A crowd of 10,000 people were at Churchill Downs yesterday to see the second meeting of the contestants for the Derby honors, and incidentally the five other races. Only Lieber Karl and Plaudit went to the post in the Clark stakes. Lieber Karl was heavily played, at prohibitive odds of 35 to 100, while Plaudit, by reason of the odds ern League game, played here last and his performance in the Derby, carried considerable money at 20 to 1. Pleasant Dreams. It does not lie in the painter's fancy to imagine a prettier picture than that of a young girl, with lips luscious with the promise of love, half parted in the smiles of happy dreamland. The mind of happy maidenhood is a clear and polished mirror, which, when the wits go wandering into the ghostland of dreams, reflects the impressions of waking hours. If those impressions are pleasant and painless and happy, she will smile in her sleep. If the impres-sions are those of a suffering woman, tortured with the special ailments to which tured with the special ailments to which the feminine organism is liable, the picture is spoiled by the lines of suffering and de-spondency. Maladies of this nature unfit a woman for joyous maidenhood and for ca-pable motherhood. They incapacitate her to bear the burdens of life in any sphere of action. Household, marital and social duties alike are a burden to the waynes who duties alike are a burden to the woman who duties anke are a burden to the woman who is constantly suffering from headaches, backaches, dragging sensations and weakening drains. Dr. Pierce's Favorite Prescription positively, completely, unfailingly cures troubles of this nature. It impacts health effects without the discount of imparts health, strength, vigor to the distinctly womanly organs. It fits for care-free, healthy maidenhood, happy wifehood rice, healthy maidenhood, happy wifehood and capable motherhood.

"I have a little step-daughter who had St. Vitus's Dauce, which your medicine cured," writes Mrs. T. F. Boze, of Ford, Dinwiddle Co., Va. "I spent about twenty dollars for doctor's bills and medicine, and it did not do the child one cent's worth of good. We commenced giving Dr. Pierce's Favorite Prescription and Golden Medical Discovery' and used three bottles of each, which cost only six dollars. Now the child is running around every where and is just as healthy as ever."

#### WARLIKE ITINERANTS.

A Canadian Minister Extends to Them

His Best Wishes. Buffalo, N. Y., May 12.-An oldfashioned testimony meeting began the day at the Itinerants Club's session in Delaware Avenue Methodist Church. It was led by the Rev. George M. Harris, of Le Roy, and was participated in by many of the clergy. The programme proper began at 10 a.m., when President Merrill introduced Prof. George Whelpton, who spoke on "The Physiology of the Vocal Organs." Prof. Whelpton said he did not know of any class of men who abused their throats as much as do ministers. That arises from the great demands upon the men of the cloth. He advised economy in the use of the voice. He said 'clergyman's sore throat" is the result of abuse. A knowledge of the anatomy of the throat is useful to ministers. The structure of the vocal apparatus was described in an interesting way, and a good deal of good advice given to the ministers.

Another Canadian orator was introduced when Rev. J. Henderson, D. D., of Toronto, was announced to speak on 'Who Ought to Support Christian Missions?" "One has just to come over the line these days," said the lecturer "to discover that the all-absorbing topic here is the war. But one has not to cross the line to discover that the Canadians are jubilant over the success of the Stars and Stripes. There are thousands of young Canadians anxious to enlist. There is a solidarity in the Anglo-Saxon race. Across the sea Ingland is praying that the outcome of the war may be that the fair daughter Columbia may take back her er-take back her saucy daughter. All England sympathizes with Ameri avoidable struggle between two distinct civilizations, the one humane, the other inhumane; the one representing democracy, the other proud tyranny. We Canadians hope that this war will wipe out every vestige of Spanish op-

Mr. Henderson referred to Methodism as a mighty revival sweeping two continents. The spirit of Methodism is the revival spirit. This generation emphasizes reality more than rhetoric. It is an age when, instead of going to our theology to find our Christ, we go back to our Christ to find our theology. Every man who feels he is civilized should help support missions, for Christianity is the prime factor in civilization. At a missionary breakfast a native minister said, "I am glad to be here eating a breakfast with the missionaries instead of making a breakfast of the missionaries as our forefathers did.'

In speaking of heroism, Dr. Henderson spoke of Marshal Ney, Wellington, Grant—"and," he added, "shall I add this week to our illustrious list your own Commodore Dewey?" The audience cheered itself into a frenzy of enthusiasm, and it was some time before the lecturer could proceed.
