OUT OF ORDER IN QUEBEC HOUSE

LT. COL. HURDMAN

Was Chief Inspector of Artillery Stores and Member of D. S. O.

Ottawa, Dec. 23.—Lieut.-Col. William George Hurdman, D. S. O., an outstanding military figure and one of the best known citizens of Ottawa, died yesterday afternoon.

Col. Hurdman was chief inspector of artillery stores in the department of militia and defence at the time of his death. The funeral will be held Sunday afternoon.

'ADORES' AMERICANS.

Mile. Cecile Sorel, the French actress, arriving in Havre from New York on board the steamship Paris, said she "fairly adored" Americans, individually and collectively.

"I especially liked Bostonians," she said, "Boston is the soul of America. New York is admirable, but I'll stick my ground on Boston."

WHITE LIGHT FROM OIL LAMPS NOW

Motion re Roberts Imprisonment Bill—Cancel License
for Third Speeding Conviction.

Quebec, Dec. 23—(Canadian Press)—
motion questioning the constitutionlity of a bill to imprison John H.

A new lamp has recently been invented which burns common kerosene oil and produces a soft, white light said to be even better than electric or gas. Tests by the Government and leading Universities prove this new light is superior to ten ordinary oil lamps. It burns without odor, smoke or noise, is simple and economical, requires no pumping up and has been approved by the Underwriters for insurance.

Receding Tidal Wave Left cou Cross Between Whale and

BADLY INJURED

Lima, Peru, Nov. 20.—(By Mail)—
The tidal waves which recently devastated parts of the coast of Chile, cast upon the beach at the same time a strange denizen of the deep whose like has not been seen in these waters in many years. It would appear to be a cross between a whale and a turle.
Fishermen at Lurin, 25 miles from Lima, reported a huge cetacean floundering in the shallow waters of the bay. Then they sent out word it was an unknown monster of the sea, and that they had killed it.

NEARLY COMPLETED

It is expected that work on the Holy Trinity school, the new school in Burpee avenue, will be completed soon and that four rooms will be available for classes at the re-opening in January. This is one of the most modern schools in the Maritime Privinces, being fireproof throughout. It contains ten class rooms, a teachers' room and library, a manual training room, a domestic science room and a play room. The main contractors were John Flood & Sons, while the sub-contracts were let to LeBlanc & LeBlanc, Jones Electric Company, G. & E. Blake, and William Demings. F. Neil Brodie was the architect.

The Mapledawn docked at No. 15 SCHOONER BUILT resterday to load for Newfoundland. IN NOVA SCOTI

Tobaggans have arrived — W. H.

Russell dissented.

The Myles case came before the full bench on a crown case reserved. I. C. Doty, the accused's counsel, held that a statement made by Myles in hospital that a suicide pact was the cause of the double shooting which resulted in Florence Miles' death and his own critical condition was made before the statutory warning had been given. Myles at his trial said the shooting was done by the girl, that she shot him first and then killed herself. Dr. Doty contended that the submission of the two contradictory stories prejudiced the prisoner's case in the minds of the Jury.

New York Games.

Nooncton, N. B., Dec. 23—A hockey team composed of members who have played for Mount Allison University left Sackville yesterday on a tour of Quebec and New England towns where several games have been scheduled. The line up includes several players who have starred for the garnet and gold in past years as well as three or four men who will line up for Mount Allison in the intercollegiate series this season.

By the gates, in the traction out and the men were subsisting on half rations.

It was said at the offices of the United States Lines that undoubtedly a boat had been sent to the schooner with provisions, for her men would have to remain aboard at the pumps, since she was leaking, according to the radio. When the President Gartel at the Ambrose Channel Lightship for tugs to bring her into port, since the liner would have difficulty in manoeuver; in the channel with the disabled creat.

The schooner, which was built in Nova Scotia in 1918, is owned by G. Season.

WAS 103 YEARS OLD.

With the death of Frank Barsotta, at the residence of his son, Samuel, 55 Westminster avenue, Toronto, that city lost one of its oldest, if not its oldest, resident. The deceased was 103 years of age, and would have celebrated his one hundred and fourth anniversary in May, 1928. Although feeble, Mr. Barsotta was in good health until a few hours before his death.

Mr. Barsotta was born in England in 1819, four years after the Battle of Waterloo. He came to Canada at the age of sixteen, in one of the old-time sailing vessels, the trip taking seventy-one days. His first residence was at Tillsonburg, Ont., where he was employed in a vineyard. After some thirty years he removed to Cooksville, and established the Barsotta homestead. In 1906 he came to Toronto, where he has since lived in retirement.
