THE MEN'S RESIDENCE

### You Can Attend this College

**Because** five months' holidays in the summer give many students an opportunity to earn money to meet college expenses of the following year.

**Because** all first-year students are paid for the work they do on the farm. This helps to pay expenses.

**Because** if you wish to take the Four-Year Course for the Degree of B.S.A. matriculation standing is not necessary.

## We Live in Perilous Times

None realize it more than the Ontario farmer. His is one of the three principles of defence upon which all others rest, and he is putting forth every effort to safeguard the nation. **Nothing will assist him more in this noble work than to send his son to the College for one winter or more.** He will gather ideas and information which will stand for greater enthusiasm, the latest practical methods as proven by actual experience, and bigger and better crops from the old homestead.

This will increase the farm produce and profits, not alone: it will develop the young man himself. **Give him his chance.** Let him get out to rub shoulders with other young men from all parts of Canada. It will broaden his viewpoint and will hasten the development of a fine, strong, intelligent manhood. The Provincial Government makes it as easy as possible by keeping the expense at an extremely low figure. The outlay will be repaid a hundred fold. **We must organize for success after the war.** A scientific agricultural education will pay the young man and it will pay the nation.
