The winner of the first event was A. E. Sprinks, time 3 min. 35 secs., while Tibbett's crew, composed of Tib-bett, Connors, T. Thompson and W. Sprinks, won the fours. The results of the various heats in

During the races Ned Hanlan, the famous sculler, gave an exhibition of his command of a shell. He very cle-verly imitated the actions of a novice handling the oars and nervously try-ing to recover himself after "catching a crab" and making other awkward blunders and finally upset, with well-simulated terror, into the bay. Then reversing things, he handled the shell as only a master of the art of rowing could, standing upright, changing oars and doing other clever stunts in

his cranky craft.

The Tecumseh team as a whole did not play up to form. They did not seem to strike their gait until the last ten minutes of the match, when they put it on the Caps for sure.

The game was delayed a long time ow-ing to the absence of officials. Only Pick Lillie of the two selected showed up, and it took many minutes for the teams to agree upon another official. Finally Charlie Lowe, the great home fielder of St. Catharines, was persuaded to act,

and the game went merrily on. Both Referee Lillie and Judge of Play Lowe are western men. Their work was fully up to anything we have seen here from eastern officials. A few things got away from them, but, then perfect officials are like her's teeth cials are like hen's teeth.

The only serious oversight was on the part of Lowe in the final stages of the last quarter, when Querrie was knocked down by a blow on the head without the offender being penalized.

The work of the Caps surprised themselves. Before the game they had no idea they could even give the Indians a close game. However, they not only gave the spectators a good run for their money but they came very close to pulling out a

MONTREAL, Aug. 18.—(Special.)—The Quebec Rugby Football Union held a meeting last night at the M. A. A. clubhouse, and it was decided unanimous-At Adelaide, Australia, the All-Canadian team defeated All-Australians by 6 goals to 4. Ten thousand people are reletion for the Atnelaide Federation.

Only two other pieces or business were dealt with. It was decided that a committee should be appointed to revise the constitution, so that junior and intermediate clubs, which are in the great majority, should not by dint of numbers control the policy of the senior clubs of the union. A new first vice-president was Cornwall 10, Torontos 8—and in Cornwall's corner lot, at that.

Hats off to the Torontos!

They certainly showed a decided reversal of form.
