Holeproof Ex Toe Hosiery

Smart Silk Socks \$7

The new-type give 3 to 4 times more wear

A NEW discovery has been made in the weaving of men's socks. It offers a tremendous saving. It gives fine socks 3 to 4 times longer wear. We call it Ex Toe.

At the toe, where old-time socks wear first, a special wear-resisting thread is woven in a new and different way. Thus strength is gained and thickness is avoided. No bunching. No discomfort.

Ex Toe comes in Holeproof's rich, lustrous silks and other fine materials, too. All are extremely smart.

Now a new series of colors are being introduced. In New York and London they have become immensely popular. Silks \$1 to \$1.25. Other materials for less. Ask for Ex Toe. At leading stores.
