Advices from Oregon are of August 21.

On the 15th of that month, Lieut J. K. Align for whith the present fine weather is projen, with a party of of fifteen mean, made a night attack on a body of Indians on the property and a videntially highly favourable. The hay crop, has we believe, been fully an average one and considering the catching weather men, fifty women and children, a large number of thorses, and much other property.—One are repaired to be good throughout Lieut, Allen was mentally wounded in the tocountry and although potato blight states, and died next day. Beyond, this, has revealed in high the vines to a considering and active demonstration erable extint especially on the shore disconting and on the shore disconting and the present fine present fine weather is project.

The crops are being generally gathered to be more with the present fine weather is project. The hay crop, has we believe, been fully an average one and considering the catching weather has been tolerably well saved. Wheat and the country cannot although the present fine weather is project.

A Practice to Ger Rip or.—Another aning of steamers brought out 1.466 cable, or as it is more recently termed the New jour accident from the practice of smokers and 2.631 steerage passengers, and not a swing away lighted matches or digars has bleath, occurred amonust themself. The task tion of which it is stated, will be opened to pared in the Rice Vivienne. Press and

DISGRACEFUL -It is stated that on the occasion of the burning of the steamer Austria, when the Metallic life boat came along tria, when the Metallic life boat came along side the French ship, there was only one man belonging to her that volunteered to return in the boat for the purpose of saying the lives of the poor souls who were then screaming for assistance! As it required at least four men to handle the boat, nothing was done in the dreadful emergency, and the unfortunates were left to their fate. After all, the world cannot produce the equal of a British sailor, his few faults to the contary and the dreadful emergency and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults of the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults to the contary and the sailor, his few faults and the sailor has a sail fault and the sail faults and the sailor has a sail fault and the sail faults an
