Allies Take Prompt Measures to Ensure Neutrality.

All Her Ports Have Been Blockaded by the Allied Fleets, and Econo-mic and Commercial Facilities Are Suspended-Kitchener Held an Hour's Conference With Greek King and Met Premie

King and Met Premie LONDON, Nov. 22.—The Athens correspondent of the Havas News Agency in a despatch filed Saturday confirms the report that the Entente powers have declared a commercial bleckade of Greece. The announce-ment to this effect, made in the form of a note issued by the British Lega-tion at Athens, is given as follows: "Because of the attitude taken by the Hellenic Government in regard to certain questions touching closely the security and liberty of action to which the allied troops have the right under the conditions of their disem-barkation on Greek territory, the al-lied powers have deemed it necessary to take certain measures which will have the effect of suspending the economic and commercial facilities which Greece has received from them heretofore. "It is not the integrition of the allied heretofore.

"It is not the intention of the allied To show the intention of the alled powers to constrain Greece to aban-don her neutrality, to maintain which in their eyes, is the best guaranty of her interests. The allied Govern-ments have been somewhat disturbed broastic elumines to exclude more by certain allusions to eventual meas ures which, if taken by the Hellenia

ures which, if taken by the Hellenic Government, would appear to them to be contradictory to assurances they have received. "As soon as their doubts on that subject—due, no doubt, to a misun-derstanding—have been dispelled, the powers will be happy to remove the obstacles now opposed to the ar-rival of merchandise in Greece and to accord any facilities which result from normal relations." An Athens despatch to The Times says it is confirmed that the Entente Powers have imposed restrictions on Greek trade. The allied fleets, it is added, have already begun searching all steamers flying the Greek flag in the Aegean and Mediterranean. An Athens despatch to Reuter's Telegram Company says that Earl Kinchener, after an audience with King Constantine lasting more than an hour, conferred with Premier Skouloudis and left Athens at 6 o'clock Saturday evening. All the London morning papers make a feature of an interview given by Eleutherios Venizelos, the former Greek Premier, in Athens, Nov. 8, in which he said: "Two things seem quite clear to me—first, that Germany is bound to

Local military men think complica-tions would arise if Colonel Roosevelt were to lead an American brigade in the war.

A Toronto man who was arrested with the help of the military police for buying liquor for a soldier and making fifty cents profit over the transaction was fined \$300 and costs or three months in jail, in the Police Court.

Fire swept the village of St. George Beauce county, Que, destroying some seventy houses, rendering several hun-dred persons homeless, causing one child's death and doing property dam-age estimated at a total of \$300,000.

Is a right marker memy offensive believes that this enemy offensive was undertaken for political and not military purposes, being designed to impress the Roumanians. In Courland the wintry weather has put a stop to military activity. The Russians forced the Germans to retreat near the Poniewesch rail-way, west of Dvinsk. In the aban-doned trenches the Russians found arms, munitions, and dead. West of Riga violent artillery firing has again been resumed.
