New York, Nov. 3.—The Republicans retained control of all the branches of New Jersey's government, as a result of yesterday's election. While the Democrats made gains, the Republicans will have a majority in both the Senate and the House.

A COMPLETE REVERSE.

The State of New York Has Apparently

Albany, N.Y., Nov. 3 .- The complete eturns from the State, which are coming in slowly during the early hours of morning, demonstrate that the Republican landslides of the past two years have been reversed, if not by giving as large a majority for the Democrats, at least by changing something like 240,000 votes. Governor Black's plurality in the State last year was over 200,000. John Palmer, the Republican Secretary of State, won the year previous by over 100,000. The indications are that these programs struck town yesterday, and last

The proprietor caught one of them, and the other struck Mr. Marshall on the head with a heavy club, knocking him down.

The two men then ran east on Dundasstreet and up Light-street. A hue and cry was raised, and they were overtaken by a large posse of citizens on Welling.

The sentiment in favor of the Chicago platform shows a healthy growth throughout the country. Perhaps our opponents will now admit that silver is not dear. The attempt to secure international bimetallism has proved a failure, and it is now more apparent than ever that the people of the United States must legislate for themselves on the financial question. Free and unlimited coinage at 16 to 1 is nearer now than it was a year ago. High tariff upon a gold basis has disappointed those Republicans who looked to it for relief. Taken as a whole, the returns are very encouraging. I think I voice the sentiments of Democrats, Populists and Silver Republicans, when—I say the fight will be continued with even more earnestness, until the gold monopoly is broken and the money trust is overthrown. The fusion forces increase their percentage in Nebraska, and probably their actual majority.

Mr. A. M. Brown moved a resolution to take the names of those who wished to join the association. Chairman Kent ruled that no person

When the President answered that he could not allow them to do so, their dissatisfaction was expressed in no mild terms.

An attempt was made to go on with the election of officers, but this caused such an uproar that Mr. C. C.
