inch, 22 in. blade 1.55

Boxwood Spirit Levels, 12 in. long, marked in inches, 16th, 8th, 4th, level and plumb proven glasses. Excellent value 55c

Nickel-Plated Gas and Auto Pliers. Drop forged steel. Side cutters and screw driver. Good value 35c

Handy Man's Outfit—43 pieces, Bit Brace, 1/4 inch Auger Bit, 1/2-inch Auger Bit, 3/4-inch Auger Bit, Try Square, Marking Gauge, Claw Hammer, Screw Driver, 26-inch Hand Saw, Scratch Awl, Jack Plane, 2-foot Folding Rule, 1-inch Bevel Ridge Chisel 3.95

Meat Cleavers, good 7 in. Steel Cutting Blade. Nicely carved wood handles, rivetted to polished blade. Splendid value 50c

—Basement.

Clearance of Men's Ulsters, \$6.95

We are going to eclipse all former Saturdays during former sales with such excellent values offered at such saving prices. One of the most remarkable values shown Saturday is Men's Ulsters at \$6.95. These are made in our own workrooms from end lengths of overcoat fabrics, with only two or three to a pattern;

These suits are in sizes 33 to 37 only and are fashioned to conform to the forms and ideas of dressy young men. Saturday we show a magnificent array of choice patterns, stripe effects in browns and greys. The fabrics are smart looking winter-weight tweeds that are strong, warm and serviceable. Single-breasted 3-button sack styles, well tailored and with good quality linings; sizes 33 to 37 only. Semi-Annual Sale price 6.95

Men's English Worsted Suits, at \$9.50

These suits are broken lines of many of our best sellers, that have been grouped and lowly priced to clear. They are single-breasted models in neat, desirable patterns, in good quality English worsteds—brown or dark grey grounds with stripe effects, also dark grey in a diagonal weave. Every suit perfectly cut, tailored and finished and excellent in pattern and fabric; sizes 36 to 44. Semi-Annual Sale price 9.50

Youths' and Young Men's Suits, \$6.50

These are suits in sizes 33 to 37 only and are fashioned to conform to the forms and ideas of dressy young men. Saturday we show a magnificent array of choice patterns, stripe effects in browns and greys. The fabrics are smart looking winter-weight tweeds that are strong, warm and serviceable. Single-breasted 3-button sack styles, well tailored and with good quality linings; sizes 33 to 37 only. Semi-Annual Sale price 6.50

Men's Trousers Saturday \$1.85

The trousers are excellent stripe patterns in durable worsteds and tweeds; in dark and medium shades. Fashionably cut and tailored in good style with side, hip and watch pockets and strong trimmings; sizes 32 to 42. Semi-Annual Sale price 1.85

Rush Sale Price--Men's Shirts, 69c

Very prominent in this great reduction of prices in Men's Furnishings for Saturday is this offering of Men's Neglige Shirts at 69c. A lot composed chiefly of the well-known W. G. & R. make, which we've seldom offered at a special price, and we are enabled to do so by purchasing the entire surplus stock of the factory. Fabrics are excellent and patterns are new and crisp, showing leading stripes and color effects; sizes 14 to 17 1/2. Semi-Annual Sale price, Saturday 69c

Men's Fleece-Lined Underwear, 47c

Winter-weight garments in light and dark shades, and with soft sanitary fleece lining, that will not bunch up in the laundering. Splendidly made and finished; sizes, shirts 34 to 46; drawers 32 to 36 only. Semi-Annual Sale price, per garment 47c

Men's Sweater Coats at \$1.00

Special showing Saturday of these much needed garments for men. They are winter-weight sweater coats in good quality wool and have "V" shape, or high storm collars, two pockets; close-fitting cuffs and pearl buttons and come in all leading popular colors with assorted trimmings; sizes small, medium and large. Semi-Annual Sale price 1.00

Men's Silk and Knitted Neckwear, 17c

The silks are good qualities in the four-in-hand shapes in all styles, wide, open or folded ends and are shown in a great variety of patterns and colorings. The knitted ties are to be seen in a medley of color harmony; ranges of cross-bars and combination two-tone effects, and made with slip-easy neckbands that will not stretch. Semi-Annual Sale price 17c

Men's Suspenders, 29c

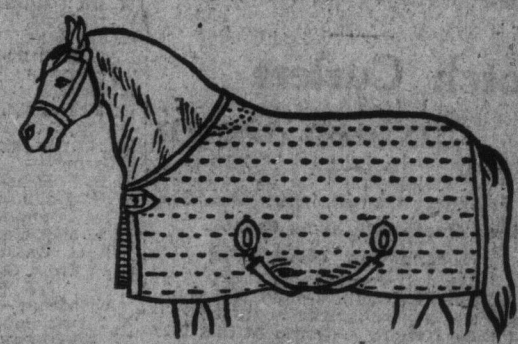

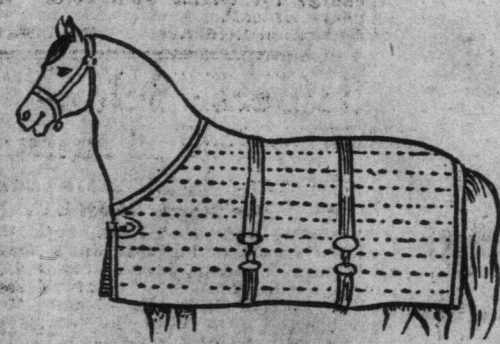

Excellent patterns in extra strong elastic web suspenders, in cross-back style with heavy leather cast-off ends; dome fasteners and gilt, adjustable buckles. The Semi-Annual Sale has severely tampered with the price of these and they are offered Saturday at reduced price to clear 29c

Men's and Boys' Knitted Mufflers, 25c

Phoenix style mufflers in fancy weaves and with one or two dome fasteners. They fit snugly around neck and have full, generous chest protector. Colors, white or navy. Special price, Saturday 25c

Great Horse Blanket Values from Basement Saturday

The essential features of a horse blanket are: One that fits well, stays on, has quality and is reasonably priced. Our brown duck blankets, 72 x 72, have all these features admirably balanced. Shaped at neck which makes them fit. Have buckle and strap at breast and double 2-in. stay-on webs which keep the blanket in place either in the stable or outside on windy days. T

THE T. E.

CO. LIMITED

\$1,500,000 FOR SITE OF ANOTHER MODEL CITY

Will Be Erected near Longueuil, Says Rumor—Sir R. Forget and Other Financiers Involved.

MONTREAL, Jan. 4.—Rumors that another model city is to be erected on 300 acres of land at Longueuil, have been set afloat by the sale of such a parcel of land to the Montreal South Land and Improvements Company by a syndicate represented by J. A. Morin. The price obtained was \$1,500,000, the greatest amount ever paid in Longueuil for real estate. The purchasing company was represented by Messrs. Duncan McDonald and Patrick Dubois. Real estate men this morning spoke of \$1,500,000 as a most unusual figure and they seemed to think it excessive. The impression seems to be that such a large purchase must have been made because the interested parties may know that a tunnel under the St. Lawrence or some such project has been definitely determined upon.

The Canadian Northern denies all knowledge of or any connection with this deal. The principal members of the Montreal South Land Company are some of the best known financiers of Montreal and include: E. A. Robert, R. S. Sir Rodolphe Forget, McIntyre, Galbraith and J. L. Perron.

It is stated on good authority that the Montreal Street Railway is not connected with the deal as a corporation, although certain individuals of the company are.

Some Medicines Are Lax. Dr. Hastings is vexed with some local physicians, who, he states in his monthly bulletin, are not reporting contagious diseases as they should. Steps may be taken to prosecute these offending doctors.

WIN FOR GRAND TRUNK

Forces Recognition of Its Claims to Share in Immigrant Traffic.

MONTREAL, Jan. 4.—The fight which the Grand Trunk initiated in order to force its claims to a share of the immigrant traffic from American Atlantic ports to the "Canadian Northwest, and in particular to the traffic destined for points on the lines of the Grand Trunk Pacific, has ended in victory for the company.

The Trunk Line Association has agreed to the company being given a representation in the tariff on immigration business, and has allowed it to book passengers from Atlantic ports via Suspension Bridge and Chicago to Winnipeg, for \$25 each, as is charged on the New York Central and Canadian Pacific lines. The Grand Trunk also will have representation on Ellis Island.

There is rumor that the Canadian Pacific now intends to reduce rates via Montreal, but this cannot be confirmed.

INJURED CYCLIST LOSES CASE.

Judge Morgan yesterday afternoon dismissed the action, with costs, against William Maher, a liverman, brought by George Bailey, a building contractor, for \$500 damages for injuries sustained when the plaintiff was run down by a motor car driven by the defendant.

The judge ruled that as the plaintiff was riding his bicycle on the left side of the street when he was struck by Maher's auto, and breaking the traffic rules, he could not claim damages. The accident occurred Sept. 7, 1910, at the intersection of Dundas-street and Roncesvalles-avenue.

To Check Consumption.

Deaths from tuberculosis numbered 570 during December, according to the monthly bulletin issued by the medical health officer. Dr. Hastings suggests a co-operation of the municipalities and counties of the Dominion to stamp out the white plague. He says that this could be done effectively and would be the best way of riding the country of this dread disease.

"Back to the Land," for ex-Mayor. It is announced that the Brookdale Farm, 20 miles north on Yonge-st., has been purchased by Thos. Urquhart, former mayor of Toronto. Mr. Urquhart will make his summer home out there, but does not intend following agricultural pursuits.

WANT \$125,000 FOR WEST CHINA UNIVERSITY

Canadian Methodists Pledged For That Amount—To Promote Mission Work Among Italians.

Canada was yesterday pledged by the Methodist Mission Board executive to raise \$125,000 for the West China University.

The executive was in session at the Lord room all day. Rev. Dr. Carman presided. Rev. Dr. Chown, the associate president of the Methodist General Conference, was also present.

At the morning session the executive made J. H. Arup officially the laymen's movement secretary for the board. He had been acting in this capacity pending confirmation by the executive.

A committee was appointed to devise means for meeting the shortage of men for the home mission work which has led to a scarcity of missionaries for several years.

Approval was voted the offer of the students of Victoria College to send one of their number to Italy to study the habits and the language of the people with a view to mission work among Italians in Canada.

Rev. Prof. Bowles, representative of the Canadian Methodist board on the rectorate of the Central China University, which met recently at New York, said that a Canadian had been appointed educational secretary to work in West China with a view to co-ordinating the educational system from the primary school to the university. The man chosen for this important work is Rev. E. G. Wallace, son of Rev. Prof. Wallace of Victoria College.

Rev. T. E. Shore, general secretary, announced that he had received a cable stating that 18 Canadian Methodist missionaries had arrived at Shanghai from the interior.

No Ground of Protest. KINGSTON, Jan. 4.—(Special).—City Solicitor D. M. McIntyre says the liquor men have no ground for protest in the vote on license reduction, as the number of licenses to be cut off was not mentioned on the ballot, which was drawn in accordance with the provisions of the statute.

DEALING, Jan. 4.—(Special).—The formal opening this morning of Berlin's new \$100,000 public school was a forward movement in educational work here. The new school is a nine-roomed one and provides accommodation for third and fourth classes. There were 40 in attendance this morning.

The new school fills a long felt want in public school life, and provides for the "95 per cent," something not heretofore enjoyed, that is, a graduate of this school will be armed with a diploma with which he can enter the third form at high school.

The dedication of the school will take place on Jan. 12, at which the Hon. Dr. Fyfe will be present.

Dr. Lackner, M.L.A., is wearing a broad smile these days, and the reason is that he is being deluged with applicants for the shrievalty, which is now vacant in Waterloo County. He assured your correspondent that no recommendation would be sent to the provincial secretary for at least two or three weeks. On the streets this morning the name of William Lackner was freely mentioned, but this rumor the doctor would neither deny nor confirm.

Mr. Home Smith, in speaking of the project, said that the line was being built in order to facilitate the opening up of the land in the Lambton section. The new line, he said, would benefit the west end of Toronto Junction and Swansea. The best possible service will be given, and the cars and equipment will be up-to-date in every particular.

Speaking of the proposed new electric line, Controller Foster said that in his opinion the city should build a line connecting Dundas-street with the Lake Shore-road. He thought that such a line could be built down Jane-street to act as a feeder to the Lake Shore line.

SEEK FRANCHISE FOR HUMBER VALLEY LINE

But City Council is Likely to Oppose Strongly Project of English Capitalists.

A problem has arisen in connection with the Humber-boulevard scheme, thru the announcement credited to R. Home Smith, that an English syndicate is seeking a charter from the Ontario Government, giving the right to build a double-tracked radial line from Lambton down the west side of the Humber to the lake shore, where it was expected that running rights over the Mimico line tracks would be secured, which would give the line a terminus at Sunnyside. He said that if permission were obtained construction work would start in the coming spring.

But will the promoters get the privilege sought? Apparently not, for at the city hall, where the boulevard scheme is generally favored, this outgrowth of it is not at all popular.

When asked about the conditions specified by the promoters of the Humber River Electric Railway, to the effect that if the line were built, the city should annex that district, Corporation Counsel Drayton stated yesterday that in his opinion the charter would not be granted on these conditions. The city does not want any more private railway charters or franchises, he said.

To Open Up New Section. Mr. Home Smith, in speaking of the project, said that the line was being built in order to facilitate the opening up of the land in the Lambton section. The new line, he said, would benefit the west end of Toronto Junction and Swansea. The best possible service will be given, and the cars and equipment will be up-to-date in every particular.

MAY EXONERATE MOTORMAN

Evidence at To-night's Inquest Promises Developments of Interest.

The inquest into the disastrous street car wreck of Christmas Eve will be resumed at the morgue to-night and it is expected that considerable new evidence will be put in. There are in all about thirty witnesses for the crown and T. C. Robinson, K.C., who is appearing for Motorman William Moore, says he has witnesses who will state that the car came to a full stop at the Don bridge and that the motorman applied the car brakes as the car descended the grade west of the bridge.

Stewart Milne, 68, Winifred-avenue, will swear to having boarded the car at the bridge and Arthur Stanley and Samuel Brown, 27 Coxwell-avenue, will testify to having seen the motorman apply the brakes while passing the car barns.

Fell From Window. KINGSTON, Jan. 4.—(Special).—Michael Tremblay, aged 83, accidentally fell 20 feet from one of the windows at the House of Industry, where he is an inmate and will die from his injuries. His former home was in Ernestown.

More than a year ago, Brown met Miss Aileen Horton, a Kansas City debutante. The two were married and young Brown brought his bride to his father's home. The father did not take kindly to the marriage because of the youth of the two, and told his son he would have to shift for himself. Young Brown said he and his family were happy and that he would not ask his father for support so long as he was able to work.

PREFERRED BRIDE TO MONEY

Son of Millionaire Mine Owner as an Ordinary Mine Worker.

DENVER, Col., Jan. 4.—Lawrence Brown, the only son of J. J. Brown, millionaire mine owner of Denver, is compelled to pound a drill in a mine at Victor, Col., in order that his young wife and five weeks old son may have the necessities of life.

More than a year ago, Brown met Miss Aileen Horton, a Kansas City debutante. The two were married and young Brown brought his bride to his father's home. The father did not take kindly to the marriage because of the youth of the two, and told his son he would have to shift for himself. Young Brown said he and his family were happy and that he would not ask his father for support so long as he was able to work.
