ly attended. Rev. J. W. Orr, B. A., of Dorchester, conducted the services, preaching very interesting and instructive sermons. Rev. Robert McIntyre, of Tempo and South Delaware, occupied the pulpit, and preached to an immense congregation in the evening on "King Saul and the Witch of Endor." The sermon was very eloquent, and striking, and was listened to with breathless attention.

Rev. James Livingstone, B. A., of Wellington Street Methodist Church, delivered his celebrated lecture on "Imagination," on Monday evening in St. Andrew's Presbyterian Church, Glanworth. The lecture was a masterpiece, and was given to an audience that filled the church. At the close of the lecture the ladies of the church served refreshments. Mr. Dugald McPherson sang several solos, which were heartily received. Miss Baker, of Glanworth, acted as accompanist in her well-known manner. Altogether, the anniversary services were most successful.

On Monday evening last a number of the friends of Mr. and Mrs. Joseph Brent, of Maitland street south, met at their home and spent a very pleasant evening, music and cards being indulged in. During the evening Mrs. Brent was presented with a handkerchief, and Mr. Brent with a scarfpin, accompanied by an address, expressing the regret of all present at their removal to reside in Detroit. Mr. and Mrs. Brent have sold their residence and household effects, and do not intend to take up housekeeping this summer, but will be the guests of Mr. and Mrs. James Randall at their summer residence, on Beau Blanc Island.

FIREMEN HAVE TWO RUNS.
At 3:25 yesterday afternoon the firemen were called to a grass fire at the corner of Rectory and Simcoe streets. Only the East London company responded, and the fire was soon overcome. FOOD FOR THE GROWING CHILD
Whole-Wheat Food Declared of Greatest Value.

"The growing child especially needs the elements found in wheat preparations," says the writer of a recent issue of the article.

Malta-Vita is perfect whole-wheat food, rich in every nutritive element demanded by the body of the child, healthful and strengthening. Being a purely grain product—simply the whole of the best white wheat milled with pure barley malt extract—Malta-Vita supplies the body with all those food elements which make bone, blood, muscle and brain.

Malt extract, added after the wheat has been thoroughly steamed to gelatinize the starch, converts the starch into maltose, a most nourishing, highly nutritive and easily assimilated even by very weak stomachs. Physicians recommend Malta-Vita for its strengthening qualities, and Malta-Vita is rich in it. All grocers, 15 cents.

Among the out-of-town guests present were: Miss Kate McCallum, of New York, as "June Bride"; Miss Kate Black, of Detroit, as "Calla Lily"; Misses Kate and Edna Shoenbaum, Boston, as "Two Little Girls in Blue"; Mr. I. Taylor, Detroit, as "King George II." 20 prizes were offered, one for the best fancy dancing, the other for the best impersonation of a girl. The former was won by Miss McCallum and the latter by Mr. H. Zarey, who represented the "Goddess of Night." A splendid supper was served in the dining-room, and a thoroughly good time was spent by all present.

ALLEGED THEFT AT PARKHILL.
A lad by the name of Fred Hodson, who had been working for the past month at the Post printing office, Parkhill, skipped the town on Monday morning, taking with him, it is alleged, a lady's gold watch and fob chain, two gold dollars, a gold quarter, and a pair of patent leather shoes. When last seen he was heading towards London. Hodson is about 17 years of age, but claims to be 19. He wears a dark tweed suit, dark peaked cap, white collar, light necktie, and striped shirt. He is about 5 feet 8 or 7 inches tall, slight build, blue eyes. The number of the watch he is alleged to have stolen is 276023, Columbus movement, case No. 15332. Any information as to his whereabouts will be gratefully received by the chief of police at Parkhill.

CAN CANDY IN CANADA BE SOLD ON SUNDAY?
Not Unless It's Peter's Chocolate

Mr. N. Devlin was up before Judge Morson, of Toronto, Canada, for "selling peanuts, candies, etc., on Sunday."

"Judge Morson" (to quote from the Toronto Daily Star of May 4), "summed up the whole case in one sentence: 'Is it part of a restaurant-keeper's business to sell candies on Sunday?'"

"Suppose," said the judge, "that I went into one of these places and asked for a pound of Peter's Chocolates. I am not advertising them, but Peter's Chocolates are the best food in the world, would it be an offense against the law if I went in there on a Sunday hungry and ate a pound of these chocolates?"

"Mr. Johnston (the prosecutor), evaded the question."

Evidently, Judge Morson raised a very nice point, and under this ruling it would seem to be lawful to sell Peter's Chocolate as "the best food in the world," as it would not be lawful to sell it as the most delicious candy in the world.

It looks as if there ought to be a run on Peter's Chocolate among the law-abiding citizens of the Dominion of Canada.

PIANO AT LOW PRICES
Astonishingly Big Bargains Now Offered by J. R. Hewer, Son & Co.

A large number of changes in business premises are to take place this spring, and prospective buyers along many lines will reap the advantage of reduced prices, pending removals.

Among the more important of these changes is that of J. R. Hewer, Son & Co., piano dealers, who, since coming to this city a year ago, have done such a phenomenal business in the sale of Newcombe and other pianos.

It will be remembered that this firm a few months ago bought out the London business of the Mason & Risch Piano Company, and since that time has conducted a dual business, occupying both the Newcombe and Mason & Risch stores. For greater convenience in handling their immense business the firm has decided to remove to the Mason & Risch store, which is very large and commodious, and which is being fitted up in the most up-to-date style.

For the past month they have been offering exceptional prices in order to lessen the hardship of removing their large stock.

As they are compelled to vacate their Newcombe store within the next seven days, and as the Mason & Risch store is well in the hands of the removal men, it will readily be seen that immense bargains in pianos and all other musical goods will be the order of the day. Persons wishing to purchase a high-grade piano at the lowest possible price and on the best possible terms will do well to call at either or both of their stores, and see what sacrifice they are prepared to make in their new store before moving. They have still a few slightly-used pianos and organs which they will sell at astonishingly low prices. Both stores will be open every evening for the benefit of those who are unable to come out during the day. Phones 1268 and 2045.

No live creatures except bees will be carried by post between Great Britain and Nicaragua, according to a parcel post agreement just concluded between the two countries.

COBALT NEWS

Cobalt reports preparations for a rush of prospectors to the Abitibi country as soon as the Abitibi River opens. It is thought that as many will go there as to the Montreal River district.

The Cobalt Lake Company has a large amount of ore out and divided into four grades. Shipment of a carload of smallite by the end of this month is promised. It may be some time before high-grade silver is shipped.

Haileybury reports a large percentage of free gold in samples from the Northwest Bay property at Larder Lake. Shipments from there are expected shortly.

An officer of Nipissing reports vigorous prospecting work. The company now has 8,000 stockholders. A small vein of native silver has been uncovered for some distance on the Silver Bar.

Under the management of the brothers McCashell work is being vigorously pushed on the King Edward mine. On a cross-cut they have caught four seams, each bearing silver in paying quantities. Eighty men are employed, and housed in a well-appointed camp, and the property is being most economically and efficiently handled.

The directors of the Ontario-Quebec Cobalt Mining Company are said to have obtained options on adjoining properties, to which their veins have been traced.

We meet all competition. Do not be misled by false rumors. F. E. Smythe, grocer, corner Richmond and Huron streets. Phone 1291.

We are the introducers of the famous White House Coffee. Sold in 1 or 2 pound tins, 40c per pound. F. E. Smythe, grocer. Phone 1291.
