MARKETS OF WEEK In its summary of the iron, steel metal and machinery markets for week ending June 10, Canadian Machinery and Manufacturing News, Toronto, makes the following comment: manner in which Canadian

plants can produce in many lines is measured by the extent to which they can get their shipments of raw ma-terial through from United States States points. An improvement in transporta-tion should be looked for soon, but it will be gradual, and it will take some time for it to be felt fully. Some of the machine tool dealers in United States are inclined to be critical of the equipment used by their roads to keep their physical condition, claiming that much of the requirement is fifty years old, and is not fit to do repair work quickly or wall quickly or well.

e few lines report a better service this week, especially in the im-portation of steel, but the amount com-ing through is very small in comparison bookings that are piled up Tubes are much needed just with the bookings that are filled against it. 27 PER CENT JUMP IN WAGES AWARDED ALBERTA MINERS

Calgary, June 11.-An agreement was

concluded last evening between the coal operators of Alberta and the representatives of the United Mine Workers of America, whereby a 27 per cent increase will be given to all day men over the October scale, to be retroactive to April 1. This increase includes a preliminary 14 per cent increase given last January. The contract men will get 24 cents a ton increase and 27 per cent incents a ton increase and 21 per cent in-crease on the war bonus of 92 cents. This is 7 per cent more than has been awarded in the United States central competitive field. The agreement is to be submitted to a vote of the miners.
