

# Flashlights From Lighter Side of the Great Automobile Show

## PROMINENT MEN AT THE AUTO SHOW

Some Interesting Sales Reported on Saturday — Two More Fine Cars Have Arrived.

An evening spent at the auto show is a well-spent evening. You will see the best automobile people and the best automobiles.

It looks as if the troubles are to be a thing of the past. The numerous quick detachable fenders, spare wheels and reinforced inner tubes on exhibition will bring joy to the heart of the man who has spent valuable time in struggling to replace or repair a tire that has given out while on the road.

A feature of the show is the number of cars that are sold fully equipped. The day of asking a man a large price for a car and then making him spend another small fortune on incidentals is over.

A number of prominent American automobile men will be in Toronto this week for the show. Among others, Walter C. White, vice-president of the White Co., is expected.

The McLaughlin-Bulck people report two interesting sales. J. A. Halstead of Mount Forest has purchased a 1910 4-h.p. five-passenger Model 17, and H. S. Black, president of the U. S. Realty Co. of New York, has bought another McLaughlin, which he will present to his brother, F. J. Black of Tweed.

The Dominion Automobile Co. closed two sales for Saturday (thirteenth) day of the show. The Toronto Dominion Co. received a large allotment of these cars for Canada; they only have a few more left for sale.

The old style of honk-honk is being given a hard run for first place by the popular favor. All sorts of new honks are on exhibition. Some of them give a range of several different notes, and the musically inclined motorist may give warning of his approach in a most harmonious fashion.

Another well-known firm that is going to establish a factory in Toronto is the Stroppe Motor Wheel Co. This wheel is already very popular here.

Two very handsome Pennsylvania cars arrived on Friday night. Two more will be here to-day. The Pennsylvania is one of the finest cars manufactured in the United States. The company that puts them out is closely connected with the Pennsylvania Railroad Co. The models shown here are three four-cylinder cars, and a six. The body work is of the highest quality, and the chassis is the best type of motor-car construction.

R. P. Page, Jr., secretary-treasurer of the Pennsylvania Auto Motor Co., will be in town this week for the show. The Toronto agency is to be in the hands of Motors, Limited.

The furnaces in the market building are doing nobly, and the temperature is much higher than it was on the opening night.

The commercial cars are attracting almost as much attention as the pleasure vehicles. Many firms, who have been using horses, are doing seriously of trying the speedier and more efficient motor.

Railroad Rates to Convention.

To secure reduced rates to Toronto for the good roads convention, purchase single fare to Toronto, and when doing so, secure from the ticket agent a convention certificate. This may be done three days before the convention, that is, starting Monday next, the convention being on Wednesday, Thursday and Friday, March 2, 3 and 4.

Certificates are to be presented to the office of the Eastern Canadian Passenger Agents' Association at the County of York building, East Adelaide-street, Toronto, where they will be honored. This permits return at reduced fare. If the convention is large enough, single fare railroad rates will apply.

## THE KENNEDY MOTOR CAR CO.

Besides our new models of "Kennedy" Solid Tire Automobiles, we are showing a new special—a "Kennedy" Pneumatic Tire Automobile. It is one of the motoring public already acquainted with the Kennedy car, and is known as a speedy, comfortable, useful, moderate-priced car. It is a real gem of a pneumatic tire car will be doubly interesting and useful to our friends that the "Kennedy" demonstration will show that it can be well "world-wide."

To all who are unable to ride, the Kennedy Motor Car Co. will gladly send our illustrated catalogue.
