

MAKES SURVEY

Miss Elsie Woods, social service worker, has just returned to St. John after a three-year survey of conditions in the Hawaiian Islands. "Child labor and small pay are two of the great troubles on the islands," she says. Also, health conditions are bad. Miss Woods advocates a system of government nurses supervising, under direction of government doctors, the general health work in the islands.

J. P. MORGAN IS AGAIN IN NEW YORK

Noted Financier Returns From Europe But Silent on German Loan

New York May 8.—Wall Street reports that J. P. Morgan was returning from Europe "with the \$100,000,000 German reparations loan contract in his pocket" were neither affirmed nor denied by the financier when he arrived today on the Homeric.

The financier discussed at length the subject with which his name has been prominently linked since the Dawes committee recommended an allied loan of \$200,000,000 as the foundation of its reparations plan. He was asked first to corroborate a statement of Owen D. Young, of the Dawes committee, that the

United States readily would absorb a half of the proposed \$200,000,000 loan to Germany.

"That was very nice of Mr. Young," he said, "but I hesitate to talk about it because there are so many issues involved and so many governmental phases to be considered before we bankers can even move to take up the subject."

He admitted that, since the government was not to participate in floating the \$100,000,000 bonds, J. P. Morgan & Company was the one private firm in America most likely to dispose of such a huge issue.

WILL LAY CORNER STONE NEXT SUNDAY

The ceremony of laying the corner stone of the new Catholic church in East St. John is to take place on Sunday afternoon at 8 o'clock. His Lord-

ship Bishop LeBlanc will officiate at the ceremonies which consist of the blessing and placing of the cornerstone and the blessing of the foundation.

Rev. D. S. O'Keefe, of St. Andrews, will deliver the address. Arrangements have been made with M. A. Pooler, general manager of the New Brunswick Power Company, to have extra cars on the East St. John route on Sunday afternoon to accommodate the large numbers who are expected to be present.

BARN IS BURNED.

On Tuesday evening a horse barn on the farm of Thomas Cameron, Mount- taindale, Kings county, was burned. The fire was caused by the upsetting of a lantern. Two horses and a calf in the barn were saved. Nearly all his farming utensils, harness and machinery were burned including a new mower.

A dose at bedtime of DR. CALDWELL'S LAXATIVE SYRUP PEPSIN Made them feel jolly again

Good Health in Happy Old Age

THE chief concern of elderly people is their health, and that is best assured by regular daily bowel movement. There is no truth, however, in the notion that because you are old you need a "strong physic." In fact, just because you are old a mild laxative is better for you. The trouble with purges and cathartics and physics is that they shock the system and weaken it and make the muscles of digestion flabby. Mr. John Mune, 121 Prince Edward St., St. John, N. B., says Dr. Caldwell's Laxative Syrup Pepsin is the best medicine on earth and Mrs. George Lath, Pope, Man., who is in her 79th year, has found it easy to take, gentle in action and entirely satisfactory.

Does Not Gripe

You can be sure of satisfactory evacuations every day if you will take a spoonful of Laxative Syrup Pepsin at night when you retire. You will not need to take it very long as a few doses will soon encourage the bowels to go for themselves. The popularity of this wonderful family remedy has become so great that it is now the largest selling

liquid laxative in the world. Because of its mildness and freedom from gripping it is especially ideal for the extremes of ages, for children and for elderly people.

Effective at Small Cost

Get a bottle of Dr. Caldwell's Laxative Syrup Pepsin at any drug store. The formula is on the package, and the cost less than a cent a dose. Take it when you feel heavy, sleep poorly, have headache or night cramps, for these are also symptoms of constipation. Give it to the children when they are restless, feverish or have a cold. Laxative Syrup Pepsin will keep you and your family free from constipation, a condition that lowers the vitality 25 per cent and raises the blood pressure 25 per cent. Freedom from constipation lessens the pain of kidney trouble, neuritis and rheumatism.

Distinctive Roofs

Offering the Utmost in Protection

you should make before you buy any roofing

1. HEAT TEST: Lay sample of Vulcanite on hot radiator for 12 hours. See if it will melt or dry out.
2. ICE TEST: Lay sample on ice for 12 hours. Then pour boiling water on it. See if it absorbs any water.
3. WATER TEST: Soak sample in water for 12 hours. See if, by weight, it absorbs any water.
4. ACID TEST: Immerse sample in hydrochloric acid. See if it is affected in any way.
5. FIRE TEST: Lay white-hot coal on sample. See if it sets the roofing on fire.
6. "SCUFF" TEST: Lay sample on floor; scuff it hard with your shoe. See if any of the slate-surfacing will come off.

YOU'LL have a roof which will make your house stand out in a distinctive, yet decidedly attractive manner if it is covered with Vulcanite Hexagon Slabs. Finished in soft green, blue-black or Indian red, a deep-tile effect is produced, adding to the value as well as the appearance of your home.

Vulcanite Hexagon Slabs are unusually practical and economical as well. The patented design makes the slabs double thick everywhere. They are easy and economical to apply, because they space automatically, saving time and money. They make a fire-and-weather-resisting roof which is an enduring source of beauty and protection. Read carefully the six daring tests listed here. These shingles are made to withstand them. See if any other roofing will. Learn all about these sturdy, modern shingles which cost less in the end. Write for free sample and our free book on roofing.

Vulcanite Roofing is also made in Doubletite Slabs, Four-in-One Slabs, Self-Spacing Shingles, Jumbo Hexagon Slabs for re-roofing and in rolls. Approved by National Board of Fire Underwriters.
