BERLIN, May 15.—In the produce section of the bourse to-day parces opened strong, owing to the publication of a despatch announcing that only one-tend of the Canadian wheat crop had been planted, interviews with leading grain merchants and members of the produce section of the bourse to-day parces opened strong, owing to the publication of a despatch announcing that only one-tend of the canadian wheat crop had been planted, interviews with leading grain merchants and members of the produce section of the bourse here resulted in ascertaining that a feeling of great uncertainty prevalls. The dealers generally are disposed to regard the present wave of speculation as being an exaggerated one. All admit, however, that the linited States bolds the key to the international situation, but the tendeucy is also premature to predict a heavy shrinkage of production as certain at so engly a period in the season, the spring sowing being too little advanced to be estimated as a factor in the general yield. Various reports of poor crop prospects in Germany, Hongary, Roumania and Russia figure in the price movement here. Dealers, however, expect high prices to continue.

STILL HAVING WINTER. B. Spurr Gives His Impressions of Some of the Properties.

J. B. Spurr, writing from Glroux Lake, eight inches; rain all day to-day. The ice as yet as to the course the department is still firm on Cross Lake, and two men will adopt in the matter. rossed it to-day. The roads will be very bad again for several days, but this has nothing to do with the shipment of ore, as few of the mines have much to ship. The Temiskaming is taking in a large boiler for a 30-drill compressor, which has been on the road for about two weeks. They got as far as the Drummond Mine on Saturday and I should like to have sent a snapshot of the four teams trying to get it up a steep grade there. I have a good camera with me, and may get a snap to measure.

a steep grade there. I have a good camera with me, and may get a snap to-morrow if there is a fair light.

I see by the news that a broker has called some of the mines here "prospects" and I think he is quite right. It is riddenlous putting such things as Silver Leaf stock on an exchange. They are not getting any more ore than you could get on Yonge-street. Peterson Lake is simply doing nothing. It is a good prospect, nothing more, I see that Silver Queen and Trethewey stock continue to go down in spite more. I see that Silver Queen and Trethewey stock continue to go down in spite
of recent shipments, and Foster keeps
about the same without any shipments. I
should not be sumprised to see Foster go

FRESH FINDS DAILY.

The superintendent of the Empire Lar-der Lake Gold Mining Company arrived in town this morning, and his account of the town this morning, and his account of the activity of the camp is more than encouraging. He reports that rich finds are being made daily, and that fresh discoveries of free gold are now a common experience. The work on the property of the Empire Larder Lake is being pushed ahead as fast as possible, and it is his opinion that by June the whole world will be astonished at the richness of the camp.

These 800 Acres Were The First Claims Staked In The Rich Larder Lake Field

Last Summer, before any staking had been done in the Larder Lake region, our experts located TWENTY goldbearing claims, amounting to eight hundred acres, two miles north of Wilson's Bay, of Larder Lake. (You can have a map of the property for the asking.) On some of the claims there are wide reefs that assay from \$7.50 to \$18 a ton. We have assays on file that show as much as \$1.800 a ton. There is no richer property in the country—and Larder Late is as RICH AS THE FAMOUS RAND of South Africa. All our holdings are in ONE BLOCK, which means economy in working the claims. The ore on these properties is FREE-MILLING—we have our own water-power on the property. We have an abundance of wood and water—every item that counts in the economical operation of gold mines. Our expenses will be far lower, and our assays are higher than those of mines which have paid siventy millions in dividends—and our ore will grade far higher.

We have nothing to hide, nothing to lie about. We ask you to learn the striple facts, and we are ready to put them before you and to prove to you that bearing claims, amounting to eight hundred acres, two

CHARGEOF DEFRAUDING WIDOW Magistrate Denison Commits Robert Forbes for Trial.

Traders Bank Bullding, Toronto, Ont.

Robert Forbes was before Magistrate Denison in the police court yesterday on a charge of defrauding Mrs. Enima Meredith, a widow, with two

children, out of \$800. Forbes rented a house on Richmondstreet from a Mrs. Hawkes, and contracted last February with Mrs. Meredith to sublet it on the pretence that his lease did not expire until May, 1908. Mrs. Meredith got together \$400 and gave a chattel mortgage on her furniture for the balance. A few days ago Mrs. Hawkes turned up to collect the rent with the story that Forbes' lease expired this month, and that he had no right to sublet the
