RUMANIANS PROMISE TO CEASE REQUISITION OF FOODSTUFFS BUDAPEST AND OTHER PLACES

Commander of Rumanian Forces Gives Word to Inter-Allied Commission—Chief Allied Food Administrator Refuses To Send Any More Supplies To Hungary Unless Assured They Will Not Be Seized by Rumania's Soldiers.

Budapest, Aug. 15.—(By the Associated Press).—As a result of the first day's conference between the inter-allied commission, Constantine Diamandi and Gen. Marghason, commander of the Rumanian troops here, a promise was made by the Rumanians that they would cease requisitioning food in Budapest and certain other localities. What guarantees were given for the carrying out of his promise is not known at present, nor is it clear when the Rumanians will leave the city.

Capt. Thomas C. Gregory, chief allied food administrator in Central Europe, appeared before the conference and said he would not assist in sending food to Hungary if the Rumanians were going to requisition it.

THOUSANDS IN MANY TRADES ON STRIKE IN NEW YORK CITY

More Industries Affected Than Ever Before by Numerous Walkouts.

OTHERS ARE THREATENED

Building Trades Announce a Tie-Up in Their Line Will Involve 1,500,000 Men.

New York, Aug. 15.—More industries are affected by strikes now going on or threatened in this city than ever before in the history of labor unions, according to figures compiled by labor leaders and made public today.

Besides the actors and railroad shopmen, those now on strike in New York include painters, plasterers, machinists, carpenters, shoemakers, the Brooklyn Union Gas Company, cigarmakers, brass workers, shirt makers, furriers, brass makers, umbrella makers and art lamp workers.

Although it has attracted little public attention, the cigarmakers' strike is the largest numerically. According to union estimates, 120,000 cigarmakers are on strike.

More Strikes Threatened.

Some of the strikes threatened are by inter-borough carmen ordered to work in the entire building trades, workers in the entire clothing industry, postal clerks and letter-carriers, transmitters and mattress makers.

A nation-wide building strike, taking 1,500,000 men out of work, was threatened in a statement issued yesterday by twenty-seven international heads of labor unions. The trouble is the outgrowth of charges that building contractors employ non-union labor.

SUPREME COUNCIL SENDS ANSWER TO RUMANIAN NOTE

Paris, Aug. 14.—The supreme council in its response, drafted today, to the reply of the Rumanian Government to the note of the council regarding the occupation of Budapest, does not ask the Rumanians to leave Budapest immediately. The council advises Rumania that the inter-allied military commission at Budapest will discuss mooted points with Rumanian officials there.

The reply of the council, which probably will be sent to Bucharest tomorrow, is looked upon as having been designed to facilitate negotiations without causing a breach.

The Rumanian army arrived in Budapest before the Rumanian Government had received the note from the supreme council asking that Rumanian troops be not allowed to enter the Hungarian capital, the Rumanian communication said.

The Rumanian Government added that it still regards itself as an ally of the Entente, and as a member of the peace conference. The Rumanian communication came from the foreign office at Bucharest, but did not bear the signature of Premier Bratianu. It was looked upon as conciliatory in tone.

It was contended by the Rumanian Government that the Rumanians in their confessions in Hungary were merely getting back their own property. It was insisted also that the armistice of November, 1918, no longer exists.

The supreme council, in its reply, said it differed from many of the points raised by Rumania, but that the inter-allied commission in Budapest would discuss them.

"Devil Anse" Last of Hatfield Clan Is Reported Dying

"Razor Back" Hog Feud in Kentucky Cost More Than 100 Lives.

Lexington, Ky., Aug. 14.—"Devil Anse" Hatfield, 84 years old, last surviving active member of this clan, in the noted Hatfield-McCoy feud in the eighties, is dying at his home in Eastern Kentucky, according to word from there today.

He professed Christianity several years ago, and has since lived very quietly. More than 100 men, women and children were slain during the Hatfield-McCoy feud, and at one time the states of West Virginia and Kentucky were at the edge because the governor of West Virginia would not surrender members of the Hatfield clan to Kentucky.

The feud started over disputed ownership of a few "razor-back" hogs, so legend says.

Duke of Connaught Wanted as King of Czecho-Slovakia

Socialists of Republic Working for a Monarchy.

Geneva, Thursday, Aug. 14.—A Prague dispatch received here quotes the Pravo Lido, the organ of the Czecho-Slovakists, to the effect that a large section of Socialists under the leadership of Deputy Durio, is working for the creation of a monarchy in Czecho-Slovakia, and that the duke of Connaught, uncle of King George of England, is "probably unaware of the honor," and that no official negotiations have as yet been opened.

GROWERS INSIST ON SPECIFIED ADVANCE ON 1919 WHEAT CROP

Western Farmers Demand an Amount Equal to Minimum Price in U.S.

Winnipeg, Aug. 15.—Declaring that it is imperative in the interests alike of the consuming public and the producer to make the amount of the advance on the Canadian wheat crop of 1919 at least equal to the minimum price now being paid in the United States, the executive of the council of agriculture has sent a statement to the Canadian wheat board elaborating the resolution forwarded by the council to the Dominion Government on August 1. The farmers of the West, it is pointed out, in claiming such an advance are doing so under the shadow of threatening financial calamity. They must, it is asserted, receive it if they are even to meet the heavy expense involved in the cost of production during the current season. The point is emphasized that the Government would be running no risk of loss, while actual conditions bearing upon the supply of wheat, it is said, justify no other methods.

The crew of the War Khan arrested the mutinous crew of the other steamer and supplied enough men to take the steamer to Brest, where it was bound. The name of the steamer on which the crew mutinied could not be deciphered from the wireless dispatch sent by the War Khan.

LEADER OF LIBERALS SENDS MESSAGE OF WELCOME TO PRINCE

Hon. W. L. Mackenzie King Dispatches Greetings On Behalf of Liberal Party.

Ottawa, Aug. 15.—Hon. W. L. Mackenzie King, leader of the Liberal party, has dispatched the following telegram to H. R. H. the Prince of Wales on board H. M. S. Dragon at St. John, N. B.: "On behalf of the Liberal party of Canada, and of its representatives in the Federal Parliament, we welcome His Majesty's loyal Opposition in the Federal Parliament, we welcome your royal highness to our Dominion and express pleasure at the opportunity your visit affords of a nation-wide expression of the ties which unite our King and country."

PRINCE RECEIVES A WARM WELCOME BY ST. JOHN CITIZENS

Crowds Cheer as British Heir to Throne Proceeds Through Decorated Streets.

LOYAL ADDRESSES Assurances of Loyalty to the King Contained in Messages From Provinces and City.

St. John, N.B., Aug. 15.—A royal welcome was extended to his royal highness, the Prince of Wales, as he set foot for the first time on Canadian soil at 11 o'clock this morning. The weather was not auspicious, rain threatening to fall shortly before the prince left his ship, but the adverse conditions in no way affected the warmth of his reception, nor lessened the enthusiasm of the greetings extended to the heir of the British throne. It was eminently fitting that the prince's first glimpse of Canada should be the city founded by the loyalists who had sacrificed so much to remain beneath the British flag, and the heartiness of the welcome showed that the same spirit still animates those who have come after them. From all parts of New Brunswick and from farther distances great numbers had flocked to join with the citizens in their welcome to the prince, and dense crowds thronged the streets and occupied every point of vantage along the route taken by the prince and at the various places where he stopped for the ceremonies arranged in his honor.

Arrival One Hour Late. Owing to a misunderstanding regarding the time arrangements the prince landed an hour later than had been expected, as he followed Atlantic standard time, while the local arrangements had been made on daylight time.

This made it necessary to defer all arrangements for an hour, but the crowds waited patiently and good naturedly. The Duke of Devonshire early went aboard the cruiser Dragon, which brought the prince from Newfoundland, and later landed with his royal highness. The prince was received with great enthusiasm when he landed. He smilingly acknowledged the applause and took his seat in an automobile with the Duke of Devonshire and Lord Hamilton. The prince's car headed a long procession of cars. Among the notables occupying them were Sir Robert Borden, prime minister of Canada; Lieutenant-Governor Pugsley of New Brunswick; Governor Milliken of Maine; Premier W. E. Foster of New Brunswick; Sir Donald Halsey of the prince's entourage, and a number of civic and provincial dignitaries. The prince proceeded from the dock through the gaily-decorated streets, thronged with cheering people, to the continued on Page Two.

BRITISH TROOPS MAN WALLS OF LONDONDERRY TO PREVENT SINN FEIN DEMONSTRATION

First Time Such Drastic Action Has Been Taken in Historic City Since the Siege of 1689—Orangemen and Unionists Determined Not To Permit Parade, Which They Term Anti-British.

Londonderry, Ireland, Aug. 15.—Troops manned the walls of Londonderry today for the first time since the historic siege of the city in 1689, as part of the military effort to prevent the Nationalist and Sinn Fein "lady day" demonstration set for today. The demonstration had been forbidden by the British commander, General Hackett-Pain.

Orangemen and Unionists, it is said, have declared their determination not to permit the holding of the parade, which they termed anti-British.

IRISH MEMBERS LEAVE FOR HOME.
London, Aug. 15.—A number of members of the House of Commons representing Irish districts left for Ireland last night after it was announced that the Government had decided to suppress all Sinn Fein and kindred organizations in County Clare as the result of increased disorders there.

A proclamation declaring all Sinn Fein organizations and Irish volunteers in County Tipperary to be unlawful was issued from Dublin Castle on July 7.

Japan To Restore Shantung and Kiao-Chau to China Without Unnecessary Delay

Tokio, Tuesday, Aug. 12.—Restoration of Shantung and also Kiao Chau to China by Japan will be made without unnecessary delay, but the time required will be dependent upon the attitude of China, said Takashihara, Japanese premier today, in answer to a question as to when actual restoration would take place.

WAVE OF ANTI-JAPANESE FEELING.
Tokio, Aug. 15.—Premier Hara and high officials of the Japanese Government discussed frankly with the correspondent what was called the "wave of anti-Japanese feeling" in America. They were plainly disturbed by reliable reports received here showing uneasiness as to Japan's attitude relative to Shantung as one cause for the sentiment of discontent among the friends of Japan, but felt Japan's repeated assurances as to restitution, with the premier's statement today, should clear the air and prevent any deplorable misunderstanding.

FEMININE SMOKERS RANK WITH MALES

Must Use Special Compartment as Mere Men Do.

London, Aug. 14.—So many British women have become confirmed smokers that in recent months railway companies have hesitated to enforce the rules against smoking in certain carriages, and it has come to be accepted that if the women passengers do not object, every compartment becomes a "smoking car."

The Great Eastern Railroad, whose general manager is General Henry Thornton, formerly of the Pennsylvania and Long Island systems in America, is the first of the railroads to change the existing order and move for a return to pre-war conditions. By a recent order only such compartments as are designated "smoking" can be used for that purpose, and even though all the passengers may consent, no concessions are made to women.

Geneva, Thursday, Aug. 14.—The Allied governments have informed the Austrian Government that it will be held responsible for Bela Kun, the Hungarian Communist leader, and for his delivery later for trial by an allied tribunal, according to a dispatch from Innsbruck. Bela Kun, it is added, will be tried for hanging and shooting Hungarians during his reign in Budapest.

Washington, Aug. 15.—President Wilson today vetoed the bill repealing the daylight saving law. Declaring the pressing need of the country was for production by industry, the president said he had been obliged to balance one set of disadvantages against another, and decide which was the most serious for the country.
