[To the Associated Press.]  
New York, June 10, p. m.  
The host is very oppressive and severe. Thunder showers last night in New Jersey and other sections are reported. Many buildings were struck and two persons killed by lightning.  
The Congressional committee on railroads and canals reported favorably on the bill to provide for the construction of a canal connecting the waters of Lake Michigan and the Illinois, Mississippi and Rock Rivers. The cost will be about \$4,500,000.  
It is believed the Senate will remain in special session after final adjournment of Congress to consider a reciprocity treaty with Canada.

LONDON, June 11.  
EGYPT AND TURKEY.  
The differences between the Khedive of Egypt and the Sublime Porte are serious, and intimate that grave complications in the East are probable.  
RUMANIA PROTECTS THE PRINCIPALITIES.  
The Governments of Germany, Serbia and Rumania have confidentially informed other European Powers that they have concluded an agreement to mutually protect their interests and positions against the designs of Turkey.

DEFEAT OF MACDONALD'S CABINET.  
The French Assembly yesterday, 345 to 337, adopted an amendment to the Municipal Electoral Bill, fixing the age of electors at twenty-one instead of twenty-five, defeating the Government on a vital provision of the bill.

THE BOMBARDEMENT DEPUTIES.  
The feeling against the Deputies in the Assembly is very bitter, so much so that the Deputies in their passage from Versailles to Paris had to be protected by a strong guard. There is a general weariness over the quarrel.

FIRE.  
The extensive cotton mills of Mosely & Mays, Manchester, England, have been destroyed by fire. Loss—\$200,000.  
A FIGHT IN PROSPECT.  
Twenty-five battalions of Carlists, with twelve guns, are posted between Estella and the Arga Valley, awaiting the Republicans, who are advancing from Tafalla.

Mr. Norman tells us that the present month is the most suitable for photographing private residences, as the foliage is not too thick. He has an outdoor staff to attend to work of this kind, and any order he may be favored with will have careful attention.

POLICE COURT ROOM.  
The City Police Court room and station are being whitewashed and scrubbed. They needed it badly enough, but it is about time the dingy old building was renovated or torn down altogether. The Police Committee was ordered, some time ago, to have the place fixed up and made decent, but does not seem inclined to set. Merely whitewashing an old building through which the water will come at the next heavy rain storm is not enough. Those who are compelled to spend some hours every day in the building will, however, appreciate the little improvements that the water will not come.

THE DAILY TRIBUNE and all the most popular Canadian, English and American newspapers and magazines can always be obtained at the bookstore of Mr. W. L. Crawford, King Street.

CONAR'S ROPEWALK.  
This ropewalk on the Marsh Road, a part of which was blown down during a gale last fall, is now rebuilt and in working order. An addition has been built, and the walk is now 550 feet long. Before the disaster hand power only was used in spinning, but now the work is done by horses. Ten hands are kept constantly busy, and the demand is always greater than Mr. Conar can supply. The rope made is very highly spoken of by the trade. Nearly all the mills round the city are supplied with lath from this manufactory, and no small quantity of hemp is required to tie up all the laths that are shipped from this port.

Breaking a Market Ordinance.  
Mr. Dean, deputy clerk of the market, made information at the Police Court this morning against one of the butchers who has a stall there for breaking one of the market laws by purchasing two quarters of mutton from the meat market a very short time after it had arrived and been exposed for sale. The law provides that meat must be exposed for sale six hours before a butcher has the right to purchase. This is to prevent any person or persons in the business buying up and

speculating in meats brought to market, and to give the citizens a chance to purchase it without paying two profits. The case will be investigated. Mr. Dean warned the man that he was breaking the law.

A well dressed Danubian, while at the Carmel fair, Thursday, quizzically observed to a shipping girl "from the country." "This is a very fine fair we are having," and was courteously met with the following rebuke: "Well, it is none of your d—d business, if we are."

"Dad, if I were to see a duck on the wing, and were to shoot it, would you lick me?" "O, no, my son; it would show that you were a good marksman, and I would be proud of you." "Well, then, dad, I peppered our old Muscovy duck as he was flying over the fence to-day, and it would have done you good to see him drop."
