SEVENTY-FIVE THOUSAND FOR WILLARD TO FIGHT FRED FULTON IN NEW YORK

Promoters Running Their Bids Up to the Skies in Effort to Secure Heavyweights for Bout in the Garden.

New York, Feb. 14.—If a bout between Willard and Fred Fulton should be staged in this city within the next few months, the men will battle for a record purse.

Tex Rickard has re-entered the pugilistic picture, and has conferred with Frank Force, Fulton's manager, and Tom Jones, representing the champion, with a view to matching Willard and the Minnesotan. Rickard has not disclosed where he intends to hold the bout, but it is understood he has in mind one of the biggest arenas in the east with a seating capacity many times greater than that of Madison Square Garden.

The battle of dollars is on, and Rickard is again opposed by Grant Hugh Brown, present manager of boxing in the Garden. Brown also is in the field for the Willard-Fulton match. Conference has taken place between Brown and the managers of the pugilists, but they have not come to terms.

Regarding the promoter of the battle, it is reasonably certain that the champion and the altitudinous contender will settle their dispute in the Garden ring in March or April. There has been some talk of having Fulton box either Coffey or Moran before meeting Willard, but the impression is general that Fulton, in view of his recent triumphs, is already "ripe" for Willard.

Coffey and Moran are "passe" in a battle with either of them. Fulton would have nothing to gain, and all to lose, all in the ring with him as Weiner. There is a sound public demand for a bout between Willard and Fulton, and it would be a mistake to subject the contender, the most formidable ring has developed since Willard burst across the horizon, to any further "trial".

Further evidence that the game of dollars is on is shown by the declaration of Ben Rosenfield, who states that he is empowered to talk business with both Willard and Fulton upon the following conditions:

That he will guarantee Willard \$75,000 for his end, with the privilege of an option of fifty per cent. of the gate receipts, and, furthermore, that he will guarantee him \$15,000 for training expenses, which will revert to him if it is found impossible to promote the bout. This sum, however, is to come out of the \$75,000 which the champion is to receive if the bout occurs. Of course, it will be obligatory on both Willard and Fulton to sign articles in order to protect the promoters.

Fulton's contract is to be asked for on the same terms that Willard received when he met Johnson in Havana, viz., twenty-five per cent. of the profits after his opponent's end is taken out.

Both Tom Jones, Willard's manager, and Frank Force, who attends to Fulton's matches, have been spoken to in regard to the proposition, and appeared to be receptive, physically, to give the master the consideration such a matter warrants.

Rosenfield declares that he saw Willard in Chicago last Saturday, and that the champion is not in anything like the poor condition he has been in. Willard trains in the gymnasium at the Chicago A.A. three mornings a week, and is now in better trim physically than when he boxed either Johnson in Havana or Frank Moran in this city.

He weighed 222 pounds when put on the scales last week, and those interested in the prospective match state that so certain are they of the champion's ability to go over a twenty-round route that one of the conditions upon which he will be asked to sign will be that the bout will be either at ten rounds or over twice that distance, this being conditional upon the scene of the contest.

ARRANGING EMPLOYMENT FOR RETURNED MEN

Soldiers' Aid Commission Reports Over Five Thousand Men Have Come Home.

Of the 5,323 soldiers from Ontario who have returned from the front up to the present time, 2,500 have obtained employment and 554 are at technical schools through the province for special vocational training. This report was made yesterday at a meeting of the Soldiers' Aid Commission, held at the offices of the board. Hon. W. D. McPherson occupied the chair, and during the proceedings John B. TWO CAMP BATTERIES HOLD SHELL PRACTICE

From Lakefront Engage Imaginary Enemy Located on Shore of Island.

The 6th and 71st Batteries, C.E.F., now at the Exhibition grounds, successfully completed their first range table at live shell practice yesterday. Lieut. W. J. Wright, O.C., the 6th Battery, was in charge of the firing for that unit, assisted by Lieut. H. D. Wallace and Lieut. McCullough, as section commanders. Major H. B. Burgoyne, O.C. of the 71st Battery, supervised the firing of the 71st Battery guns, with Lieut. Hanna and Lieut. Hastings as his assistants.

Both batteries went into action on the lake front, and engaged imaginary enemy batteries, supposed to be located on the west shore of the island. The full ranging table of 15 shots was fired, and several direct hits were registered. This is the first time that these batteries have used live shells, and Col. Arnold, brigadier of the artillery brigade in Exhibition camp, was very much impressed with the work of the new gunners. The firing "practice" there provides splendid training for the men, especially for those who will proceed overseas shortly, and also, it is an opportunity in which the other units in the camp are not accorded until they get to Petawawa camp for summer training, because of the lack of suitable location.

TEN MILLIONS LIVE BY RELIEF WORK

Lord Robert Cecil Commends Organization of Belgian Aid Commission.

WORK WILL PROCEED

Other Neutral Members Will Continue Feeding of People.

London, Feb. 14.—On the occasion of the withdrawal of Americans of the commission for the relief of Belgium from Belgium and northern France, Lord Robert Cecil declared today that Herbert C. Hoover, chairman of the commission, and his colleagues, would leave behind them in Europe a reputation which the U.S. could count on as a national possession in future years.

Lord Robert said: "The commission still goes on in the hands of its other neutral members. The mere fact that for 28 months they have kept alive 10,000,000 people without a single serious hitch in the machinery of purchase, transport, and distribution, shows what their organization has been."

"When the first proposals were made in October, 1914, for the importation of foodstuffs into Belgium after the fall of Antwerp, those proposals were directly counter to the very ordinary dictates of military prudence. It was only with the greatest anxieties and misgivings that we consented to allow the importations, and I sometimes doubt whether the proposal even given if we had known how long the work would have to last or the extent to which it would grow."
