FURTHER SUCCESSES BY RUSSIANS

THE RUSSIANS CONTINUE TO MAKE GAINS IN THE VICINITY OF RIGA CITY

Point South of Town of Sissera Occupied and Several Other Positions Captured—Roumanians Take Section of Austro-German Fortified Positions in Region of Varnitza.

Petrograd, Sept. 17—(Delayed)—Russian forces on the Riga front continue to make progress in their drive against the Germans. The statement follows:

"Western (Russian front): In the direction of Riga fighting continues, our advance elements offering resistance everywhere and at certain points making progress."

"We have occupied the farm of Sissen, south of the town of Sissera, and also Hapsal, and also have taken the cemetery southwest of Hapsal, on the north bank of the River Aa, west of Sabelki, in the direction of Lina, one of our parties successfully raided enemy trenches. On the rest of this front there were rifle firing and scouting operations."

London, Sept. 18—Field Marshal Haig today, reporting military operations last night on the battle front in France and Belgium, says:

"Beyond patrol encounters in the Ypres sector, in which we secured a few prisoners, there was nothing of special interest to report."

The French Report.

Paris, Sept. 18—The official communication issued by the war office last night says that on the right bank of the Meuse both armies were quite active, particularly in the region north of Hill 344 and the Cantieres Wood. The French repulsed an enemy surprise attack in the sector of the Rhone thine canal.

Roumanians Gain.

Petrograd, Sept. 18—Roumanian forces yesterday occupied a section of the Austro-German fortified positions in the region of Varnitza, says the official statement issued today by the Russian war office. In the area of Riga, the statement adds, there was no change in the situation.

PORT ELGIN GIRL EXCITES VILLAGE

Fifteen Year Old Miss Disappears from Home and is Found Hiding.

Sackville, Sept. 18—There was some excitement around Port Elgin Saturday morning when it was learned that Rosie White, aged about fifteen years, had disappeared from her home and could not be found. As it was known that she was somewhat low-spirited at times, much uneasiness was felt lest she had done away with herself. She left home evidently about 4 o'clock in the morning, without clothing, except those worn at night. Her father, John White, who is employed at the saw mill of J. & C. Hickman, Limited, gave the alarm. Hickman's mill was shut down and all day Saturday upwards of 50 men hunted far and wide for the missing girl. Late Saturday night searchers found her hiding in a house about a mile from Port Elgin.

Plans for war relief work for members of the Masonic order with the American expeditionary forces overseas, were set in motion by Barton Smith of Toledo, Ohio, sovereign grand commander, who spoke of the large number of Frenchmen who will engage in the war and declared it was the duty of the order to "relieve the monotony of their life" and do everything humanly possible for their care and comfort and for their relatives.

Three of the most prominent Germans here, Kumpel, Aitschul and Orlich, have been arrested. All Germans residing in Costa Rica have been ordered interned. President Tinoco called congress in special session and will lay the matter before it.

WILL RUSSIANS MAKE SEPARATE PEACE TREATY?

Washington Hears Ominous Report—Premier Kerensky Leaves for General Army Headquarters.

New York, Sept. 18—A despatch to the Chicago Tribune from its Washington correspondent, reproduced this morning in the New York Tribune says:

While officials were sounding today their praises of Kerensky for promoting a republican form of government at Petrograd, there reached Washington the most disheartening intelligence since the United States became belligerent.

Russia, according to an official report, is not unlikely to conclude a separate peace with Germany and quit the war, selling to Germany all military supplies as well as foodstuffs and raw materials.

The Russian government, though it has triumphed over the Korniloff insurrection, is now in the throes of an even nightier struggle, the outcome of which will be of vital consequence, not only to republican Russia but to the United States and the allies.

The Maximalists have triumphed over the constitutional Democrats and the conservative element of the council of workmen's and soldiers' deputies in several tests of power in the last few days, and now threaten to denounce the entire government. These triumphant radicals are either pacifist or pro-German and have long been advocating a separate peace with Germany.

Kerensky Goes To Front

Petrograd, Sept. 18—Premier Kerensky, accompanied by General Verderki, minister of marine, left Petrograd last night for the Russian general army headquarters in the field.

Trouble in Finland.

Helsingfors, Finland, Sept. 18—In the course of disorders at the Finnish fortified seaport of Viborg, seventy-four miles northwest of Petrograd, in which soldiers were involved, twenty officers were killed and sixty others are missing.

QUEBEC SPAN IS 82 FEET FROM DESTINATION

Day and a Half Must Elope Before Span Becomes Permanent Part of the Bridge—Accident Occurs.

Quebec, Sept. 18—The central span of the Quebec cantilever bridge was tonight dangling eighty-two feet from its destination. It was raised forty-four feet during the day. Another day and a half must elapse, the engineers announced, before it could be made a permanent part of the bridge.

The work of the day was not successful as had been anticipated owing to the snapping of a bracket in connection with the gear for the removal of the raised links of the hoisting chains. A falling bolt from the bracket hit one of the workmen and inflicted a deep flesh wound by his nose. This accident happened directly after lunch and between one and thirty no lifting took place while a new bracket was made and fitted into place.

Cycle of the Jacks.

The best lifting of the day for the cycle of the jacks—the raise of the span two feet and fall of pumps to a position where another lift could be made—was the last. The five thousand ton span was lifted and the jacks returned in eleven minutes.

The weather held good all day, though a falling barometer seemed to indicate that ideal conditions for elevating the span cannot reasonably be expected much longer.

Today river craft began to venture under the cantilever arms, though no ocean-going vessels were allowed to pass.

STEAMER LAUNCHED

Shelburne, N. S., Sept. 18—The new steamer Keith Cann, for the Yarmouth-St. John service, was launched this morning amid the cheers of a large assembly. Despite a rainstorm, over 40 persons from Yarmouth were present. The steamer was christened by little Miss Mary H. Cann. She makes a fine appearance on the water, and is admirably adapted for her service.

GERMANY MUST NOT GET THE DOMINION

United States Determined to Wage War in Earnest, Declares Secretary of War Baker and Secretary of the Interior Lane.

Atlantic City, N. J., Sept. 18—Secretary of War Baker and Secretary of the Interior Lane, were among the speakers at the war convention of Chambers of Commerce of the United States today.

In warning on Germany, Secretary Baker said, the United States is fighting a nation that has foregone mercy, lost all sense of compassion and attempted to set a mission higher than that of God's.

"But the Ruler of the universe," said Mr. Baker, "does not dwell in Berlin, in the capital of a nation that drops bombs on cities, violates neutral rights and dreams of conquering the world. The free peoples of Europe now hear our answer to their cry, and that is 'we are sending to your aid, marching millions strong.'"

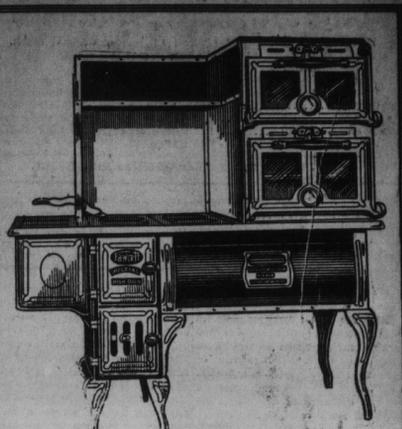

1776 and 1917.

History, Mr. Baker declared, will mark the year of 1776 as the year in which the principle of human liberty was declared, and the year 1917 as the year in which it was vindicated.

Mr. Baker emphasized the need of maintaining proper labor standards during the war. The nation, he said, must emerge from the war with its vitality unimpaired that it may engage in the world commercial struggle to come afterward with its full strength.

Secretary of the Interior Lane declared the United States, having determined to fight Germany's efforts to master the world, "with high explosives" and "low intrigues" was making full steam ahead.

"We shall make war in earnest, for we know that if Germany wins, the world will turn aside from the system of law and liberty which we know and exalt this military caste and system which is the historic enemy of personal liberty. We make war in France that we may not be compelled to do battle with the historic enemy of Canada or Mexico or even Cuba and we would go to our daily work like the Pilgrim fathers with our guns in our hands."

STANFIELD'S

Unshrinkable UNDERWEAR

Made and Worn by Two Generations

Over a quarter of a century ago the late C. E. Stanfield, Pioneer underwear manufacturer of Truro, N.S., discovered a way to prevent woollen underwear from shrinking—by the radical but sensible plan of taking the shrink out of the wool before it went to the knitting machines.

His secret process at once overcame the one fault of woollen underwear, and started a keen and steadily growing demand for the Stanfield's product. On it, by steady development, his two sons, at the head of Stanfield's Limited, have built a thriving business, providing underwear for hundreds of thousands of Canadians.

From the very first, the sterling quality of Stanfield's Underwear, as proved by wear and washing, has been its most prominent feature. It actually DOES NOT SHRINK, "full up" nor mat—and on the basis of length of service it is the best value offered in underwear.

Not content with superior quality, Stanfield's give wearers all the little niceties that make undergarments luxurious. Among the newer improvements are the wonderfully handy Adjustable Combinations and Adjustable Sleepers for growing children. Simply moving the buttons on the waist allows for two to three year's growth, and the detachable lower part is a great convenience.

SOME STANFIELD'S FAVORITES
