

LIBERALS NEED NATIONALIST

Scene in House Yesterday Had Only Parallel In Introduction Of Louis Riel—Conservatives Silent.

Continued From Page One. Sir Wilfrid Laurier was non-committal. He would consult the minister of finance, he said.

De. Black moved the first reading of a bill to amend the Canada medical act. It is passed a medical man qualified to practise in any province will be able to practise in the whole Dominion.

The debate on the address marked time all day. The next point of interest is Sir Wilfrid Laurier's speech in reply to Mr. Borden.

Mr. Monk admits he sat on platform after platform on which Mr. Borden was denounced as too Imperialistic. Mr. Borden explicitly repudiates any alliance with the Nationalists.

The Nationalist hero is given by the Conservatives a reputation which commends it to an insult, at least a positive demonstration of unfriendliness.

All that matters nothing, said, or rather shouted, Mr. Paterson today. "They are in league." All of which means that the Liberals having abandoned hope in Quebec, are meditating a desperate appeal to the flag waving order to English speaking Canada.

In his speech on the first day of the debate Sir Wilfrid Laurier described reciprocity as engaging public attention in Canada. Exactly a week later Mr. Paterson, one of the Canadian negotiators in the reciprocity negotiations, spoke in attendance in the House, spoke in the same debate, in discussion of the address in which these reciprocity negotiations are mentioned, and he pointedly avoided the subject.

Mr. Burrell, the first speaker of the day, entered his reputation of Nationalism with the rest. In so far, he said, as speakers either on the Nationalist or on the Liberal side in Drummond and Arthabaska had made unpatriotic and unworthy assertions, and repudiated them.

Mr. Neely, of Humboldt, and Dr. Sproule spoke and Mr. Paterson followed. He dwelt upon the fact that Mr. Borden in March 1909 had been content to urge the speedy construction of a naval service. This point he pressed with great vigor, and he said from that time his assertion that there was an understanding between the Nationalists and the Conservatives.

Mr. Blain dealt with the record of the government in making its promise to prevent the merger of agricultural implement manufacturing firms, and dwell on the government's record of administrative scandals, such as the Lodge land purchases at Moncton.

Mr. Kye defended the government and wound up with a noticeably agerely reference to reciprocity, saying which would help to solve the problem of cost of living but going no further than that decided the adjournment of the debate.

Act of Discourtesy. Further bitterness has been introduced into the struggle between the two political parties by the fact that the government on the occasion of Mr. Borden's speech last Thursday departed from the usual parliamentary courtesy of detaching the premier or a minister of the crown to follow the leader of the opposition, and instead put on H. H. Mills of South Grey in parliamentary practice this is regarded as a deliberate insult and a sign that the fat is really on the fire.

Conservative Organization. The full plan of Conservative re-organization is nearing completion, although there are one or two committees yet to be remedied. The executive committee was organized today under the chairmanship of J. E. Armstrong of East Lambton. He is recognized as the chief authority on post-office matters on the opposition side of the House.

Haughton Lennox of South Simcoe, has been appointed chairman of the committee which will study specially the affairs of the National Transcontinental Railway. It is understood that a great deal of new material of a startling nature is being unearthed by this committee.

QUEBEC VISITORS. Fort Monro, Va., Nov. 28.—Sir Lomer Gouin, Prime Minister and Attorney-General of the Province of Quebec, and J. T. Conroy, minister of real, arrived here today to join Sir Charles A. Pelletier, Lieutenant-Governor of Quebec, who is here for the benefit of his health.

All of the party will remain here for a month. Lieut.-Col. C. P. Townsby, U. S. A., commandant of Fort Monro, paid an official call upon the Canadian visitors.

SEEKING PEACE. Chicago, Nov. 28.—A committee of five city officers, including Mayor Buse, was selected at a meeting of the county board to meet representatives of the striking garment workers and employers to try to settle the strike.

SAFETY BOARD DEALS WITH MANY IMPORTANT MATTERS

Leasing of Lot Desired by George Cushing and Partington Company Delayed Until May Next—Women's Council Asks for Police Patrol and Matron—New Molasses Warehouse.

The safety board dealt with a number of questions last evening but left some of the matters undecided. L. G. Crosby made application for a lease of several lots of land at the eastern end of British and Broad streets for the purpose of erecting a large molasses warehouse. The Women's Council asked for the appointment of a police matron and the provision of a patrol wagon.

The question of leasing certain lots of land asked for by George Cushing and the Edward Partington Paper Company was laid over until May. Ald. McLeod complained that according to the lighting schedule of the city, the sun rose one half an hour earlier in Carleton than in the city proper.

Ald. Vanwart presided and there were present Ald. Potts, Jones, Sprout, Russell, Scully, Wigmore, McKinn, McLeod, White with the common clerk, the recorder, Director Wisely, Chief of Police Clark and Fire Chief Kerr. Mrs. David McLellan and Mrs. G. M. Campbell were present as a delegation from the Women's Council.

Money For Patrol Wagon. Mrs. McLellan, president of the council, was heard in connection with the appointment of a police matron and the provision of a patrol wagon. She said that if the city was not able to afford a patrol wagon the Women's Council would be prepared to bear a portion of the expense.

The chairman said that when the matter was brought up before the board did not have money on hand. Ald. Jones moved that a small committee be appointed to confer with the ladies and report on the feasibility of the scheme.

Mrs. McLellan gave a number of instances of the manner in which ardent persons were now taken through the streets. Such sights, she said, were not proper for children.

Ald. Jones said he understood a proper patrol system would cost \$9,000. Mrs. McLellan said they were asking for a patrol wagon and she did not see the necessity of installing patrol boxes all over the city.

In reply to Ald. Potts Mrs. McLellan said the Women's Council had offered to provide a police matron at their own expense. The city council never made a response to this offer.

Chief in Favor. Chief Clark said he favored a patrol wagon and a police matron. Ald. Russell moved that the director be instructed to report on the cost of installing a patrol system.

Mrs. McLellan thought the city fathers should get the patrol wagon first. Ald. Jones moved to appoint a committee to deal with the matter was adopted. The chairman appointed Ald. Russell, Wigmore and the director.

Lancaster Lots. Premier Hazen was heard in connection with the Edward Partington Company's request for a renewal lease of lots in Lancaster. He said the company would shortly advise the board as to the plans for erecting a paper mill.

An application was received from the Crosby Molasses Co. Ltd. to purchase lots on the eastern end of British and Broad streets. The company intended to erect a building large enough to cover all the lots, and for the purposes of its business would have to acquire adjoining lots from private parties.

He said the business had developed rapidly. They made shipments as far west as the Pacific coast. St. John was a great distributing centre, and he believes the possibilities of extending the business were almost unlimited. The chief drawback was the lack of facilities for storing goods.

The company was not asking for tax exemption, or free water. At the same time, in view of the fact that the city was giving free sites to various companies, they hoped they would get a site for a large warehouse on reasonable terms.

Ald. Jones moved that all the members of the board look over the site before taking action. Ald. Potts thought they could go to consider the proposition. The industry was hardly a desirable one for that locality.

To Inspect Lots. After some further discussion Ald. Jones' motion was adopted, and the chairman asked the board to inspect the lots at 2 p. m. today.

An application for lease of lots on Duke street near Pitt street was received from G. F. Fisher. The board decided to look over these lots today.

Wm. Rutledge applied for a renewal lease of his lot on Mecklenburg street near Pitt, and a reduction of rent from \$48 to \$40. A motion to grant the reduction was adopted, the director reporting that a number of similar applications had been granted previously.

Ald. Scully moved that the Wilson Box Company be granted a lease of the triangular lot in Lancaster now held by Councillor Fox, the lease to extend for a period of 14 years at a rental of \$50. This was adopted.

No report was forthcoming from the committee appointed to inspect the Lancaster lots. The chairman said he would bring in a written report at the next meeting.

Ald. Potts said he had looked over the lands and was prepared to state his views on the application of the Partington Company. He said he was surprised at the extent of land now held by the Partington Company, and he did not think they needed the lots. Mr. Cushing wanted them as a site for a new industry. He moved that Geo. Cushing's application for a lease of the part of block F, which the city had formerly leased to him, and which had been transferred to the Partington Company, at the time of Mr. Cushing's assignment be granted.

Ald. Jones said he could not vote on the matter until the committee had reported. He said he was appointed to inspect the lands brought in a report.

Moves for Delay. Ald. Sprout moved that the matter be allowed to lie over till May when the lease expired. They could then give it to the highest bidder.

DR. TORREY REACHES OUT AT DANCING

Many Girls Ruined Through Familiarity Bred at Balls and Public Dances—His Experience in Australia.

More canister broadsides were hurled at St. John society by Dr. Torrey at the Queens Rink last night. Rolling in his sleeves figuratively speaking, the great evangelist dealt a series of blows straight from the shoulder to the dance and the card party which made his audience—one of the largest of the series—sit bolt upright.

Dr. Torrey's subject was on "The Dances of Men," and the climax of his sermon—the startling results which follow a stream of climaxes, centered about a dancing party at Ballarat, Australia, which he was invited to attend a great deal of Mr. Cushing's new industry. He thought they should wait until May.

Ald. Potts said Mr. Cushing had agreed to withdraw his application if the Partington people guaranteed to build the paper factory on this particular plot of land. The lease would mean a great deal to Mr. Cushing and Mr. Cushing had done a great deal for Lancaster.

The amendment to let the matter lie over until the lease expired was adopted. Ald. Potts was the only one who voted against it.

The director asked for an order authorizing him to advertise for stable supplies. On motion the order was passed and the director instructed to co-operate with the other boards.

The director read a letter from H. M. Hopper, stating that it would cost \$60 to install a light on Nelson St., as there were no wires in the neighborhood. The director recommended that the light be installed.

Ald. Scully said the light was necessary: the barrel factory on Nelson street was working day and night. Ald. Jones—Have you any money? The director—About \$500.

New Lights. On motion of Ald. Scully it was decided to install an arc light near the barrel factory.

Ald. Potts moved that a light be installed on Union street between Charlotte and Sydney streets. Ald. Jones moved that the director be instructed to submit a report throwing some light on the matter.

Ald. McLeod and Jones said they meant words. The chief of police as well as the chief of the fire department were supreme in the control of their men.

Chief Clarke said he would always consult the chairman whenever he could, but there were times when he had to act quickly if he intended to maintain discipline. The chairman said he recognized this. But men were discharged from one department and were engaged in another. The chairman felt he was not always consulted.

The Recorder said that if the chairman had to be consulted before a man could be dismissed, the dismissed man would have a direct grievance against the chairman.

After some further discussion the chairman ruled Ald. Potts' motion out of order.

On the recommendation of the Director a motion was adopted authorizing the chamberlain not to bill the Carleton Club Band for rent of the hall in Carleton.

The director reported that he inspected Mrs. Lunney's piano, alleged to be broken by the Salvage Corps. He recommended that the piano be taken unless the members of the Salvage Corps were examined. The Recorder thought the city was not liable for damages. The report was filed.

Police Sergeant Hastings was granted half pay for time lost through sickness in October. The sun rises one-half an hour earlier in Carleton than in St. John.

The Director was instructed to ask for an explanation of the sun rises so soon on the West Side.

Chief Clarke asked for a telephone in the West Side police station. It was decided to put in an extension from the Water and Sewerage office.

The Recorder said that a proper room in the Carleton City Hall should be at the disposal of the Coroner. The Recorder was requested to make arrangements with the janitor for this.

Chief Kerr said the firemen would have a little celebration today with the opening of the West Side fire station, and he hoped the members of the Safety Board would grace the occasion with their presence.

On motion of Ald. Russell the Board decided to attend the function in a body and pay the bill.

Ald. White asked for a fire alarm box near Durick's drug store on Main street. Chief Kerr said he had asked the director to provide for it in next year's estimate.

Ald. White said that would be satisfactory. The Board then adjourned.

Tea and Sale. The ladies of St. John's Presbyterian church on Thursday afternoon and evening next will hold a tea and sale which promises to be very successful. Mrs. Andrew Armstrong is in charge of the tea tables while the ladies in charge of the tea tables will be Mesdames T. Irvine, W. Clawson, Chas. Doug, Lansdowne Belyea, Mrs. Thomas, Mrs. Elderkin, Mrs. Cameron and Mrs. McKay will pour. Mrs. Cummings and Miss Helen Cummings will have charge of the kitchen while Mrs. Cunningham and Mrs. Harman will attend to the carving. Mrs. Andrew Armstrong at the jelly table and Mrs. Cummings as assistants. Misses Mabel Crosby and Jennie Burns will be in charge of the ice cream table and Mrs. A. McLean and Annabella McLean.

DISCUSSION ANNOUNCED

New British Parliament Called to Assemble on January 31—Speech from the Throne—Polling Dec. 17.

London, Nov. 28.—The second parliament in the reign of the late King Edward VII, which met on Feb. 15 last, was dissolved today in pursuance of the programme of the Liberal government to go before the country on the question of the prerogatives of the House of Lords.

The King's speech was notable for its brevity, the only reference to the constitutional crisis being a colorless expression of regret that the conference between the leaders of the opposing controlling parties had failed to agree on the reformation of the upper chamber.

The longest and most interesting paragraph which immediately followed an allusion to the death of His Majesty's father, dealt with the recent arbitration of the Newfoundland fisheries with the United States, and said: "I confidently hope that the questions connected with the North Atlantic fisheries between Canada and Newfoundland, which have been the subject of controversy for nearly a century, have at last finally settled by the award of The Hague tribunal. It is the cause of special satisfaction that it has been found possible to solve by arbitration problems of such an intricate and difficult nature and that the award has been received by both sides in a spirit which must tend to increase good will."

The proclamation of dissolution summons a new parliament to assemble on January 31, 1911. Polling will begin Dec. 17 next.

TEMPERANCE MEN TO ENFORCE LAW. Rev. W. R. Robinson Expresses Determination to Press Charge of Violation of Liquor License Act Against Hotels.

Charges of violation of the liquor license act have been laid against the Royal, Dufferin and Park hotels. The charge against the Royal was laid by Rev. W. R. Robinson, of the West End and those against the other hotels by Inspector Jones. The charges are not complying with the law in the matter of entrances, screens, etc. The cases will be heard on Friday.

Asked last evening in reference to the charge against the Royal, Rev. Mr. Robinson said the temperance people of the city were determined to see that the law was enforced. "The government gave us the amendment we wanted and we intend to see that its provisions are carried out to the letter," he said. "There are licensed premises in the city in which the law as to screens, separate entrances, additional rooms and the bringing of the bar into plain view of the street is not carried out. It is brazen for the officials to walk about the town, knowing this and not reporting them."

"We have started on the Royal and we intend to see that every place in the city where there are conditions which are not in accordance with the law shall be made to obey the law in this respect. We feel that the inspectors are not doing his duty and we intend to see that he will do it. The law is a good one, we are well pleased with it, but we intend to see it enforced."

WELLY SALE. Seats in Demand for the Production of The Pearl of Savoy by Local Amateurs—Stage Rehearsal.

The first day of the seat sale for the production of "The Pearl of Savoy" on Wednesday, Thursday and Friday evenings, by H. Bird and St. John players, saw many of the seats disposed of for all performances. The sale for Thursday evening is particularly large and in fact the whole engagement promises to be most successful. There are still plenty of good seats but at the rate they are going they will not last long, and it behooves all intending patrons to visit the Opera House box office and make their selections early.

The company had their final stage rehearsal on the Opera House stage last evening and those who were privileged to see it were enthusiastic over the smoothness and professional finish of the production. Under Mr. Bird's direction the participants have made good use of the time for preparation and the production will rank with the best he has given here. From scenic and costuming standpoint it will set a new standard.

Mariner Committee. His Worship the Mayor, has appointed Ald. Hayes, Russell and Smith the special committee to act with him in dealing with the future of the harbor. They will be called together at an early date, and are expected to take up with the government the question of nationalization or sale of the city export property to the government.

B. D. McLean. Beverly D. McLean, aged 37, died yesterday at Victoria Hospital of spinal trouble. He was a native of St. John, is a brother.

Decides to Accept. It is understood that Rev. A. A. Graham of St. David's church has decided to accept an offer of the presidency of the new Presbyterian College at Moose Jaw, Saskatchewan.

EXAMINE 93 IN CHOOSING JURY. Greenfield, Mass., Nov. 28.—It was not until ninety-three of the 101 tales had been examined that the jury which is to try Silas Phelps the "Monroe Bridge outlaw" so called, charged with murdering Deputy Sheriff Emmet F. Haskins, at Monroe, last June, was complete today. Elmer D. Severance of Turner's Falls, was selected as foreman.

After reading the indictment and the plea entered by Phelps, it was arranged that the jurors spend the morning in viewing the scene of the murder.

CHATHAM PERSONALS. Chatham, Nov. 28.—E. C. MacLeod, manager of the Bank of Nova Scotia leaves tonight for Montreal on his way to the head office, Toronto, where he reports for duty.

Mrs. J. E. Snowball and Miss Snowball leave on Saturday of this week on a very delightful trip for the coming winter. They go first to Montreal where they will spend some time, after which they will take the White Star liner Cedric from New York for Liverpool and will spend the winter in England and Scotland.

CHAPERONES

Tag Day Committee Decide That Younger Ladies Will Be Accompanied On Rounds—Protection and Prevention.

All the young ladies who will take part in the tag day enterprise on behalf of the Anti-Tuberculosis Society will be accompanied by chaperones. Their slogan will be protection and prevention, and anybody hearing this cry on the streets will understand that it means stand and deliver—all you can afford to give to the ladies who are seeking the sinews of war against the white plague.

A meeting of the ward committees was held yesterday afternoon at the residence of Mrs. E. A. Smith, at which the chaperone question was settled, and the tag girls assigned to their various districts. The convenors of committees will meet at 10 a. m. Wednesday at the King's Daughters' Guild, when all arrangements for the distribution of the workers will be completed.

OWNERS OF BUILDING CLEARED OF BLAME. Trenton, N. J., Nov. 28.—General Lewis T. Bryant, state commissioner of labor made an investigation today into the circumstances surrounding the fire in Newark last Saturday in which 24 girls lost their lives. On his conclusion statement, he said the state, and that the building was absolutely safeguarded with fire escapes as provided for under the laws.

General Interest Being Taken in Moving Picture Entertainment in Aid of Anti-Tuberculosis Society.

The moving picture show in aid of the campaign to be given under the auspices of the King's Daughters, Dec. 5 and 6, in the Opera House, promises to be a great success. A number of business men of the city have offered to give the entertainment on certain days. The general public are showing great interest. Tickets are selling well and the King's Daughters hope to be able to turn over quite a sum to the Anti-Tuberculosis Society.

Among those who have kindly consented to take part in the programme are Miss Louise Knight, D. Arnold Fox, Gershon S. Mayes, Mrs. E. D. Chisholm, Barton Wetmore, Miss Kathleen Hogan and Miss Foster.

ELECTRIC ROAD BUYS NEW CARS. Vancouver, B. C., Nov. 28.—The rapid growth in the traffic of the British Columbia Electric Railway has taxed its car-building shops beyond their capacity and orders have been placed with other builders to help meet the demand. The service is to be increased by the addition of 122 new cars, one half of which will be used for its city lines, and will be of the latest type. These additions to the company's rolling stock will represent an outlay of about \$500,000.

DIED. Coates—On the 28th instant, after a brief illness, Frederick W. Coates, son of William H. and Margaret J. Coates, leaving a widow and one child to be mourned, together with a large circle of relatives and friends to mourn their loss. He was the only surviving son of Wm. Coates, two brothers having predeceased him. Mr. Coates who was in the 34th year of his age had been a Pullman car conductor on the I. C. R. for some years running between St. John and Moncton during the greater part of his service, and was very popular with the railway men and the travelling public. He was a member of the Brotherhood of Railway Conductors and took an active interest in the affairs of the order. He was also a member of the Church of St. John the Baptist and was a young man of fine character with a great capacity for making friends. Mr. Coates, his father has long played a prominent part in the local labor movement and has the sympathy of many friends in his sad bereavement.

John Donovan. Frederick, Nov. 28.—Rev. Father Carney has received word of the death at Canterbury yesterday of John Donovan, proprietor of the hotel at Canterbury Station and will go there tomorrow to attend the funeral. The late Mr. Donovan, who was 64 years of age, was operated upon some time ago in a Boston hospital for throat trouble.

F. A. DYKEMAN & CO., 59 Charlotte Street.

CHEAP ELECTRIC LIGHT FOR FREDERICTON. Flat Rate of \$1.25 per Month to be Given by New Company—Test Case for Sunday Restaurants—Lines Closed.

Fred. Taylor, Nov. 28.—In the trial of the case of Cummings, of Fairville, Judge Wilson gave judgment this morning in chambers granting the plaintiff the same verdict as formerly, \$15.26.

Definite announcement was made today by the Fredericton Gas Light Co., that commencing on Monday, December 5, the company will furnish a 24 hour electric service for power and light. They will make flat rate electrical lighting contracts for small houses at \$1.25 per month minimum.

The funeral of the late James Tennant took place this afternoon from his last residence on Woodstock Road and was in charge of Hiram Lodge, F. & A. M., the members of the Fredericton Society of St. Andrew walking in a body as mourners. The services at the house were conducted by Rev. Dr. W. H. Smith. The floral tributes included a St. Andrew's cross from the St. Andrew's Society.

The steamer Majestic, of the Star line, left for St. John this morning on the last trip to be made by a passenger steamer on the Fredericton-St. John route this season, making a total of 104 round trips made by the Star line boats Victoria and Majestic.

The rights of restaurants in the city to keep open and do business on Sunday will be tested in a case expected to arise out of the complaint filed by the police against Washington's restaurant for doing business after midnight on Saturday night, and also during Sunday and Sunday night. The case is being brought under the provisions of the Lord's Day Act.
