- 7. That the average rates per passenger mile and per ton mile for the carriage of passengers and freight, respectively, received by the Canadian Pacific were lower than those received for the same services by any combination of railway lines in the United States constituting a through route between the Atlantic and the Pacific Ocean.
- 8. That the wages paid by the Canadian Pacific in every branch of its service are at least as high as, and the cost of its rails, fuel and general supplies is higher than United States railway companies are required to pay, and in all of these items the increase in both Canada and the United States has been abnormal since the outbreak of the War.
- 9. That the Company's successful effort to keep its capitalization substantially below the real value of its property and assets deserves the commendation of the Canadian people and should not, in any case, be made a pretext for penalizing the Company when rates for the carriage of traffic, or other matters relating to general railway policy, are before Parliament or Government for consideration and decision.

The Shareholders and Directors of the Company have always been impressed with the idea that the interests of the Company are intimately connected with those of the Dominion, and no effort or expense has been spared to help in promoting the development of the whole Country.
