

K/WORK I76296

Ottawa Feby 17, 1909

Sir,-

Enclosed herewith is a requisition for five hundred copies of each of three plans of Islands in Georgian Bay, Ontario, to be made by photo-lithography. The three plans in question are now with the Mortimer Company of this City and from whom we have received quotations. Their quotation for the above order is \$112.00 for each 500 copies, that is to say three hundred and thirty six (\$336.00) dollars for the whole order. If this price is a reasonable one and if there is no objection thereto I shall be obliged if you will be good enough to give the Mortimer Co., the order to execute the work at once. You can of course instruct them to prepare the copies from the plans already furnished to them by this Department. I may say that the plans are of a large size, measuring inside of the border 25" X 38" printed on 28 " X 42" paper. You will oblige me if you will specify the kind of paper which should be of a tough quality that will not crack or break easily.

Your obedient servant
