WHAT REALLY HAPPENED AT ACADIEVILLE MEETING

Veniot was Very Wary and Confined Remarks Largely to Personalities while Government Candidates Enumerated Lengthy List of Reforms Worked by Present Administration in Conduct of Provincial Affairs.

Richibucto, May 29.—Hon. D. V. Landry, Col. John Sheridan and Dr. T. J. Bourque, the government candidates in Kent, opened their campaign with a rousing meeting held in the Barricade Hall at Acadieville last evening. There was a large crowd present and great enthusiasm prevailed. Rev. Father Hutor acted as chairman.

The first speaker was Col. John Sheridan, who being in fine form, made a rattling good speech, stating that while the former government, in many cases, charged to permanent bridge accounts the cost of ordinary bridges, the present administration pursued a different and wiser course and constructed many permanent bridges, the cost of which was paid out of the ordinary revenues. He gave as an instance of the policy followed by the new government the Little Bouches River bridge, one of the finest in the province, the cost of which, save the steel span, was paid out of the ordinary revenues of the province.

Dr. Thomas J. Bourque was the next speaker. He referred to certain statements and imputations made to the present government in the parish. These statements Dr. Bourque declared, were at variance with the truth and the imputations were without foundation. He had with him the provincial reports, all the accounts, the Dump bridge constructed by the present government in that parish. These statements Dr. Bourque declared, were at variance with the truth and the imputations were without foundation.

Mr. Veniot, the opposition organizer, followed. He was more cautious than in March last and not once did he refer to the Dump bridge or any other bridge constructed by the present government in Acadieville, but he went on making wild statements about bridges in other parts of the county. He quoted the auditor general report showing that over \$800 had been expended on Mooney's bridge, Richibucto, while he claimed that as a matter of fact not a single dollar had been expended on that bridge. He rehearsed the story and concluded by the review that Mr. C. E. Lockhart of Notre Dame had received \$150 for rent of Jackscrews on

of theft and another of defamation of character. County Court.

In the case of Catherine A. Carr, of Woodstock, vs. the C.P.R., on application of Fred R. Taylor for the defendants, Dr. L. A. Curry appearing for the plaintiff. Justice McKeown yesterday approved of the bond on appeal and settled the case on appeal to the Superior Court of the province. The case will come up for argument in Ottawa at the October sitting of the court.

The case of Ferguson vs. the Swedish-Canadian Lumber Company, which has been before the courts for eight years, was finally disposed of by Mr. Justice McKeown in chambers. A verdict was given for the plaintiff some time ago and a new trial was granted, on the amount of the verdict being paid into court. The judgment was affirmed and this morning, on application of Dr. L. A. Curry, Judge McKeown made an order that out of the money paid into court \$3,350 be paid to the plaintiff and the balance in court be paid to Powell and Harrison, the defendants' solicitors.

Chancery Division.

In the matter of John H. Sherwood et al. a suit in chancery for the dissolution of co-partnership, a summons was obtained and hearing was fixed for July 9. Dr. W. B. Wallace, K. C., appeared for the petitioner and John Kerr, K. C., for the respondents.

This is a case of several partners in a sailing operation at the West Side. It was alleged in the police court some time ago, when a charge of theft was made against a co-partner. The present suit will introduce a charge

ENTERTAINMENT OF RARE EXCELLENCE

English Bellringers Captivated Audience in Opera House Last Night—A Wonderful Fine Programme.

A unique entertainment was provided for theatre patrons who attended the Opera House last evening, and those who were present were amply repaid for the time and trouble of attending. The programme consisted of two parts, and comprised recitals, solo numbers, solos, duets and quartets. The members of the troupe gave evidence of rare versatility. The music which they played was varied and included the bells, of which there were scores and the dulcet tones, produced from the bell ringers adept in their art, while the perfect harmony of the different bells was a marvel.

The selections rendered on the bells by the nine musicians were varied and even for other instruments, but the ringers proved themselves masters. While the selections on the bells were an enjoyable feature, they were not the only accomplishments which the troupe have at their command, for the vocal programme which they provided was one of rare excellence, and the statement may be ventured that such a vocal programme has not been given in St. John as to be passed over without some comment. In solo work in duet and quartet numbers, the performers captivated their hearers. That all are possessors of well trained voices was quite evident, and both in the individual work and in choral numbers they were called upon for scores. The solo numbers were particularly noteworthy, and the voices of nine blending beautifully.

The soloists, Messrs. Charlesworth, Lawson and Wain, gave great pleasure with their songs. Mr. Wain is the possessor of a sweet, clear and true tenor voice which was heard to pleasant effect in a number of solos as well as in a duet. Mr. Jessop, who acted as conductor of the group, is a fine and powerful vocalist, and his actual range, and sang a number of selections with pleasing effect. A duet by Messrs. Wain and Jessop, was particularly bright and the blending of the two voices proved excellent. A quartet of selections on the bells, which the bell ringers will give another performance this evening when doubtless a large audience will be present to hear.

The bells, bells, bells. The tintinnabulation which so musical from the bells."

GETS LIFE SENTENCE FOR AN ATTEMPT TO MURDER NEIGHBOR

Medicine Hat, May 30.—J. J. Lawson, homesteader, was given a life sentence by Chief Justice Harvey on a charge of attempted murder. Lawson and Byron Harpell were neighbors on homesteads south of Seven Persons. The former had just finished a term of imprisonment in a fraud case in which Harpell was the complainant. Lawson secreted himself in Harpell's barn and when he came in the morning to get hay, he shot him in the head with a revolver. Neighbors surrounded the barn until the mounted police arrived. Lawson surrendered without trouble. The bullet was extracted from the base of Harpell's skull. He will recover.

FANCY CRAFT IS BURNED, ENGINEER SEVERELY INJURED

New York, May 30.—The "Rane," a \$15,000 fifty-five foot gasoline yacht, owned by John Kennedy, a New York stock broker, burned in the water's edge in the Hudson river today and sank. Kennedy and his engineer, after struggling for half an hour to save the yacht, were obliged to jump overboard. They were picked up by a rowboat. The engineer, Benjamin Jacobson, was severely burned about the face and hands.

INTERESTED BUYERS AT UNCLAIMED GOODS SALE

Speculative Tendencies of Bargain Hunters Much in Evidence at Yesterday's I. C. R. Auction Sale.

An annual event of considerable importance to many took place yesterday when the auction of unclaimed goods was held in the I. C. R. freight shed No. 8. F. L. Potts disposed of the articles, and a good sum was realized.

The bidding was quite lively at times, and competition keen. One of the chief features of this annual sale is always the uncertainty as to contents of the bundles. The bargain hunter on this occasion is always on the same level with his fellows, and Wall Street speculation contains no more elements of uncertainty than this unclaimed goods sale. The clue which the purchaser has to the contents is what he can glean from the size of the bundle, its shape, or its weight.

Another about seven hundred pieces of freight were disposed of, over \$1,000 being realized on the sale. The usual rule is that the highest bidder, while a number of real bargains were secured. The sale began at 10 o'clock and continued nearly all afternoon. Although largely attended good order was maintained, despite the eagerness displayed at times to get the goods. The evidence to be a "find" among the packages.

PAY TRIBUTE TO MEMORY OF LATE WILBUR WRIGHT

Paris, May 30.—The death of Wilbur Wright, the American aviator, has caused a profound sorrow throughout France where he was everywhere popular. The newspapers contain long eulogistic sketches recounting his first flights in France at the beginning of 1908. They generally agree that France's supremacy in aviation is due to the fact that the Wrights showed the way.

ABANDON HOPE OF JOINT CONFERENCE TO END DOCK STRIKE

London, May 30.—It is evident that the joint conference tomorrow, whereby the government hoped to arrange a settlement of the dock strike, is foredoomed to failure. The master union, the master lightermen, public wharfingers and barge owners have joined with the other associations of cause in a protest against the government's invitation to send representatives to take part in the conference which will be held on the board of trade. In each case abstention is justified on the ground that the employers must retain their right to employ either non-union or non-union labor as they choose, and so long as the men's leaders insist that no settlement can be accepted unless the board restricts employers to union labor the negotiations would be futile.

PLAZA PREFERS TO TAKE NO CHANGES IN WAITERS' STRIKE

New York, May 30.—Anticipating trouble, the management of the Hotel Plaza this afternoon discharged more than forty waiters who were members of the International Hotel Workers' Union, and announced that negro waiters to take their places were being rushed here from Virginia. The Waldorf, the Brealis, Rector's, the Belmont, the Knickerbocker, Church St. and the Holland House are still crippled by the strike.
