

HERE IS A DRINK WORTH TALKING ABOUT

LIME FREEZE

A drink that is absolutely pure. Made with fresh limes, fresh mint and other pure fruit juices, blended with the right proportion of properly carbonated water, it makes a combination that is just right.

As healthful as it is refreshing. The juice of the lime is now recognized as being an important factor in warding off many ills of the summer season.

LOCAL NEWS

BIRTHS AND MARRIAGES

Four births, three males and one female, and six marriages were reported to the registrar during the week.

AUDREY PEARL WALKER, daughter of Mr. and Mrs. Thomas Walker of 180 Bridge street, is mourning the loss of their little daughter, Audrey Pearl, aged four years and eleven months, whose death occurred this morning after an illness of only a few days. There are two sisters, Lillian and June, and one brother, Robert.

GRADUATED WITH HONORS

Miss Geraldine Morris, daughter of Mr. and Mrs. M. T. Morris, Paradise row, graduated with honors yesterday from the General Public Hospital. She received her diploma as a graduate nurse after a most successful three years' course of training. During the day she was shown a number of diplomas and was made the recipient of a large number of beautiful presents. Miss Morris expects to spend a few weeks in the country before practicing her profession.

ST. JOHN MAN WINS MILITARY CROSS

Lieutenant J.T. Downey Awarded Coveted Honor—Has Recovered From Wounds

A letter of interest has been received by Mrs. John Downey of Torriburn, N. B., from her son, Lieutenant J. T. Downey of the 42nd Battalion, in which he says that he has been awarded the military cross.

Lieutenant Downey was wounded about two months ago, but has fully recovered and is spending a short leave at Pukstons, Eng.

Lieutenant Downey modestly refrains from telling the circumstances for which the award of the coveted honor was made.

LOOKING OVER THE OLD SHIP YARDS AT BLACK RIVER

City Men Investigate Possibilities at Site Once Famous for Its Clipper Craft—Industry May be Revived There

That the shipbuilding industry in the vicinity of St. John is on a fair way, not only to a revival, but that it will last and continue to be extended, this assurance is given by a group of city men who are looking over the old shipyards within the city limits already under way and veterans of the shipbuilding days of the long ago are returning to their favorite work, while the younger element are "signing on" to learn the ins and outs of the trade.

Black River, a little village situated along the Bay of Fundy about twenty miles from the city proper, was famous years ago for its shipbuilding activities. In the day that Black River was a busy spot and many wooden ships, mostly of the three-masted type, that sail the seas today, were launched from the blocks at that place.

Last week four representatives of a corporation within the city visited Black River and examined the old shipyard. Some buildings that were used in days that are gone are still standing. Pictures were taken of the premises and the surrounding country, and the visitors were frank in admitting that they were looking for the ground with the intention of finding just what were the possibilities in this little village for building wooden vessels, the great need of today.

Whether or not the place looked favorable to the visitors is not yet known, but the fact that they interested themselves in the site is taken to indicate that the old scenes might once more be repeated.

NO. 8 FIELD AMBULANCE CARRIES STRONG APPEAL TO PROSPECTIVE RECRUIT

Why not join the No. 8 Field Ambulance, which is being mobilized, under the command of Major L. M. Curran? This unit has advantages over many others. In the first place, a hospital, this attractive arm of the service, from the day he enters gets an insight into medical work. The hospital trains next winter are to be staffed by men from this unit. Many of these trains run through to the Pacific coast.

Letters from all over the province are being received daily by the unit, enquiring as to the duties of a member of an ambulance train. These enquiries are being replied to promptly and in many cases the securing of recruits has resulted. The unit at present needs an office clerk, dispenser and a cook. All three appointments merit the rank of sergeant.

FANS WATCH RAGES WHILE GRANDSTAND BURNS BENEATH THEM

As the result of carelessness on the part of some person the grand stand at Mosquit Point caught fire yesterday afternoon and, for a few minutes it looked as if it might develop into a serious conflagration. Some one may have dropped a match or a butt of a cigar or cigarette, for the fire started between one of the cracks and began to work under the stand. Smoke and sparks were noticed by those sitting in the front row and steps were immediately taken to extinguish the blaze. Some women present became alarmed, but the men, having satisfied themselves that others were working to put it out, paid no more attention to it and kept their eyes glued on the track. The blaze was extinguished before much damage was done.

PREDICT PRICE OF ONE DOLLAR FOR POTATOES

Average Greater Than Ever in New Brunswick and Crop Has Done Well—A Record, the Prospect

Fredericton, Aug. 18.—Present indications are that potatoes will be far below the price of seven dollars per barrel next winter. The high prices obtained by the farmers early in 1917 are not expected to come again in many years.

The potato acreage in New Brunswick is greater than it was in 1916 and, so far, the crop has done well. Barring rot during the remainder of the summer and early autumn, the province should harvest one of the largest crops of potatoes on record.

Reports from all sections of the province are to the same effect that there will be an enormous crop of the tubers and conditions are similar in other parts of the United States and Canada.

To the consumer, the important part of the potato situation is the price he will have to pay for the vegetable. It is freely predicted that \$1.50 per barrel will be the ruling price next autumn and winter and some even predict \$1 per barrel. In this section of the country no contracts for potatoes are being made and what few have been made were closed early in the year before the situation had unfolded itself.

LANCE-CORP. BOONE BELIEVED DEAD

St. John Soldier Has Been Missing Since September Last and Authorities Give up Hope

That Lance-Corporal George W. Boone, who was reported wounded and missing last September, is now believed to be dead was the information that his parents, Mr. and Mrs. W. M. Boone, 142 Wright street, received yesterday.

In October of last year, Mr. Boone was advised that his son, Lance-Corporal Boone was reported wounded and missing and that further particulars were received they would be forwarded. Some time elapsed and still no further word was received so the anxious parents recently and the word they received was that he was now believed dead.

Corporal Boone was twenty-three years old and went overseas as a member of the first contingent. Prior to donning the uniform, he was in the employ of J. S. Currie, harness maker, in Main street.

Corporal Boone is survived by his parents, two brothers and eight sisters.

A memorial service will be conducted by Rev. R. T. McKim in St. Mary's church for Sergeant Fred Fish and Lance-Corporal Boone.

HAS BEEN IN FOUR ENGLISH HOSPITALS

Lance-Corporal William E. Mills Writes of His Experiences Brother Whom He Had Been Expecting to Visit Him, Reported Missing

Lance-Corporal William E. Mills, writing to his wife in West St. John, tells something of his experiences since being wounded three months ago. He writes from a hospital, the fourth to which he has been transferred, but was under other about eight hours and a Canadian fortunate enough to strike a Canadian one, all four being Imperials. He is getting plenty of everything to eat, including such items as chicken and cold cuts. Among the souvenirs he sent home was a large heavy silver ring taken from a dead German officer while on active service, and another, the piece of shell that had been taken out of his leg. Lance-Corporal Mills had been under other about eight hours and when he came to, the piece of shrapnel was tied to a button hole in his shirt for a keep-sake. Although it is nearly three months since he received his wounds, his right leg has not shown much improvement.

Lance-Corporal Mills had been looking forward to a visit from his brother, but received the sad news that his brother had been reported missing since July 24.

A letter to Mrs. Mills from a hospital visitor reads as follows:

Canadian Red Cross Society, London, Eng., S.W.I.

Dear Madam—I beg to inform you that your husband, Lance-Corporal W. E. Mills, No. 106841, 2nd Pioneer, is now at Polefield Hall Hospital, Prestwick, Manchester, Eng. Has been recently sent to the above hospital and our Red Cross visitor has seen him there. He was wounded in France during the dirty war, but the knee wound is the one the driving hand of the shell having penetrated the socket. Lance-Corporal Mills is going on well otherwise and is hopeful of getting about. He is assured he is receiving every good attention and care and is being well nursed. He will be visited regularly and reports on his condition sent you from time to time. Should he be in need of any comforts other than those supplied by the hospital, our visitor will let you know and we will send them from our parcels office.

Yours truly,
(Sgd.) E. BOVEY.

WINS CLOCK
