FIREMEN MADE RECORD TIME

Demonstration of Seagrave Aerial Truck Given for Halifax Official, Who Was Greatly Surprised.

For the purpose of looking into the mechanical appliances of the Toronto fire brigade, Michael Condon of Halifax, N. S., mechanical superintendent of the fire brigade there, spent yesterday in Toronto, and was given an exhibition such as he never saw before. He was taken in charge by Capt. Quinn of Lombard street fire hall, who is in charge of the aerial ladder truck. During the afternoon a demonstration was given in the presence of several civic officials, and Mr. Condon of the Seagrave Motor Company, which caused the onlookers to express great surprise. The aerial truck was run out, and the ladder was raised while the horses were on the run. The run was about 175 feet, along a space where there were no overhead wires, and seven seconds from the time the horses stopped, the ladder was in the air. Mr. Condon stated that he had never seen anything like it before, and was loud in his praise of the way the truck was handled by the men, and the efficiency of its manufacture. This truck, a Seagrave, has been in Toronto since shortly after the big fire of 1904, and has given such satisfaction that several similar trucks have been ordered by other cities in Canada. It is probable that Mr. Condon will recommend that one be purchased for use in Halifax, where the streets are very hilly, and where efficient fire appliances are necessary.
