BETH McLEOD KNOCKED OUT BY BEANSY AT MONTREAL

Montreal, March 11.—Louis Beansy, local welterweight, knocked out Beth McLeod, of St. John (N. B.), in the thirteenth round of a fight which was held at the rink at the Hotel Windsor last night.

The fight was fairly even up to the twelfth round, when Beansy got to McLeod's jaw and stomach four times. The New Brunswick boy was game but when the bell rang for the end of that round he was all but out. McLeod came out from his corner for the thirteenth round weak in the legs and though he made a game attempt to fix it up it was plain that he was all in. Beansy sent a right hook to the jaw put him down near his own corner and he was counted out. It was the best fight yet seen at the rink and when McLeod was lifted to his chair he was cheered by the spectators for his display of gameness.

Both men looked in perfect condition when they entered the ring. It was announced that McLeod weighed in at 144 pounds and Beansy at 145 pounds. McLeod was seconded by Dan Wilson, Jimmy Wilson and manager, Wm. J. Savage. Beansy was looked after by Jim Duane, Billy Wells, Bob Critchley and Arthur Gardner. Dr. Demagny was also in Beansy's corner and during the rest between rounds oxygen was used on the local boy and it seemed to have a good effect.

Al Bennett, the referee, announced that the men would fight fifteen rounds and have to break clear and if both were on their feet at the end of the fifteenth round the fight would be a draw.

McLeod opened the fight with a right to Beansy's head and the local boy put a left to McLeod's nose. McLeod missed right swing to jaw and Beansy sent a straight right to nose. McLeod got two lefts to ribs and Beansy a left to jaw. It was an even round. McLeod was again the first to land in the second round, when he got two right hands to Beansy's head. Then he tried a right swing for the jaw but missed and Beansy sent his head back with a left uppercut, and repeated the dose a moment later when McLeod sent a left to the ribs. McLeod hit Beansy low, but when Beansy protested to the referee the New Brunswick replied that Beansy had knocked his arm down.

Beansy opened the third with an uppercut and McLeod returned a hard right to the head. Then the New Brunswick boy sent a left to the ribs and Beansy came back with a straight right to head and drove McLeod across the ring and almost through the ropes with left and right swings to stomach and head. McLeod sent a hard right to the ribs and Beansy came back with two light lefts to his face. It was Beansy's round.

The fourth round was even. McLeod sent a few hard right hands to Beansy's ribs, and the local boy landed on McLeod's jaw a few times but neither did any serious damage.

McLeod had the better of the fifth round. Beansy put left to McLeod's jaw as well as his head. McLeod returned with two lefts to ribs and right to jaw that drove Beansy back and forced him to cover up. Beansy recovered and sent a light right to

HOCKEY

NO HOCKEY GAME TONIGHT

Tonight's hockey game between Maryville and the Marathons has been postponed until Friday as Maryville took all day yesterday to digest the account of Saturday's meeting and asked for postponement. D. B. Donald, manager of the Marathons team, gave out the following statement last evening:

"Word came from Manager Gray, of the Maryville Crescents, tonight stating that on account of the statements issued regarding the Crescents' meeting to play here Tuesday night, Mr. Gray did not see why the action of the executive of the N. B. A. H. L. should be vetoed by the representative of the M. P. A. A. and, his team being under the impression that if, in the event of their winning the league, they would have to play here late this evening and, having the matter explained the effect that the league executive considered only Maryville and the Marathons for the championship, Mr. Gray gave his assurance to me that his team would arrive here for Friday night without fail."

The boys at play.

The young Marathons defeated the C. P. R. messengers at hockey last evening 3 to 2. The lineup was:

C. P. R. Goal. A. Fleet
F. Dodge. F. Doyle
P. Shumans. F. Doyle
Cover Point. W. Ganderton
D. Gillespie. A. Machum
B. Tittus. A. Machum
D. McAlusay. F. Bennett
L. Bridge. F. Bennett

CURLING

The victory of the Barbers over the Butchers in a bloody match yesterday afternoon in the curling rink at the Hotel Windsor, was called a close shave. The scores were:

Barbers. 10
Butchers. 9

8. McCord won the weekly roll off on Black's alley last evening with a score of 58. Tonight in the last game of the league series the North Stars and Beavers will meet. As a great deal of money is at stake, the contest will be very exciting, as there is great rivalry between the two teams. The contest will be held at the rink at the Hotel Windsor. As most of the crack bowlers have qualified for this week there will be some very high scores made and the evening prove a very interesting one of bowling. Fourteen bowlers have qualified.

BASKETBALL

Algonquins Win.

In a one-sided and uninteresting game of basketball the Algonquins defeated the aggregation representing Carmichael street 24 to 6 in the Algonquin club rooms. The North End boys showed some remnants of pride and put up a very good game. George Stubbs refereed satisfactorily. The lineup was:

Algonquins. Carmichael Street.
S. Chase. H. Weatherhead
D. Roberts. Centre.
A. Thorne. F. Morrissey
A. Roberts. Defence.
R. Fisher. R. Carson
P. Fisher. A. Stewart

CHAMPLAIN MONUMENT

C. M. Legere, M. P. P., Believes

Legislature Will Give Big Grant Towards It.

"We Acadicians are planning to build a monument to the memory of Longfellow, which will be placed on the grounds of St. Joseph's College, Memramcook. If the French representation in our population so honor this great master of the English language, does it seem out of place for the English element to do something to immortalize one of France's greatest sons, especially since his life work was the discovery of our own province and the building up of Quebec?"

Clement M. Legere, one of Westmorland county's representatives in the local legislature, spoke when chatting to a Telegraph reporter last evening regarding the Champlain monument and kindred matters. In the course of the conversation, Mr. Legere made the statement that an Acadician society, during the recent celebration of the 100th anniversary of the birth of Longfellow, had decided to start a fund for the building of a statue in memory of the author of Evangeline. It was probable, Mr. Legere said, that the statue would be erected on the grounds of St. Joseph's College, Memramcook.

Mr. Legere said that there is not much of it. I do not believe that there is any question but that the legislature will give a generous sum towards the project. Speaking for the French Acadicians, I can say that every one of them would contribute towards the erection of a monument and I believe that they would contribute generously towards the fund if asked."

Mr. Legere regards the erection of the Longfellow statue by the French, and the building of the Champlain monument by St. John residents as a great token of good feeling between the races.

PORTO RICO'S NEW GOVERNOR

A COMBINATION OF A SPORT AND MAN OF MANY AFFAIRS

Regis Henri Post, a Gentleman After Roosevelt's Own Heart—Poker Playing American Congressmen to be McKinley's Guests on Trip to Panama

(From Our Regular Correspondent)

WASHINGTON, D. C., March 12.—There is no little criticism of the president by a congressional clique of which Senators Foraker and Tillman are expressive types. There is also dissension amongst politicians within and without congress though it is not outspoken. From no president has congress got so little either in patronage or courtesy. There will be great dissatisfaction in certain western localities when it fully penetrates the minds of land grabbers of that section, that the president has to a considerable extent nullified that clause of the civil bill which provided that no more forest reserves should be created except by act of congress. Before he signed the bill the president had 17,000,000 acres of additional land added to the forest reserves. He had all along made it plain to congress what he thought in the matter and when that body continued its selfish, vote-getting policy he waited his time and accomplished by executive order what could not be effected in congress.

There was another measure too which failed better in the open air of common sense than in the mystifying atmosphere of debate. It related to the payment of railroads for hauling the mails. Heretofore mail has been paid for by its own weight but by taking the weight of the mail for the seven days of the week and dividing that amount by six, which represents the working week, the advantage to the railroads and the loss to the government was obvious. The McKinley amendment which was designed to remedy this condition was defeated in both houses by the railroad lobby here but about the last act of Mr. Roosevelt before leaving the post office department was to issue an order providing for the reform referred to above. The reform will save several millions of dollars a year by the rule and to say that they are denouncing "executive interference," is to put it mildly, but that does not keep either Mr. Roosevelt or Mr. Courtney awake at night.

A man after the president's own heart has been the president's choice for the governorship of Porto Rico to succeed Governor Beckman Winthrop, the "boy governor" who leaves the island to come to Washington as assistant secretary of the treasury, Regis Henri Post, of Long Island, who is slated for Porto Rico, is an athlete and a crack wing shot. LA GRIPPE IS HERE

GET PROTECTION

An epidemic has broken out and thousands are sick. Commencing with a chill, it is followed by inflammation of the mucous membrane of the nose and throat. Germs cause all the trouble. Kill them—and you cure the disease. Cough medicines are useless, being expectorants and not antiseptics, they utterly fail.

The successful remedy is "Catarrhose," which contains the richest pure balsams and the strongest germicides known to science. No chance for grippe or bronchitis to exist if you employ Catarrhose; it stamps out these diseases just as it does catarrh—makes so complete a cure that relapse is impossible.

Catarrhose is pleasant, soothing and healing—gets direct to the trouble—cures without using noxious drugs—absolutely safe and guaranteed in all respiratory diseases. Large Catarrhose, sufficient for two months, price \$1; small (trial) 25c. All dealers or N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U. S. A.
