

COMMISSIONER DAVID LAMB OF S. I. IS IN CITY

Head of Army's Immigration Work Comes to Saint John.

SAYS CONDITIONS NOW ARE REPROACH

Urges Empire Settlement Corporation or Commission Is Necessity.

Commissioner David C. Lamb and wife of London, England, chief of the Salvation Army's emigration activities throughout the world arrived in Saint John on the Montreal express today from Ottawa and will be in conference with local and territorial officials of the Army for several days.

CRITICIZES CONDITIONS

"The present conditions of affairs in a danger, a scandal and a reproach not only to the statesmen, but to the common sense of the British race. A people that does not make proper use of the heritage which is theirs is not worthy of it," declared Commissioner David Lamb, in an address on immigration in Ottawa yesterday.

Commissioner Lamb urged that an Empire settlement corporation or commission is a necessity. This body, he said, should be composed of capable and experienced men free from all political pressure. It would undertake all the work incidental to the selection, transportation and ultimate settlement of the immigrants.

Commissioner Lamb remarked that the whole future of the British Empire depended on the proper handling of its man power. He suggested that had there been no great catastrophe such as started in 1914, Canada would have had no railway problem, probably such as at present existed. The war stopped immigration to Canada and that aggravated the railway problem.

He said that the war left the old country with a million and a quarter more population than there had been had there been no war. Population in the old country was increasing at present at the rate of 1,000 a day.

Commissioner Lamb remarked that as he saw it, it was being made difficult for the British emigrant to enter Canada. He suggested that the time had not arrived when it would be possible to say that the limit of immigration had been reached.

Congress "Baby"

The youngest member of the new Congress that convenes in December will be Samuel J. Montezary, Republican of Baginville, Ohio, who also seems handy with a golf club. He is a former football player and served in the Marine Corps during the war, winning the Croix de Guerre for capturing a German soldier and obtaining valuable information.

CAMPAIGN ON NEAREST QUEBEC SOON

Forty Out of 65 Constituencies Have Full Quota of Candidates

MONTREAL, Oct. 2.—With about 40 out of 65 seats in the province of Quebec having their full quota of candidates in the forthcoming federal elections, and nominees for the one party or the other having been selected in the remainder, the political situation has progressed from the stage of conventions to that of straight and vigorous campaigning.

The week-end will see an invasion of the Quebec district by Hon. E. L. Patenaude, former Secretary of state and Provincial Conservative leader, who will "carry the war into Africa" by holding meetings in St. Simeon, in Quebec East, the territory of Hon. Ernest Lapointe, and in other parts of the city.

On Monday Mr. Patenaude will speak at the meeting of the Conservative party in the Senate, the Hon. H. S. Beland, Minister of Health, to parliament, in support of the candidature of Omer Lacroix, who is opposing E. Lacroix.

The Liberal leaders will be no less active. The government's forces have been depleted by the withdrawal from the Quebec field for a time of Hon. G. H. Boivin, Minister of Customs, who is on his way to join the prime minister in his western campaign, and this has increased the activities of Hon. P. J. A. Caron, Minister of Marine and Fisheries, in charge of the government forces in the Montreal district, and of Hon. Ernest Lapointe, Minister of Justice, in the Quebec ridings.

CARDIN BILLED FOR SUNDAY. Mr. Cardin will speak in his own constituency of Richelieu, where he is being opposed by W. G. Morgan, on Sunday, being slated to address a public gathering at Sorel. He will be supported by Hon. Mr. Beland and Hon. Lucien Cannon, Solicitor General. Theophile Rheume, candidate opposing Hon. E. L. Patenaude in Jacques-Cartier, will speak twice on Sunday in his own division, when according to a news item in today's La Patrie, he will "make important declarations respecting Mr. Patenaude and certain of his friends."

SITUATION IN MONTREAL. The situation in the metropolitan constituencies is slowly clearing, but so far the slates for only eight of the 19 seats have been completed. These are St. Lawrence-St. George; Hon. Herbert Marler, Liberal; C. H. Gahan, K. C., Conservative. Mount Royal; R. L. Calder, K. C., Liberal; R. S. White, Conservative. Laurier-Outremont; Joseph Meier, Liberal; Hon. Rodolphe Monty, Conservative. St. Denis; Dr. A. Denis, Liberal; Alferic Blain, Conservative. Jacques-Cartier; Theophile Rheume, Liberal; Hon. E. L. Patenaude, Conservative. St. Antoine; W. J. Hushon, Liberal; Leslie G. Bell, Conservative. MAISONNEUVE, Que.—J. C. Robitaille, Liberal; Herbert Desjardins, Conservative.

SMELTERS AGAIN IS FEATURE OF MONTREAL MART

Declines 1 1/2 Points From Yesterday's Close But Quickly Recovers

WALL STREET PRICES MOVE UPWARD AGAIN

Heavy Buying in Oil and Motor Shares Is Experienced

MONTREAL, Oct. 2.—Consolidated Smelters was again the feature at the opening of today's stock market, opening at 129 1/2, a decline of 1 1/2 from yesterday's close, but quickly recovering to 132. Brazilian was also fairly active, but unchanged at 73. The papers were represented by Abitibi off 1/4 at 70 1/4, by Laurentide, unchanged at 78 1/2, by Bromponton, unchanged at 22 1/2, and by Spanish River preferred, up 1/2 to 144 1/2. Power sold the same at 208 1/2, while Dominion Bridge was down 1/8 at 97 1/4. Other leaders appeared in small lots today.

NEW YORK, Oct. 2.—Heavy buying of the oil and motor shares featured the opening of today's stock market, which resumed its movement to higher ground. Accumulation of the oils was based on reports of decreasing crude production while the motors responded to large earnings reports. Hudson Motors opened a point higher and Dodge Brothers common advanced fractionally to a new high record.

Saint John Firm Gets Breakwater Contract

John Flood & Sons, Ltd., have been awarded a contract by the federal department for a new breakwater at Ingalls Head, Grand Harbor, Grand Mann, according to an announcement made from the company's office this afternoon. The contract price is said to be in the vicinity of \$20,000. The breakwater will extend over 200 feet. Agitation for this structure, it is understood, has been going on for several years.

Black assisted and the hostess in serving refreshments.

CUT INSURANCE RATES SHOULD BE BENEFIT PORT

Continued from page 1. It is an incentive for more business. He also expressed his disappointment that the rate was not entirely removed.

SAYS NOT ENOUGH

Percy Turcot, local manager of McLean-Kennedy Ltd., said that he thought the port but he did not think it was enough as the entire discriminating rate had been removed. He saw no reason that the port could be placed on an equal basis to compete with neighboring ports.

Thomas Nagle, of Nagle and Wigmore, said that the port would be beneficially attract additional tramp business to Saint John this winter. He regretted that the entire rate had not been removed. R. C. Elkin, Ltd., said that any reduction in the costs of vessels coming to port was a help, but he expressed the hope that further efforts would enable this address rate to be entirely abolished. Tramp movements, which have been scarce from Saint John in the last few years, should be revived, he thought, by the cheaper rate.

URGES CONTINUANCE

F. Maclure Scanders, commissioner of the Board of Trade, said that the port committee was naturally greatly disappointed at the finding, as they had had reason to hope that the entire rate would be done away with. The brief prepared for the underwriters thought, would this result that they are so favorably impressed as the Imperial Shipping Committee was. However, the bearing of the underwriters and keep the port's case before them steadily until the matter was still better adjusted. The present reduction, he thought, would be considerably boost business through Saint John this winter.

Acting Mayor Frink said that he thought the move of the underwriters in reducing rates would encourage tramp shipping to come to this port. He added that the shipping men themselves would be better able to give an opinion in advance of the effect on the business of the port of the reduction than he was.

TEXT OF DECISION. LONDON, Oct. 2.—The following announcement affecting Canadian marine insurance has just been received: The Institute of London Underwriters and Lloyd's Underwriters' Association announce that the Joint Hull committee has made the following recommendations, which have been approved by the members of the two associations and by the Liverpool Underwriters' Association, and will come into effect on Nov. 1.

(A)—That the expressions "North America warranty" and "North America agreement" be substituted for "British North American warranty" and "British North America agreement."

WARRANTY AMENDED. (B)—That the "North America warranty" be amended to read "warranted not to enter or sail from any port or place on the Atlantic coast of North America, its rivers or any adjacent islands north of 43 degrees 40 minutes north latitude, except the port of Halifax, and for bunkering purposes only, the ports of Louisburg and Sydney; not to enter or sail from any port or place on the Pacific coast, its rivers or adjacent islands, north of 50 degrees north latitude except Prince Rupert, via Dixon Strait."

PORTLAND ESCAPES CUT. (C)—That the additional premium for Saint John, N. B., be altered to 10 shillings per cent per voyage for both summer and winter seasons, not exceeding 50 shillings per cent in aggregate, and 50 per cent of this for voyages to or from the east coast of North America, south of Saint John.

This Saint John gets a concession and some minor United States ports come within the warranty scope, Portland just escaping. Prince Rupert is freed of the premium when Dixon Strait is used. Office Amenities. Employer—Miss Pounder, you have spelled "lubricant" with a "k"—that's wrong. Steno—Have I'm sorry, but lubricant is so easy to slip up on. Photographs have been taken by means of a solid steel ball in place of an ordinary lens. The light goes around instead of through this model of lens.

FLORAL WORK IN SQUARES ENDED

Gardener and Assistants Well Pleased With 1925 Showing

Many Complimentary Words Spoken by Visitors—Queen Sq. Being Improved.

The public gardens of the city as represented in King Square, Queen Square, Loyalist Burying Ground, on the West Side and in other smaller locations, have been practically abandoned for the season because of the nightly presence of frost and the onrush of winter, but Civic Gardener H. E. Gould and his men are preparing to store these plants in a vault in the Old Burying Ground. It has been a wonderful season in decorative flowers, the gardeners say, and Commissioner Frink, Mr. Gould, Assistant Gardener Babcock and the city as a whole have received many expressions of congratulations from outsiders because of the floral ornamentation of public places.

IS WELL PLEASED

Mr. Gould is particularly well pleased with the healthy growth of the perennial plants which mark the squares in sentinel-like positions. In all his experience with horticulture in this coastwise climate he says he has never known plants of this kind as seen in King Square to grow so tall and luxuriantly. They are almost tropical in their proportions, he asserts. As these perennials were set out with some fear a few seasons ago lest the severe winters would kill them, Mr. Gould's judgment has been happily justified.

ON THE CITY'S GARDEN SPOTS. The only public work being done just now is a continuation of a primary layout of Queen Square, West Saint John. Walks in geometrical order are being cut and a basis made for replanting in that park site what has been accomplished in the main part of the city, but it will take some seasons to bring about the luxury that marks King Square. Commissioner Frink had \$8,000 to work with this year, and Gardener and Commissioner Frink had been accomplished with that sum.

YARMOUTH CHOIR SINGS HERE AGAIN

Will Be at Queen Square United Church on October 11.

Possibly the most outstanding church musical event for many years was the singing of the Yarmouth Male Choir in Queen Square United Church a year ago, with the result that they are again engaged to assist in what will be the 134th anniversary services next Sunday, the 11th inst. This remarkable choir of 18 male voices, under the leadership of Professor Roy Williams, will be heard at both morning and evening services in conjunction with an auxiliary choir of nearly 30 voices. 21302-10-5

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

BIBLICAL SCENES IN MODERN STORY

The Imperial has an unusual picture coming Monday in the Metro-Goldwyn production "So This is Marriage." While it deals mainly with the difficulties of a giddy young wife, her quiet husband and a kind bachelor friend in a way that would make it an ultra-modern entertainment no one should miss, it contains also an extraordinary feature. This feature is an insert in natural costumes by the technicolor process of the Biblical story of David and Bathsheba. Hundreds of extras in vivid costumes are used in these scenes which are laid against a background of a great feast and pageant. From the costume of David down to the garb of the lowliest dancing girl the sequence is as true to the conditions in ancient Israel as it was possible for painstaking research to make them. Eleanor Boardman, Lew Cody and Conrad Nagel head the cast. "I really don't think that anyone who ever sees motion pictures should miss this one," says one who has seen it.

GAME IS POSTPONED

Baseball Championship Event Here Goes Over Till Monday—Football Match on.

Rainy weather forced postponement this afternoon of the second game of the Maritime amateur baseball championship between the Saint John Waternets and the Charlottetown Abegments scheduled for the East End grounds. W. E. Stirling, New Brunswick vice-president of the M. P. B., announced this afternoon that the game would be played on Monday afternoon at 8 o'clock. The game now stands 1 to 0 in favor of the local team and a win Monday afternoon will give them the 1925 title.

The Charlottetown team arrived by automobile last evening. They had planned on leaving immediately after the game on the return trip, but will now spend the week-end here.

FOOTBALL GOES ON. According to late word this afternoon the Trojans-U. N. B. football game, scheduled to start at 8:30 o'clock, would be played, rain or shine.

Better Buying Conditions

The long line-up of thirty suites in Chesterfields alone gives you a fair chance to look them all over in one lot and see just how your final choice stacks up beside the rest.

People come first to J. Marcus Ltd. because choosing is so extensive. No hit or miss selecting here. A decision you never regret no matter how many others you see in the future.

The further fact that J. Marcus buys so many suites for cash means they get them for less and sell for less.

Every effort is made to make the most of the buying and selling advantages of this firm—and to hold to the values and guarantees that built up their business. A reputation extending back two generations is too precious to risk losing suddenly.
