The Eastern Mining Syndicate is a Mutual Company operating in Canada on the same principles as similar British Corporations which have been so successful in Africa

Its officers and directors fully recognize that the confidence of investors once gained must be retained, and that if the shareholders are to be benefited every precaution must be jeld and direct investment into the characters of British Columbia and taken to shield and direct investment into the channels that will be profitable. They have therefore secured the services of reliable experts in the mining regions of British Columbia and Ontario from whom reports will be secured before the Ontario from whom reports will be secured before the purchase of any property will be considered and consummated.

The Syndicate also has acquired interests in the following valuable locations:—

A controlling interest in one of the best claims in the Trail Creek District, purchased outright and fully paid for.

Options on three promising silver-lead properties in the Slocan District.

Two locations in the Rainy River District now being examined.

A splendid partly-developed property in the Jack Fish Bay gold mining region.

Locations having an area of 320 acres, well mineralized, in the Sudbury District.

On Lake Wahnapitæ a partially-developed gold location.

Reports and descriptions of the above properties can be examined by shareholders at the offices of the Syndicate.

Shares until Wednesday, 25th, 20 Cents per Share.

This is without doubt one of the strongest Development Companies yet put on the market, the high ing of the directorate assuring stockholders that their interests will be economically and judiciously nandled. Your subscription, if small, is united with others until the sum is reasonably safe to operate with you are promised no enormous dividends so as to entrap your money. You assume no liability beyond your subscription, but we believe that this is a choice investment, and the probability of large returns, comared with the possibility of only a small loss at the greatest, is such that the plan will commend itself to

OPTIONS AND INTERESTS.

The management has secured the following interests in both British Columbia and Ontario:
Options on three promising locations near the famous "JUMBO" mine, Rossland B.C.
Two locations in Rainy River district, one of which will be examined minutely as soon as transportation its it in the spring, whilst the other is under negotiation.
Two properties in the wonderful Slocan (silver) District, B.C., one in the White Water Basin, being under opheld by us, the other in which an interest is being negotiated for at present.
Locations in Jack Fish Bay, having an area of about 500 acres, which will be carefully examined by our exswith a view to purchase.

A location in Boundary Creek District, B.C., which is well mineralized, and which will be reported on in early spring. In the event of good reports work thereon will be pushed rapidly, and if thought advisable by management, purchase will be proceeded with, besides several other partially developed properties in the Lake me Woods, Trail Creek, Slocan and Boundary Districts are receiving the attention of the management.

Mining, Exploration and Development Corporation of Ontario, Ltd.

Non-Personal Liability Incorporated under Sec. 18 of an Act relating to Mines and Mining Lands.

Capital \$475,000.00, Divided Into Shares of \$1.00 Each.

Although the Great Northern Mining Corporation have only received their charter about a month ago they have already sold sufficient shares to ensure the immediate object of the company, namely, to commence operations in developing their claims, and with the proceeds of sales now in bank have an ample fund to ensure a full testing of their claims. They have commenced work on four claims, which are among the most promising, and have now regular gangs of men at work on the development. These are the Northern Light, the Partridge, the Mississauga and the Golden Egg. The intention is to at once begin development
on all the claims which have shown fair surface assays, and it will be remarkable indeed if they do not make several rich finds. They have at present 60 claims under option, for none of which they have to pay a dollar, but merely to give the owners a small percentage of the net returns, whether worked by the company or sold to English investors.

Twenty-five thousand fully paid-up and non-assessable shares of Treasury Stock now offered for sale to the public at the low price of 50 cents per share.

Applications accompanied by a cheque for blocks of twenty shares and upwards will

One of the largest stockholders is Mr. F. A. Heinze, the President of the Trail Smelter and the Columbia & Western Railroad, and the directors congratulate the shareholders on this fact, as beyond the advantage of Mr. Heinze's position and interest he has promised to to assist the operations of the Zilor Company by railway connection with the smelter and the port of Trail for shipment of ore and supplies.

The ledge is 18 feet wide, extending the entire length of the property. The mine is one of the first locations in Rossland Camp.

Work being actively prosecuted under experienced and capable management. The first allotment of 50,000 treasury shares will be sold at 15 cents. The next or second issue of 50,000 will be sold at 20 cents.

The "ZILOR" is on the base of the same mountain as "Deer Park" Mine for which \$500,000 has been refused.
