

- Hernia, inguinal—*cont.*
 indirect, 2
 interstitial, 55
 post-operative, 16
 recurrent, 16
 sac of, 3, 20
 with imperfectly descended testicle, 60
Hydrocele and imperfectly descended testicle, 64
Hypospadias and imperfectly descended testicle, 60
- IMPERFECTLY descended testicle, 50—88
 anatomy of, 57
 atrophy of, 58
 post-operative, 71
 Histology of, 62
 late descent of, 69
 physiology of, 61
 retraction of, 57
 post-operative, 71
 treatment of, 66
 varieties of, 53, 54
Incarcerated hernia, 40
Incomplete removal of sac, 17
Indications for operation, hernia, 21
 imperfectly descended testicle, 67, 68
 varicocele, 91
Indirect inguinal hernia, 2
Infants, operation for hernia in, 21
Infundibuliform fascia, 25
Inguinal canal, anatomy of, 5
 development of, 51
 security of, 5, 6
 structure of, 5—10
 with imperfectly descended testicle, 60
Intercolumnar fascia, 6, 8
 fibres, 8
 ligament, 10
Internal abdominal ring, 5, 11
 secretion of imperfectly descended testicle, 62
Interstitial hernia, 55
Irreducible hernia, 40
- LACERATION of sac during operation, 38
Ligament, intercolumnar, 10
 Poupart's, 7
- MALIGNANT growth of imperfectly descended testicle, 65
Mesorchium, 51, 59
Military service and inguinal hernia, 42
Muscles, cremaster, 25, 60
 external oblique, 7
 internal oblique, 5, 6
 repair of, 15
 transversalis, 5
 trauma, effect of, 15
- NECK of sac, 32
Neurosis and varicocele, 90
- OBLIQUE inguinal hernia, 1
