

that they are short of animals for their lowing quotas. Prices are high, as the following quotations will show: Heavy draft horses, \$340 to \$330; agricultural and general purpose horses, \$160 to \$225; drivers, \$100 to \$200; expressors, \$160 to \$300; serviceable sound horses, \$30 to \$80.

LIVE STOCK.

A great many grass fed cattle are being brought on to the market at the present time. Many of them are of poor quality and the consequence is that the general trend of prices is lower. High class animals are, however, in great demand and the prices for them are kept on a high level. Choice butcher cows brought as high as \$6.25 a lb. in some instances, and some export cattle sold as high as \$7.25 a cwt. There were many sheep and lambs on the market, and a fair supply of hogs. Prices for the latter remain unchanged at \$9 f.o.b., and \$9.25 a cwt., fed and watered. The following quotations are given by local dealers:

Choice exporters—87 to 87.55; medium, \$6.35 to 86.75; ordinary quality, \$5.50 to 16.

Butcher cattle—Choice, \$6.50 to 17; medium, \$6 to 86.25; ordinary, \$5.25 to 85.75; cows, choice, \$5.50 to \$6.25.

Feeders, choice, \$5.50 to \$5.65; bulls, \$3.50 to \$4; canners, \$2 to \$2.50.

Milk cows, choice—\$45 to \$75; springers, \$25 to \$40; ordinary quality, \$20 to \$45; calves, \$3 to \$6.25.

Sheep, ewes—\$4 to \$5.25; bucks, \$3.50 to \$4; lambs, \$1 to \$1.75 a cwt.

Hogs, f.o.b., \$9; fed and watered, \$9.25 a cwt.

The Trade Bulletin's London correspondent cables: "Canadian bacon, unchanged, 70s to 74s."

MONTREAL HOG MARKET.

Montreal, Saturday, June 18th.—The market for live hogs opened firm this week with supplies comparatively light, and the dealers were obliged to quote a premium for selected lots weighed off cars, but towards the end of the week, with increased supplies, the market eased off and prices declined somewhat. A drop of the offerings selling at \$9.75, a price of one-quarter of a cent a lb. Eastern prices are looked for next week, as heavy receipts are anticipated.

The demand for dressed hogs is fair, and quotations have remained steady all through the week, at \$13.50 to \$14.75 a cwt. for fresh killed shaiter stock.

EXPORT BUTTER AND CHEESE.

Montreal, Saturday, June 18.—There was a lull in the demand after last week's brisk trading, and before the week well advanced, it was quite evident that prices would have to be reduced to bring on the demand from Great Britain again. That the local dealers realized this was quickly evident at country points where limits were being reduced every day, and on Thursday at Brockville the offerings were all sold at 10¢ a lb. This price ruled at practically all the markets in Eastern Ontario, except the West, which is selling at around 10¢ a lb. Now, that we are back to a lower level again, and the British trade is taking more interest, and a good sized demand has sprung up, and is calculated to keep prices fairly steady until it is satisfied.

The receipts this week were very heavy, the total amounting to 84,505 boxes, actually 15 per cent greater than for the corresponding week last year. How long this increased make is going to be maintained remains to be seen, but it looks very much as if we were beginning to get near to last year's figures, now and then in a couple of weeks the receipts into Montreal are about the same. The fact of the matter is that our early season has thrown us out in our calculations, and the flush of the make, which is now on, is up against the make of a couple of weeks prior to the flush of the make last year, and we should consequently see the near future of the first half of the year, and the total output for the first half of the summer should be fully equal to that of last year, but it is difficult to say just how the latter half will turn out.

The butter market this week was simply overloaded with supplies, and early in the week prices tended to drop until retail at 27¢ a lb. in the city; in the country the top price paid was 22¢ a lb.
