\$500 REWARD

So uniformly successful has Dr. Pierce's Favorite Prescription proven in all forms of Female Weakness, Prolapsus, or Falling of Womb, and Leucorrhea, that, after over a third of a century's experience in curing the worst cases of these disteressing and debilitating ailments, Dr. Pierce now feels fully warranted in offering to pay \$50c in cash for any case of these diseases which he cannot cure.

IT STANDS ALONE—The "Favorite Prescription" stands alone, as the one and only remedy for these distressingly common forms of weakness, possessed of such positively specific curative properties as to warrant its makers in proposing, and binding themselves to forfeit, as we, the undersigned proprietors of that wonderful remedy hereby do, to pay the sum of \$500 in legal money of the United States in any case of the above diseases in which after a fair and reasonable trial of our treatment, we fail to cure. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee; no other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its manufacturers in making such an offer; no other remedy has such a record of cures on which to base such a remarkable offer.

Therefore, insist on having Dr. Pierce's Favorite Prescription and turn your back on any unscruptleus dealer who would insult your intelligence by attempting to foist upon you some inferior substitute, under the plea that "it is just as good." Insist on having the article which has a record of a third of a century of cures and which is backed by those willing to forfeit \$500 if they cannot cure you.

In cases attended by a leucorrheal drain a solution of Dr. Pierce's Lotion Tablets should be used conjointly with the use of the "Favorite Prescription." They are sold by all druggists, or sent post-paid to any address, on receipt of 25 cents in stamps. Send 50 cents in stamps for Dr. Pierce. All correspondence is ledded and visier. Address World's Dispensary, Buffalo, N. Y.

him but he is a Well Man Now.

Mount Brydges, Ont., Jan. 9.—(Special.)—That Dodd's Kidney Pills oure Bright's Desease completely and permanently has been clearly shown in the case of Mr. Robert Bond, a well-known resident of this place. Mr. Bond does not hesitate to say he owes his life to Dodd's Kidney Pills. "My attending physician," Mr. Bond states, "said I was in the last stages of Bright's Disease and that there was no hope for me, I then commenced to use Dodd's Kidney Pills and no other remedy. I used in all about twenty boxes when my doctor pronounced me quite well. I have had no return of the trouble since." Bright's Disease is Kidney Disease in its worst form. Dodd's Kidney Pills always oure it. They also easily oure milder forms of Kidney Complaint.

It is time to prepare dinner. I enter the house, take badly preserved fish out of my scanty pantry, and boil it in water with a little salt. A nauseous odor emanates from the kettle, but I long ago learned to be indifferent to it. Besides this, there is no choice, no other provisions being procurable. I eat because I am hungry, and leave the fish, as soon as my hunger is appeased, with disgust. I then imbibe once more the decoction of brick-tea and take up the reading of Shakespeare until it turns dark. I dress and go out for a walk near the house. No living soul can be seen on the street.
