## FORCED TO STEAL AS LAST RESORT

Frank McCullough Insists to Spiritual Adviser He is Reformed Man.

If Frank McCullough had not followed his religious teaching as closely as he claims to have done when he escaped from the jail, he would not have been back where he is today, according to a statement made by him to the Rev. R. B. Nelles, McCullough's spiritual adviser. Mr. Nelles spent yesterday in the death cell with McCullough. The prisoner, Mr. Nelles said, is in fine spirit, is eating well, and the quiet at times is not despondent. McCullough said that when he escaped he intended making his getaway in a clean-cut manner, but his plans turned out badly, so he stole as a last resort.

He expressed a desire that Mr. Nelles inform those people who have confidence in his reformation that he was trying to do his best. McCullough has been denied the privilege of having paper in his cell to draw on. He is furnished with all the cigarettes he asks for. Mr. Nelles will leave Toronto Sunday night after for Ottawa where he will confer with the minister of justice in effort to have the death sentence commuted to a sentence of life imprisonment.

## OVERSEAS CLUB DOES GREAT WAR WORK

At the meeting of the Oakville Canadian Club held in the council chamber, Oakville, last evening, the officers for the next club year were elected and arrangements made for holding the annual picnic. R. E. Hore, vice-president, presided and introduced the speaker for the evening, Francis R. Jones, F.R.G.S., who for the past two years has been acting as secretary of the Overseas Club and Patriotic League in London, Eng., and is now touring Canada as its special commissioner. He told how the Overseas Club has raised \$50,000,000 for war purposes and also how he had secured for the Canadian military authorities a complete squadron of 16 airplanes to form the first squadron of the new Canadian Royal Air Force.

Mr. Jones is arranging to make a trip from Halifax to Vancouver, visiting all important points, with the object of increasing the membership of the Overseas Club.

## FINED FOR ASSAULT

John Sullivan was yesterday fined \$25 in the sessions by Judge Coatsworth for having assaulted John Morrison, a co-worker at Morrison's Brass Works. To Judge Coatsworth Sullivan stated that the reason the trouble had come about was because of Morrow, who was "always crabbing."

## STRENGTH FOR THE DAY'S WORK

DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and That Does Not Weaken the Body by Useless Purging.

There are thousands of people throughout Canada who are without ambition or strength to do their day's work, and who are always tired out, have but little appetite and a poor digestion. They cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness, because their blood is impure. To men and women in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood which they build up to its normal strength. As the blood becomes rich and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the wastes caused by worry or work. In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

**BLOOD TURNED TO WATER.**

Miss Jessie McLean, Trenton, N.S., says: "I was as weak as it was possible for any one to be, and yet I was able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless, and when I went upstairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills. I had no reason to be grateful that I took the advice, soon after beginning the use of the pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and men."

**RHEUMATIC PAINS.**

The sufferer from rheumatism who experiments with outward applications is only wasting valuable time and good money in depending upon such treatment, the trouble still remains, and is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease thru the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood; they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Escuminac, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking the pills for some time the rheumatic pains and stiffness in the joints disappeared and I have not had any return of the trouble."

**A GOOD DIGESTION**

Mrs. William Dale, Midland, Ont., says: "I suffered for a long time from a severe form of indigestion, and had doctored so much without benefit that I had all but given up hope of getting better. Everything I ate caused me intense pain and some

## SPENCE GIVES VIEWS OF DRY MONTREAL

Compares City to Dipsonian Under Imperfect Control.

HALF AND HALF

Prohibition Beer No Solution to Stopping Drink Traffic.

"Did you ever know anyone who suffered from an irresistible and insatiable craving for intoxicants—that is a dipsonian—cured of the drink habit?"

That was the way the Rev. Ben. Spence, secretary of the Dominion Alliance, described Montreal and the administration of its half and half prohibition act, when asked his views on the open selling of "hard stuff" in the bars of that city.

Mr. Spence was not surprised at the information—it was news to him in fact, as he has had no report from Montreal for some time past. He contended it was almost an impossibility to limit the supply of liquor properly with an act that allowed certain drinks to be consumed legally in bars and prohibited others from being sold. It was not reasonable to suppose that any such measure would be a success. Half drinking and half not drinking was no good from a prohibition point of view. When was a case of all drink or all prohibition then the act could be worked by the authorities and if necessary the alliance would see that it was properly administered. Another reason against the proper working of the Quebec prohibition act was that Mr. Spence termed the "hybrid" population of Quebec. It was almost impossible to get unanimity in a mixed race and especially over such a half and half measure as the Quebec authorities were trying to administer.

**Very Hopeful**

In regard to the future of prohibition in Ontario, Mr. Spence was very hopeful and he said his alliance would put up a big fight and he hoped they had a stiff one before them. The present agitation was not, in his opinion so much from the people, but from the brewers and spirit dealers. These people wanted to put a little more "kick" into the beer—not too much mind you—so that a man after a glass or two would begin to feel good and would go on drinking until he was drunk. That would mean more profit to the brewers. There was plenty of money behind the brewers' agitation and let it be said was coming in to them from the States, as it would be a flag day for these people if they could make Toronto wet. But Mr. Spence has too much confidence in the common sense of the people to ever think that Toronto will wander from the path of prohibition. Michigan went dry by a overwhelming majority and he thought the Queen City would follow suit.

## W. C. T. U. COMMENDS BRAVE BOY SCOUTS

As a mark of appreciation for their splendid work on the recent W. C. T. U. tag day, the western union W. C. T. U. and the Barbara "Y" tendered the boys of the 14th troop boy scouts a complimentary banquet at the West end Y. M. C. A. on Thursday night last.

The boys and especially their manly little patrol leader Cyril Hawley, came in for all kinds of commendation and praise for the way they stuck to their guns on April 4, despite the menace of a hostile crowd. As one of the boys put it at the time when he was asked would he go on with the scout if he were afraid of anything.

During the banquet stories of camp life were told, and later the boys of the troop exhibited the first aid drill. After the good things had been disposed of a musical program interspersed with speeches was put on. Those who assisted at the musical program were Mrs. Ian Maciver, Miss Ruth Dowling, and Miss Sinclair. The speakers were Mrs. Chas. Liddle, Mrs. Trotter, Mrs. Sweetman, and Mrs. J. H. Forester.

## GLASGOW MEN MEET AT FORESTERS' HALL

Spirit of Auld Scotland is Breathed in Song and Speech.

Auld Scotland will not be forgotten as long as the Glasgow and District Association hold such evenings as the one at Foresters' Hall, last evening. Despite the rain, the audience filled every seat, and standing-room at the back was at a premium. The chair was taken by the president of the association, John McLure, who in his opening remarks spoke of the great patriotic work of the city of Glasgow during the war, and of the district forty miles around, which was like one huge arsenal.

The pipes opened the program, introducing the "Highland Flair" by "Sword Dance" by two young experts, Ira Simpson and Mat Frew. "Anus Macdonald" was sung with fine spirit by Miss Barbara Foster, George Neil, sweet tenor was heard in "Afton Water" and the Auld Scotch Songs, by Mrs. Jean Anderson Thirde. Miss Nellie McGee touched the heart of her audience in her violin selections, grave and gay, and the humorous note was given in the recitation and songs of Jim Reid, every number being enthusiastically applauded. A program of dances concluded the evening's entertainment.

## PASSED BAD CHEQUES.

Ella Parks, a young 16-year-old girl, appeared before Judge Coatsworth in the sessions yesterday on four charges of false pretences, uttering false cheques. The total amount for which the young lady passed bogus checks exceeds \$700, and the money was spent mostly on jewelry and clothes for herself and family. The case will be resumed next Tuesday, and meanwhile the girl remains in custody.

### Supervision

The Soldier Settlement Board has a staff of agricultural advisers, whose duties are to promote the prosperity of the soldier settler by timely advice and assistance. It is also enlisting the co-operation of experienced and successful farmers, located near at hand, who will direct and assist the settler to make a success of his undertaking.

### Special Transportation Rates

The Railway Companies of Canada have offered special rates to soldier settlers who travel for any of the following purposes:

- (a) First trip to appear before Qualification Committee, to work with farmer, to attend an agricultural school or to look for land;

## CLEVER GIRLS DIRECT THREE ELEPHANT HERDS

The Sells-Floto circus, which the budding youth of Toronto is tickled hilarious to know is going to display its myriad wonders on the Danforth Park circus grounds next Tuesday, May 20, makes a specialty of its trained elephants. And according to all accounts their big pachyderms are as multitudinous as they are clever. The elephants are utilized in "The Birth of the Rainbow," the "big spectacular" which introduces the series of stunts in the three rings and on the esplanade; they make a brave showing in the menagerie, and they fill a big professional niche in the opening street parade.

A novel feature of the Sells-Floto elephant performance is the fact that the three herds are directed by a trio of clever girls.

## Real Wonder-Worker For Wrinkled Faces

Those who have tried all sorts of so-called "wrinkle" remedies, in effort to lose those unwelcome traces of age, sickness, worry, can scarcely find words to express their delight with the wonderful saxonite formula, once they have given it a trial. The success of this method is due not alone to its marvellous effectiveness—upon the deepest lines, the ones—but also to its surprising quick action and its entire harmlessness. It is not only the effect on wrinkles and creases that is so noticeable, but facial contour is remarkably improved and the face looks much younger. One should be sure to ask the druggist for the powdered saxonite. The lotion, being so refreshing, is particularly grateful to tired faces.
