C.N.R. MAY ABANDON PLAN FOR DON VALLEY YARDS

Unless Roadway Can Be Turned Over to City Agreement Must Be Canceled, Says Solicitor.

With Hon. M. E. Bernier as chairman, the railway commission held a session in the council chamber of the city hall yesterday. The chairman occupied the mayor's throne, and was flanked by Dr. Jas. Mills and George Mountain, chief engineer. The commission goes to Ingersoll today.

G. Ruel, solicitor of the Canadian Northern, supported the railway's application for permission to expropriate a roadway 30 feet wide north from Rosedale Ravine, drive to Park-drive, and 46 feet wide from Park-drive to Bayview-avenue, involving a subway under the old belt line. He explained that, by an agreement with the city, the company had purchased certain lands for railway yards in the Don Valley from the city, on the condition that a new roadway be provided west of the belt line. Unless this could be done, the railway would have to give up plans for yards there.

H. S. Osier appeared for A. B. Kemp, M.P., a property-owner affected, who opposed the plan of locating yards, as did also M. B. Jackson, H. L. Hime & Co., Scottish Ontario Company and St. James Cemetery. It was contended that the railway had acquired more land than it needed, and that surrounding property would be injuriously affected.

The commissioners will look over the ground.

Protect the Crossing.

A matter in which Toronto, Etobicoke Township and the railway are all more or less interested came up in connection with the level crossings at Windsor-avenue and Ellis-avenue, at which fatal accidents have already occurred.

Mahlon C. Cowan, solicitor for the Grand Trunk, said that he had arrived at an agreement with Etobicoke Township whereby watchmen would be placed on the crossings, and paid for by the railway, the question of ultimate responsibility for the cost to be deferred for argument as to whether the city should not bear a portion of it. The township was willing to consider the closing of Windsor-avenue.

Crown Attorney Drayton did not commit himself as to whether the city should assume a share of the cost, and it was agreed that when the commission next meets in Toronto the advisability of constructing subways at these crossings and the appointment of cost should be taken up.

Railway vs. Farmers.

The C.P.R., thru Angus MacMurchy, applied, as lessees of the Toronto, Grey & Bruce Railway, for an order to cross, with grade revision, certain road lands

IRISH FLAG OFFENDED.

Captain Floated Ensign Over the Stars and Stripes.

GALVESTON, Texas, March 17.—When Captain Moore of the British steamship Howthead of Belfast, Ireland, here for cargo, dressed ship today in honor of St. Patrick, he put the green ensign above the Stars and Stripes.

This violation of the United States law that requires the U. S. ensign always to be at the top when displayed in a United States port, was promptly called to the commander's attention by a government inspector, but he bluffedly refused to comply with the law.

Not until he received a formal demand from the United States and a set of customs of this port, accompanied by a threat to call a gunboat into service unless the order of the flags was reversed, did the Irish skipper yield, and then only to haul down the American flag and leave the green one up.

Must Go to Law.

R. W. Prittle failed to impress the commissioners with his plea that the board's order of December last authorizing the construction and operation of a branch line in Toronto Junction, which divides protection for level crossings on the Grand Trunk, be taken up at Ingersoll today.

EMBRACING ARREST IS SHOT BY LOCAL POLICE

Early Morning Robberies Followed by Summary Capture—One Man in the Hospital.

TORONTO JUNCTION, March 18.—At an early hour this morning James Sullivan, residence unknown, in trying to evade capture by the local police was caught after being wounded by a bullet from Sgt. Peters' revolver. Another associate, named John Riley of 167 Jacinto-avenue, was arrested at the same time. Sullivan gave his address as 174 St. Clarens-avenue, Toronto, but the people who reside there deny that anyone by that name resides at the address given.

The first intimation of trouble was shortly before midnight, when P.C. Gooderham and P. C. Hess were notified that someone was trying to break into Stanners' jewelry store at 111 West Dundas-street. The people who reside above the store heard a noise and on raising the window saw the two men at work trying to gain an entrance to the store. On being discovered the men made off. The police, on examination, found that a piece of glass had been cut from the window just below the door.

Chief of Police Flintoff, on being notified, was early on the scene and so was Sgt. Peters. The men had disappeared, however, and nothing further developed till about 3.30 a.m. Hearing a couple of shots in the direction of Annet-street and High Park-avenue, Sgt. Peters hastened in that direction and met a man named Dickson, who told his version of the shooting thus: "I was coming along High Park-avenue," said he "on way home from the C.P.R. yards, when a dog came onto the scene. I was following the dog, and a man appeared from behind two houses and fired two shots from a revolver. Not knowing whether the dog or myself was the intended victim, I stood there, and the man towards Annet-street. I followed him and saw Sgt. Peters shoot him immediately gave chase and overtook him near the corner of Clendenan-avenue and Annet-street."

When Sgt. Peters reached the corner of Clendenan-avenue and Annet-street he saw two men standing and immediately one of them ran away. He called at the fugitive and the man kept on running the sergeant fired. The first shot missed, but the second hit Sullivan in the right arm, and he fell to the ground. Riley gave himself into custody immediately. Sullivan had a revolver in his hand when captured, and evidently intended to use it. Sgt. Peters had to his nerve left him.

He was taken to police headquarters, faint with loss of blood and was sent to Grace Hospital, Toronto, in Speers' private ambulance. Latest reports from the hospital are that he is progressing very favorably.

With the object of furthering good music and making the time spent worth while to the members, a high class band was formed, as shown: First-class players wanted immediately for new orchestra in the Juniors and did inducements to good players. Ladies preferred. For full particulars apply to the Juniors, 214 Toronto Junction Orchard-st., Club 24, Conduitt-st., Toronto, Ont.

Shortly after the two men were captured the aid of the police was notified that a young man named Michael Martindale, who gave his address at 16 Gladstone-square, Toronto, was asleep in a house at 202 Willoughby-avenue and refused to leave.

The house is situated not far from Stanners' jewelry store. The front door of the house was open and Chief Flintoff, "and he walked in, asked to be allowed to sleep there for the night, and in spite of the protestations of the people in the house he went to sleep.

A call-boy named Summers of 28 East Dundas-street, was notified that he had been shot at by the same two men.

Chief Flintoff states what in the capture of these three men in the Stanners' jewelry store, was broken into, and a lady's gold watch, some silverware, \$2 in money and three rings of beads stolen. Since the men have been taken into custody many people have reported articles that have been stolen from their houses lately, and some small articles of jewelry have been identified by residents of the town.

DEATH OF WM. HENRY.

Former Well-Known Resident of York Township Passes Away.

The death of William Henry, which took place at the home of his brother, on Tuesday, removes a former well-known resident of York. Mr. Henry was in his sixtieth year, and until within the past three or four years had resided on the farm at Woodbridge, where he was well known as one of the most progressive and enterprising farmers in the county.

In political life Mr. Henry gave warm allegiance to the Liberal cause, and had done yeoman service for the party. He was identified with the Presbyterian Church, and since coming to the city had been active in the Westminister Presbyterian Church.

Mr. Henry had been in ill-health for a comparatively short period of time, and the news of his demise came as a great shock to his many friends in the city and throughout the county.

He is survived by one brother, James, and three sisters. The latter are Mrs. H. M. Campbell of Rosedale, Mrs. A. Heron of Rathlany-avenue, and Mrs. A. Heron of Weston. Mr. Henry was a widower, being predeceased by his wife, who was a daughter of the late Hugh Clarke of Scarborough, some 12 years ago.

A short service was conducted at the funeral in Brockville, where Mr. Henry was a member of the Knox Church. The interment took place at Knox Church Cemetery, Agincourt, this morning, on the arrival of the C.P.R. local.

Passing of Scarborough Veteran.

Denist Stott, at one time a resident of Scarborough Township, and latterly residing at the home of his daughter, Mrs. C. B. Allison, 102 College-street, died yesterday after a lingering illness. Deceased was in his 87th year, and the news of his demise will be greeted with extreme regret by many of his old-time friends throughout Scarborough Township. The interment will take place at Melville Cemetery, West Hill, Scarborough, on Friday afternoon at 2 o'clock.

Farmer Hangs Himself.

BROCKVILLE, March 18.—(Special.)—John Fitzgerald, a farmer of the Irish settlement, committed suicide by hanging himself to the door knob and passed over the door.

Neighbors, finding the doors locked, forced an entrance and found Fitzgerald hanging by the neck from the door fastened to the door knob and passed over the door.

He is supposed to have arranged the death noose while standing on a chair, which he then kicked away. Fitzgerald was married only eight weeks ago. Despondency is given as the cause for his rash act.

Was Former Brockville Druggist.

BROCKVILLE, March 18.—(Special.)—Word has been received here of the death of George S. Turner at Topsham, Mich., a member of a pioneer family of this town. Mr. Turner was in business in Brockville for many years as a druggist before going west. In his day he was one of the cleverest wing shots in Ontario. He was 74 years of age, and leaves a widow and daughter.

YORK TOWNSHIP SCHOOLS.

Suburban Schools Are Fast Rivaling Best Records in City.

Inspector D. Forthingham has issued a circular informing the teachers of the Township of York that the township council will grant the same prizes at the entrance examinations as in 1907, a gold medal, a scholarship and a silver medal, to the three standing highest in their examinations held in Toronto Junction or affiliated entrance examinations.

Affiliated examinations will be held at Eglinton, Deer Park, Hillcrest and Dufferin-street schools, as by this method all the papers will be marked by the same committee.

An unexpected fire alarm was sounded yesterday afternoon at the "Deer Park Public School, and the fact and reason for the alarm was that the school was vacated by the children as they marched out of the building was admirable. Hardly had the sound of the gong died away than all the exits were efficiently manned and a musical girl took her place at the piano, playing a march, to which the whole school kept splendid step. As soon as it was apparent that the alarm was only a test the musician, in her wisdom, moved up the air and there was but a momentary cessation of the well-registered march out, emptying the building in 48 seconds and no doubt, if it had been in, it could have been vacated in a second.

In a similar test under like conditions, in Hillcrest School, Wychwood, yesterday, the building was vacated in one minute and ten seconds by the 450 children in attendance, which was good time, considering that the classes in the top story were vacated by the front stairway. While the time record of this school is a good one, yet a little more organization would facilitate the vacating of the building without any mishap in case of real danger.

At the school board meeting of S. S. No. 1, Hillcrest, last night, the architect's balance of account, amounting to \$476.46, in connection with the building of the new annex last year, was read.
