Moncton Hockey Team At Capital

Will Play Tonight Against Combination Team of Fredericton and Marysville--Deadlock in Play-off Between Acadia and U. N. B.

Special to The Standard. Fredericton, N. B., March 1.—Arrangements have been completed for the Moncton team to play in Fredericton this week and what is said to be the fastest team that can be produced in the railway city will be here tomorrow morning to play a combination team of Fredericton and Marysville players at the Arctic Rink tomorrow night.

"Tart" Titus, Captain of the Fredericton Club, is in charge of the local team and announced this morning as follows: Goal, Titus; point, Jarvis and M. Wade; cover-point, Edgar Wade; forwards, Cline Wade, Williams and Hall. Sandy Staples is expected to referee the game and it looks as if one of the best games of the season was in prospect.

The athletic authorities at U. N. B. have been informed that King's College and St. Francis Xavier are to play off Tuesday night at St. John's, N. S. for the championship of the Eastern Inter-Collegiate Hockey League.

There is a deadlock so far in the matter of a play-off between Acadia and U. N. B. in the Western Inter-Collegiate League. Acadia wants the play-off to take place Wednesday afternoon at Moncton.

Referees suggested by Acadia are Brundage of Sackville, Twaddle of Amherst or Jack Carroll of Moncton. U. N. B. suggested McDonald of Halifax but he has gone to Newfoundland.

Everything is set for the City Championships at the Victoria Rink tonight, and with a large entry list of the best speed skaters performing, along with the fact that the proceeds are for the local orphanages, there should be a record-breaking crowd present.

Edward Horton, champion hurdler of the world in ice skating, arrived in the city yesterday and will be seen in action tonight, and will perhaps make a record for the Old Victoria Rink.

Charles Gorman, another St. John representative who did well at Lake Placid and who got in the finals of the 200 yards race, will also be seen in the races. Tonight's championships are certainly one grand wind-up of the season's racing, and Frank White and those who have assisted him in promoting tonight's sports for such a worthy cause are assured of a real success.

AMHERST RAMBLERS BEAT SPRINGHILL

Special to The Standard. Amherst, N. S., March 1.—Amherst Ramblers won from Springhill this evening in a remarkably close contested game. The score in the first period was 1 to 1; 2nd period 2 to 3, and third period the Ramblers forged ahead and won by a margin of two goals.

Tracy, the Springhill net minder, saved the day time and time again, some of the stops were miraculous. Leslie Lowther and George Stewart were the Ramblers stars while James and Blundy Burden did stellar work for Springhill. Frank Brown handled the game satisfactorily to all.

A SUPPER MATCH. A match for the supper money was played last night on the St. Andrews curling ice by a Thistle and St. Andrews rink. The former rink won by thirteen points, the score being nine to six. Following is the score by the rink:

Thistles. St. Andrews. R. Barisch. E. A. Everett. H. G. Barnes. E. J. Pritchard. W. A. Shaw. J. U. Thomas. R. E. Crawford. Dr. Merrill. Skip. 19. Skip. 6.

"What was he pinched for?" "His father let him use the auto for an hour." "Well?" "He tried to ride an hour in fifteen minutes."

LIPTON'S CHALLENGERS HAVE ALWAYS HAD HARDEST LUCK

Shamrock I. Was Probably the Unluckiest of the Lot—Stuck in the Mud When Launched and Nearly Smashed by Barge—Shamrock II. Dismasted—Shamrock IV. Nearly Destroyed by Fire Last Week.

Think of the complications which would have developed if the Shamrock IV. had not escaped the flames at Jacob's yard at City Island last week! It was mighty fortunate that the challenger for the America's Cup was saved, for serious injury to the yacht might have led to the postponement of the races for another year. Sir Thomas Lipton's other Shamrocks also had some close shaves. The Shamrock I. probably was the unluckiest of the lot. First she stuck in the mud as she came off the ways at Erie Basin. Three days later, during a heavy blow, a cement barge which had dragged its anchor drifted down on the challenger and it looked as if the yacht would be smashed. But the Erie came to the rescue in time and towed the challenger out of harm's way.

The Shamrock II. was dismasted in a heavy wind off the Isle of Wight, the fall of the steel mast endangering the life of King Edward, who was on board. As a result of the mishap the cup races had to be postponed for a month. That the Shamrock III. had a serious trouble can't be remembered. That the fourth Shamrock was saved last week was due to extraordinary precautions against just such an accident as occurred at the yard. It is to be hoped that she comes through her trials with the twenty-three metre Shamrock in safety.

STANDINGS TO DATE OF THE CITY AND COMMERCIAL LEAGUES

Within a month of the conclusion of the bowling season the Sweeps aggregation are still leading in the City League on the Victoria alleys. The leaders so far this season have been going strong and the only team to down them for either three or four points have been the Ramblers who have been bowling steadily and it would be no surprise at the end of the season to see this team leading the league. Both the Thistles and the Lions have been keeping a steady stride but they do not seem to be able to cope with their leading opponents for a win so have to be contented with splitting even several times. The following is the standing to date:

Sweeps.	Won.	Lost.
Ramblers. 41	18	18
Thistles. 36	24	24
Lions. 35	25	25
Cubs. 29	31	31
Nationals. 24	32	32
Tigers. 16	36	36
McAvity's. 14	44	44

The five high average men so far are: R. McVeen, 100.30-45; T. L. Wilson, 98.35-45; H. Sullivan, 98.31-36; H. T. S. Simmes, 98.42-36; G. Maxwell, 97.47-45.

Miracle Man A Great Picture

The absorbing story of "The Miracle Man," which was staged by George M. Cohan to the delight of thousands of New York theatre-goers, has been adapted to the screen and opened at the Victoria yesterday. It is a Paramount-Artcraft picture of the finest class.

The central figure in the story is a patriarch in a little village who possesses the power to heal the sick and maimed. Tom Burke, a New York gangster, and his pals scheme to use him as a means of enforcing the law. With this view, they risk him and are astounded to discover that his power to heal is absolutely bona fide. How the good that lies latent in the crooks is brought out, is the theme of the drama, which is one of the most striking yet produced. Prominent in the strong cast are Thomas Meighan, Elmer Fair, Joseph J. Dowling and Betty Compson.

Law Enforcement. (Woodstock Sentinel-Review.)

According to the Ottawa Journal, the practice of tricking people into violating the law for the sake of securing convictions against them is employed, not only by the liquor license authorities, but by the Dominion Inland Revenue Department and other branches of the Government. It is a practice that should be discontinued. The power of Government should be used of enforcing the law, not to encourage violations of the law; to protect the innocent, not to lead people into temptation. The Police Magistrate of Hamilton has laid down the rule that he will not convict people accused of offenses against the Ontario Temperance Act when the only evidence against them is that of whiskey "spotters," who admit inducing people to break the law, and their evidence is contradicted. There may be need for such "spotters," but they should be restricted in their operations to legitimate means of securing evidence.

Belmont's Tracery Sold For \$179,670

One of the Largest Sums Ever Paid for a Horse and Low Exchange Rate Keeps Price from Reaching World's Record.

London, Feb. 28.—August Belmont, of New York, has sold Tracery, of \$25,000, or \$179,670. This is one of the largest prices ever paid for a horse, and if the rate of exchange were normal it would be a world's record price. Senor S. J. Unzu, of Buenos Aires, bought the noted stallion through a broker. He will be shipped to South America this spring. He is now standing at South Court Stud Farm.

Tracery was bred by Mr. Belmont. He is by Rock Sand out of Toplary, by Orme out of Pilsanerie. He is a beautiful brown, eleven years old. While racing he displayed an abundance of speed and stamina and won \$19,717 in purses. Among the stakes he captured were the Doncaster, St. Leger, Eclipse, Champion, St. James and Palace. In 1912 he finished third to Tagalle in the English Derby.

The highest price ever paid for any kind of a horse was \$309,000. This price, or £40,000, was paid by J. B. Joel for Prince Palatine in England a few years ago. Rock Sand was the highest priced horse ever bought or sold by an American until today's sale. Mr. Belmont sold him for \$150,000.

Tracery's Progeny. Tracery has many winners, several of which are now in America. Of these Cirrus, out of Morningstar, is probably the best known. He was bought in America by Harry Payne Whitney, who later sold him to S. C. Childreth for a price reported to be \$20,000. He has won several races, but has never shown the speed or stamina which he possesses. He is erratic and oftentimes raced as if he were suffering pain.

Another Tracery colt is Gath, out of Philistia. John Sanford bought him in England and later sold him for the proverbial song. He has a crooked leg. He won a few cheap races in George W. Loft colors and then changed stables by the selling race route. Montford Jones, the Western mining magnate, has a Tracery colt in Rouleau. He is out of Royal Cottage. He was imported by John E. Madden, and as a yearling showed tremendous speed and promise of being a championship contender. Early in his two-year-old form he displayed real good flights of speed. After selling him to Mr. Jones for a price reported to be \$15,000 Rouleau started a few times, but met with ill luck, and while preparing for the Futurity went wrong. Both Mr. Madden and Mr. Jones are confident he will do better in the three-year-old stakes this year.

S. C. Childreth has another Tracery colt in Alibi. He is a beautiful five-year-old black out of Aminta. He has shown good speed in his trials, but has not won any races.

Record Prices Paid.

Prince Palatine	\$208,000
Flying Fox	189,999
St. James	179,670
Hyline	157,500
Rock Sand	150,000
Ormeone	150,000
Artion (trotter)	125,000
