A VALUABLE DISCOVERY.—An out this lady at Ailsa Craig is said to prepare a salve, which cures all manner of ulcerated or running sores, including king's evil and cancer. Would recommend any one requiring it to write to Mr. T. Atkinson, Ailsa Craig.

THE Russian Court invited Dr. Ayer and his family to the Archduke's wedding in the Royal Palace. This distinction was awarded him not only because he was an American, but also because his name as a physician had become favorably known in Russia on its passage round the world.—

HAMS AND BACON .- O'Meara, Bros. Hams and Bacon.—O'Meara, Bros. have on show at the fair a splendid collection of hams and spiced bacon, as also cakes of reduced lard and pressings. Their exhibit was much admired by those who claim to be judges in this line, and no doubt they will receive the usual number of prizes. What they have on show is not got up expressly for the Fair. It is simply a portion of the stock they have shipped to Eneland. to England.

THE PULLMAN SHOW .- This show, which is announced to appear on the artillery grounds, in this city, on Monday, the 6th inst., is thus spoken of by the Ottawa Free Press:- " As announced in our issue yesterday, the Pullman & Co.'s London Humply Dumpty Show, held forth to a large audience in the afternoon, in fact the canvas was well packed, and immediately at the close of the entertainment, Mons. at the close of the entertainment, Mons. Allen, the graceful and daring gymnast, took his flight upward, like a bird, with his monster balloon, "Excelsior." It was a sight once looked upon never to be forgotten. At she signal, the guy ropes wese cast loose, and the balloon shot up nearly a mile in the air, at the same time suspended on his ærial perch sat the intrepid Allen, and as she floated gracefully over the city, he went on performing his gyrations and tricks, just as cool, and with as much grace as he would have done under the canvass. This is one of the most thrilling, daring acts ever witnessed.

BARLEY—Is in good demand, with very light supplies. For malting purposes a good sample will fetch \$1.20 per cental. Shippers seldom pay over 95c.

HAY—Comes to hand pretty freely and sells at \$8 to \$9 per ton.

BUTTER—Has been pretty plentiful and is a shade weaker. Rolls are worth 14c to 16c; crock 12 to 13c; kegs from 9c to 12c.

EGGS—Have been received in quantities about equal to the demand. Prices remain without material change at 11c to 13c per doz.

FLOUR—Has been advanced 25c per lundred since our last report. moder the canvass. This is one of the most thrilling, daring acts ever witnessed. Last evening, long before the doors were opened, the Square was a mass of living ani mation. As soon as the wagon was opened for the sale of tickets, a scene was presented that beggars description. Yet amid all the postling and pushing, Mr. Pullman says he never looked upon a more jovial lot of people. As large as the tent is, and even with the extra provision made for seating, there was not room enough for the imthere was not room enough for the immense crowd, and hundreds went hom last night disappointed, being unable to obtain admission. Time and again Mr Pullman, who stood at the door, refused money; he told the people that the ter was packed, and that he had no desire t take money when he could not give value for it. In noticing the performance we can simply reiterate what the press has given utterance to, wherever this show he given utterance to, wherever this show he appeared; they perform all, and morthan they advertise, and every act done in a style that challenges competition. To witness the acts of the O'Brien family—the Boissett family, or those of M'l Realte, the modern Hercules, or that of Mr. Fred. Levantine, is also worth doubthey wice of admission. It is truly a lit Mr. Pullman, to the public. Don't raise the balloon ascension this afternoon, and the last performance to-night."

REMARKABLE RESULTS FOLLOW.—Pai ceases, swellings subside, fever abates, an a healthy state exists after using this grea and wonderful preparation known of Thomas' Eclectric Oil. Thousands testif Thomas' Eclectric Oil. Thousands testify to the happiness resulting from the use of this preparation. Why not procure a bottle at once. The cost is trifing, and effect sure. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It poistively cures catarrh, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters received from different parts, which, we think, should be sufficient to satisfy the most sceptical:

parts, which, we think, should be sufficient to satisfy the most sceptical:

Thomas Robinson, Farnham Centre, writes: "I have been afflicted with Rheumatism for the last ten years, and 'ave tried many remedies without any relief, until I tried "Dr. Thomas' ECLECTRIC OIL,' and since then have had no attack. I would be a seen and it at all." See what the median recommend it to all." See what the medical faculty say: Dr. Beaudian, Hull, P. Q., says: "I have sold 'Thomas' Eclectric Oil' for two years, and I never sold a medicine which has given more thorough satisfaction. I have used it in my own case on a broken leg and dislocated ankle, with

a broken leg and dislocated ankle, with the best results.

A. H. Gregg, manufacturer of Mowing Machines, Truemansburg, N. Y., says:

"My thumb was caught in a machine and badly injured, being away from home for two days, was obliged to apply such remedies as I could get, but without relieving the pain. Immediately upon reaching home I applied the Eclectric Oil, with almost instant relief. I have a large number of men employed, and your Oil has established for itself such a reputation that nearly every one of them keeps it."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Nerthrop & Lyman are blown in the bottle, and Take no other. Sold by all medicine dealers. Price 25 ets. NORTH-ROP & LYMAN, Toronto, Ont., Proprie-

Anybody can learn to make money rapidly operating in Stocks, by the "Two Unerring Rules for Success," in Messrs. Lawrence & Co.'s new circular. The combination method, which this firm has made so successful, enables people with large or small means to reap all the benefits of largest capital and best skill. Thousands of orders, in various sums, are pooled into one vast amount, and co-operated as a mighty whole, thus securing to each shareholder all the advantages of the largest operator. Immense profits are divided monthly. Any amount, from \$5 to \$5,000, or more, can be used successfully N.Y. Baptist Weekly, September 26th, 1878, says, "By the combination system \$15 would make \$5', or 5 per cent.; \$50 pays \$350, or 7 per cent.; \$100 makes \$1,000, or 10 per cent. on the stock, during the month, according to the market." Frenk Leslie's Hustrated Newspaper, June 20th: "The combination system is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs. Lawrence & Co. Brooklyn Journal, April 29th. "Our editor made a net profit of \$101.25 from \$20 in one of Messrs, Lawrence & Co.'s combinations." New circular (mailed free) explains everything. Stocks and bonds wanted. Government bonds supplied. Lawrence & Co., Bankers, 57 Exchange Place, N.Y.

Consumption and General Debility. From J. JAR VIS, Westminster.

From J. JARVIS, Westminster.

London, Sept. 2, 1879.

For nearly six years I had been suffering with severe lung disease and general exhaustion of the nervous system, which was thought to be a fatal case of consumption. My flesh wasted, and cough was constant, with frequent pulse and night-sweats; expectoration was abundant and of a purulent character. I had tried several doctors of this city without receiving any benefit. With these symptoms I consulted Dr. Wilson, Electropathic and Hygienic Physician, who, upon careful examination of my chest, both by percussion and ausculation, and also by the new method of Electical Diagnosis of the system, assured me of a favorable termination of my complaint. I put myself under his care, and received the electical applications—at first, daily, and afterwards tri-weekly; and I ampleased to state that in one month I was able to resume business duties. The effects upon me were very marked, and I can confidently speak in favor of Electropathic Treatment as given by P. Wilson, in all complaints of the chest, where the lung tissue is not too far disorganized. Mr. Jarvis is in good health at the present time.

N.B.—These testimonials of cures are given, not for the information of those who already know what the proper qualties of electricity can accomplish, but for those persons who have not had time to give attention to the London, Sept. 2, 1879.

NOTICE TO CONTRACTORS.

CEALED TENDERS addressed to the Secre-tary of Public Works, and endorsed "Ten-der for Canai and Lock at St. Anne," will be received at this office until the arrival of the Eastern and Western mails on Friday the list day of October next, for the construction of a

day of October next, for the construction of a Lock and the formation of approaches to it on the landward side of the present Lock at St. Anne.

A map of the locality, together with plans and specification of the works to be done, can be seen at this office and at the Resident Engineer's office, at St. Anne, on and after Suturday the 2th day of September next, at either of which places printed forms of Tender can be obtained.

Contractors are requested to bear in mind that Tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, except there are attached the actual signatures, the nature of the occupation and residence of each member of the same; and further, an accepted Bank cheque for the sum of \$2,000 must accompany the Tender, which sum shall be forfeited if the party tendering declines entering into contract for the works, at the rates and on the terms stated in the offer submitted.

The cheque thus sent in will be returned to the respective parties whose tenders are not accepted.

For the due fulfilment of the contract, satisfactory security will be required by the deposit of money to the amount of five per cent. on the bulk sum of the contract; of which the sum sent in with the Tender will be considered a part.

Ninety per cent, only of the progress estimates will be paid until the completion of the work.

To each tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become surieties for the carrying out of these conditions, as well as the due performance of the works embraced in the Contract.

This Department does not, however, bind itself to accept the lowest or any Tender.
